Stained Glass Before 1700 in Upstate New York Meredith P. Lillich,2004 The present volume catalogues and illustrates all the stained glass produced before 1700 in the collections of Upstate New York It includes the glass in the Albright Knox Art Gallery and the Memorial Art Gallery in Rochester in the Hyde Collection at Glen Falls in Ithaca College and predominantly in Corning where the Corning Glass Museum is well known for its exceptional collection and where also Christ Episcopal Church houses two interesting fifteenth century windows The catalogue covers a wide range of panels of French and English glass from the thirteenth fourteenth and fifteenth centuries and the collections are particularly strong in their holdings of later heraldic panels from the Lowlands and Switzerland In addition to a detailed examination of the glass Professor Lillich presents exhaustively researched histories of the individual panels and sheds much light on the formation of the different collections and the personalities who created them Every work catalogued is also illustrated accompanied by clearly presented restoration charts and many comparative illustrations **GA 47** Yukio Futagawa,1995

Contemporary Architects Ann Lee Morgan,Colin Naylor,1987 To strengthen the contemporary focus of this volume we have added about forty architects and have deleted some whose activity ceased before World War II In making these decisions we have been assisted by an Advisory Board As in the first volume we have continued to define the word architect very broadly so as to include planners theorists structural engineers and landscape architects whose work seems to be central to the enterprise of creating habitable spaces in our day Editor s note **The Emerging Generation in U.S.A.**
