Annual Report [with Accompanying Documents]. New York (State). Department of Agriculture,1895 The Making of Modern Georgia, 1918-2012 Stephen F. Jones,2014-03-14 When most of Eastern Europe was struggling with dictatorships of one kind or another the Democratic Republic of Georgia 1918 1921 established a constitution a parliamentary system with national elections an active opposition and a free press Like the Democratic Republic of Georgia in 1918 its successors

emerged after 1991 from a bankrupt empire and faced yet again the task of establishing a new economic political and social system from scratch In both 1918 and 1991 Georgia was confronted with a hostile Russia and followed a pro Western and pro democratic course The top regional experts in this book explore the domestic and external parallels between the Georgian post colonial governments of the early twentieth and twenty first centuries How did the inexperienced Georgian leaders in both eras deal with the challenge of secessionism what were their state building strategies and what did democracy mean to them What did their electoral systems look like why were their economic strategies so different and how did they negotiate with the international community neighbouring threats These are the central challenges of transitional governments around the world today Georgia s experience over one hundred years suggests that both history and contemporary political analysis offer the best and most interesting explanation of the often ambivalent outcomes
