K. Chesterton* Harold Bloom,2009 A collection of critical essays on G K Chesterton s work **The Historical Imagination of G.K. Chesterton** Joseph R. McCleary,2009-02-20 This study examines a selection of Chesterton s novels poetry and literary criticism and outlines the distinctive philosophy of history that emerges from these writings Specifically McCleary contends that Chesterton s recurring use of the themes of locality patriotism and nationalism embodies a distinctive understanding of what gives history its coherence **The Annotated Innocence of Father Brown** G. God & Money Charles McDaniel, 2007 God Money confronts the current dominant right wing Republican evangelical Christian view that unfettered market driven capitalism and Christian faith and values are compatible Drawing on such ethical luminaries as Reinhold Niebuhr G K Chesterton Peter Berger and John Paul II author Charles McDaniel shows that to reverse the current decline in public morality capitalism must be balanced by enduring religious and moral values Challenging the captivity of Christian culture by free market global capitalism McDaniel joins other Christian ethical visionaries in advocating a redemptive economy one that champions individual human dignity true community and the moral regeneration of cultural traditions in vital dialectic with the inevitable market capitalism of the contemporary world

Confession of a Catholic Michael Novak, 1985 Eighteen years after Vatican II this preeminent Catholic author called to account the values and policy of the Catholic church reevaluating some of the changes that he helped to effect and the impact of these changes on American Catholic life He concluded The world and its church looks far different now in 1983 from its reality in 1965 All is not well Originally published by Harper Row in 1983 Constructions of 'the Jew' in English Literature and Society Bryan Cheyette, 1995-10-26 Combining cultural theory discourse analysis and new historicism with readings of the works of major contemporary authors this study concludes that the Jew is characterized unstereotypically as the embodiment of uncertainty within English literature and society **Christianity, Patriotism, and Nationhood** Julia Stapleton, 2009-01-16 This book links the concepts of patriotism Christianity and nationhood in the journalistic writings of G K Chesterton and emphasizes their roots within the English attachments that were central to his political and spiritual persona It further connects Chesterton to the vibrant debate about English national identity in the early years of the twentieth century which was instrumental in shaping not only his political convictions but also his religious convictions

Christianity Patriotism and Nationhood explores his changing conception of the English people from an early menacing account of their revolutionary potential in the face of plutocracy to the more complex portraits he drew of their character on recognizing their political passivity after the First World War As Chesterton was above all a journalist the study considers some of the varied outlets in which he expressed his ideas as a distinctly Edwardian man of letters of a strongly patriotic persuasion His connection with The Illustrated London News over more than three decades proved pivotal in strengthening his patriotism and discourse of nationhood vilified elsewhere not least in advanced Liberal organs such as The Nation Julia Stapleton shows that he was increasingly distanced by fellow Liberals before 1918 on account of the priority he gave nationhood over the state and patriotism over citizenship But she argues that his English loyalties were the last echo of an aspect of Victorian Liberalism that had been progressively eroded by loss of confidence among elites in the democratic aptitude of the English people Christianity Patriotism and Nationhood emphasizes that Chesterton upheld a cultural rather than racial conception of national homogeneity in keeping with the Victorian sources of his thought and the popular patriotism of Edwardian England It argues that his anti semitism was ancillary rather than integral to his understanding of England and that it was matched by a similar conception of the antithesis between Islam and the patriotic ideal Stapleton relates his abiding concern for national authenticity to global imperialism enhanced international co ordination of states and civil society after 1918 and the increasing role of the British state in defining the nation This book will be valuable to intellectual and political historians of early twentieth century England as well as to scholars and students of English national identity in the twenty first century The author gratefully acknowledges the permission of A P Watt Ltd on behalf of the Royal Literary Fund to quote unpublished material in the Chesterton Papers British Library

Beloved Community Casey Nelson Blake, 2000-11-09 The Young American critics Randolph Bourne Van Wyck Brooks Waldo Frank and Lewis Mumford are well known as central figures in the Greenwich Village Little Renaissance of the 1910s and in the postwar debates about American culture and politics In Beloved Community Casey Blake considers these intellectuals as a coherent group and assesses the connection between their cultural criticisms and their attempts to forge a communitarian alternative to liberal and socialist politics Blake draws on biography to emphasize the intersection of questions of self culture and society in their calls for a culture of personality and self fulfillment In contrast to the tendency of previous analyses to separate these critics cultural and autobiographical writings from their politics Blake argues that their cultural criticism grew out of a radical vision of self realization through participation in a democratic culture and polity He also examines the Young American writers interpretations of such turn of the century radicals as William Morris Henry George John Dewey and Patrick Geddes and shows that this adversary tradition still offers important insights into contemporary issues in American politics and culture Beloved Community reestablishes the democratic content of the Young Americans ideal of personality and argues against viewing a monolithic therapeutic culture as the sole successor to a Victorian culture of character The politics of

selfhood that was so critical to the Young Americans project has remained a contested terrain throughout the twentieth century

Shadows of Hope Sam Smith, 1994 Chapters 1 and 2 deal with the campaign especially the myths the Clintonites created about themselves and the failings of the press and Clinton's first year in office including the failed nominations communication crises and the budget debate A comprehensive third chapter gives the first usable outline of Clintonism describing the ideology that lies behind the president's contradictory statements broken promises mutating policies and claims to rise above ideology Chapters 4 and 5 first dissect the Washington system and its immutability and then with numerous examples show how the American political culture frequently opposes its own interests

The Art of Detective Fiction NA NA, 2016-04-30 In the hands of many of the great writers the unravelling of mystery is only one strand within a complex project Other things get unravelled too the belief in a rationally explicable world in the beneficent ordering force of culture and civilization Constantly the detective story delights in muddying the waters in acknowledging the omnipresent possibilities of anarchy and carnage As a genre it is supremely able to combine popular appeal with the ability to disturb provoke and challenge the reader The essays in this volume all pay tribute to and seek to account for the astonishing durability of the detective story as a narrative genre They range generously taking a variety of theoretical approaches and including detective fiction in languages other than English but particular attention is paid to the Golden Age of English detective story writing and to the hard boiled American version of the genre This is a collection that will appeal to the scholar and to the devotee alike to all those in fact who cannot resist the lure of finding out whodunit
