(Bhikshu), Sangharakshita, 1995 Sangharakshita strongly believes that the Buddha's fundamental teachings are relevant to modern Western men and women In this book he describes some specific methods of personal development a radical blueprint for a new society and the Buddha's vision of human existence Land of Beautiful Vision Sally McAra, 2007-04-30 Land of Beautiful Vision is the first book length ethnography to address the role of material culture in contemporary adaptations of Buddhism and the first to focus on convert Buddhists in New Zealand Sally McAra takes as her subject a fascinating instance of an ongoing creative process whereby a global religion is made locally meaningful through the construction of a Buddhist sacred place She uses an in depth case study of a small religious structure a stupa in rural New Zealand to explore larger issues related to the contemporary surge in interest in Buddhism and religious globalization Her research extends beyond the level of public discourse on Buddhism to investigate narratives of members of the Friends of the Western Buddhist Order FWBO about their relationship with the land analyzing these and the FWBO's transformative project through a thematic focus on key symbolic landmarks at their site Sudarshanaloka In considering cross cultural interactions resulting in syncretism or indigenization of alien religions many anthropological studies concentrate on the unequal power relations between colonizing and colonized peoples McAra extrapolates from this literature to look at a situation where the

underlying power relations are quite different She focuses on individuals in an organization whose members seek to appropriate knowledge from an Eastern tradition to remake their own society one shaped by its unresolved colonizing past
