operates Shuker situates this discussion within the broader literature on collecting along with issues of cultural consumption social identity and the construction of self in contemporary society Record collecting is both fascinating in its own right and provides insights into broader issues of nostalgia consumption and material culture Summer of Love Christoph Grunenberg, Jonathan Harris, Jonathan P. Harris, 2005-01-01 Though more than a generation has passed since the revolutionary fervor of the Summer of Love of 1967 the 1960s in many ways seem with us still From recurring debates over the war in Vietnam to the perpetually appealing music of the Beatles and the Rolling Stone to the concern about youth drug use the legacy of the 1960s is ubiquitous in contemporary life The Summer of Love brings together an impressive group of historians artists and cultural critics to present a rich and varied interpretation of this seminal decade and its continuing influence on politics society and culture The Summer of Love which accompanies an exhibition at Tate Liverpool pays particular attention to the wildly creative psychedelic art of the era Perceptive essays on psychedelic comics graphic design and typography light shows and film successfully rescue psychedelic art from the fog of nostalgia and unjust critical neglect Distinguished contributors also explore the role of 1960s fashion and architecture and they consider anew the central influence of hallucinogenic drugs on the art of the era Running throughout the essays are the elements of epochal change from sexual liberation to student revolutions that still form the backdrop of our collective consciousness of the 1960s An incisive collection of writings on all aspects of 1960s art and culture tempered by time and critical distance The Summer of Love will be indispensable for those who wish they had been there or for those who were but can't remember it **Identity in Professional Wrestling** Aaron D. Horton, 2018-03-16 Part sport part performance art professional wrestling's appeal crosses national racial and gender boundaries in large part by playing to national racial and gender stereotypes that resonate with audiences Scholars who study competitive sports tend to dismiss wrestling with its scripted outcomes as fake yet fail to recognize a key similarity both present athletic displays for maximized profit through live events television viewership and merchandise sales This collection of new essays contributes to the literature on pro wrestling with a broad exploration of identity in the sport Topics include cultural appropriation in the ring gender non conformity national stereotypes and wrestling as transmission of cultural values **Superstar in a Masquerade** William Sargent, 2021-07-27 Superstar in a Masquerade tells the story about Leon Russell an award winning Rock and Roll Hall of Fame inductee who was born with cerebral palsy and learned to master the piano He became an in demand session man in Hollywood contributing to thousands of songs by hundreds of artists during his seven decade career He was called the Rainbow Minister Ringleader for the Hippie Generation and although most people can say they never heard of him few can say they've never heard him After reading this book you can play Three Degrees of Leon just like the game Six Degrees of Kevin Bacon linking him to anyone from B B King to ZZ Top As an emigre from Oklahoma to California he invited David Gates and J J Cale to join him in the music mecca known as Tinseltown where the Tulsa Trio made untold contributions to America's popular music Read about over five

hundred artists and their songs that Leon David and J J helped create as well as When seventeen year old Leon replaced Jerry Lee Lewis on stage in 1959 How Frank Sinatra caused Leon to let his hair grow How J J Cale played a role in the formation of the band Bread How Leon saved Joe Cocker s career and created Willie Nelson s famous image When Elton John was Leon s opening act on tour Why DC Comics sued Leon s record label for 2 million When David Gates s band backed Chuck Berry on stage in 1961 When Leon brazenly threw the F bomb at Phil Spector When Leon called organized Christianity the single most harmful force in history What Broadway song Leon borrowed from for This Masquerade *Turn on Your Mind* Jim

DeRogatis,2003-01-01 Book Turn On Your Mind Four Decades of Great Psychedelic Rock is a history and critical examination of rock s most inventive genre Whether or not psychedelic drugs played a role and as many musicians say they ve used them as not psychedelic rock has consistently charted brave new worlds that exist only in the space between the headphones The history books tell us the music s high point was the Haight Ashbury scene of 1967 but the genre didn t start in San Francisco and its evolution didn t end with the Summer of Love A line can be drawn from the hypnotic drones of the Velvet

Underground to the disorienting swirl of My Bloody Valentine from the artful experiments of the Beatles Revolver to the flowing otherworldly samples of rappers P M Dawn from the dementia of the 13th Floor Elevators to the grungy lunacy of the Flaming Lips and from the sounds and sights at Ken Kesey s 60s Acid Tests to those at present day raves Turn On Your Mind is an attempt to connect the dots from the very first groups who turned on tuned in and dropped out to such new millennial practitioners as Wilco the Elephant 6 bands Moby the Super Furry Animals and the so called stoner rock and ork pop scenes
