Whitfield, 1969 *The Political Thought of Gabriel Bonnot de Mably* Johnson Kent Wright, 1990 *Gabriel Bonnot de Mably ... With a Portrait* Ernest A. WHITFIELD, Gabriel BONNOT DE MABLY, 1930 Gabriel Bonnot de Mably. With an Introd. by Harold J. Laski Ernest Albert Whitfield, 1930 Gabriel Bonnot de Mably Correspondence Gabriel Bonnot de Mably, Electronic Enlightenment Project, 2008 *A Classical Republican in Eighteenth-Century France* Johnson Kent Wright, 1997-06-01 This is an intellectual biography of Gabriel Bonnot de Mably 1709 85 who emerges as a central figure in the history of republican thought in the era of the Enlightenment and the French Revolution This book has two related aims The first is to fill an important gap in historical scholarship Although Mably whose career as a historian and political theorist stretched from 1740 to the eve of the French Revolution clearly played a major role in the intellectual history of his era there has been no study of his life and thought in English for nearly seventy years At the same time the book seeks to advance a novel interpretation of Mably s thought He has most often been portrayed in two sharply contrasted ways either as one of a handful of utopian communists and a precursor of nineteenth century socialism or as a deeply conservative enemy of the Enlightenment This study sets forth a different reading of Mably s thought one that shows him to be a classical republican in the sense this term has acquired in recent years for students of early modern political thought Mably was the author of the most comprehensive and influential body of republican thought produced in eighteenth century France a claim with implications that go beyond the merely biographical These are explored in a final chapter which draws some conclusions about the character of classical republicanism in France and about the French contribution to the republican tradition in Europe **International Law and Peace Settlements** Marc Weller, Mark Retter, Andrea Varga, 2021-02-04 International Law and Peace Settlements provides a systematic and comprehensive assessment of the relationship between international law and peace settlement practice across core settlement issues e g transitional justice human rights refugees self determination power sharing and wealth sharing The contributions address key cross cutting questions on the legal status of peace agreements the potential for developing international law and the role of key actors such as non state armed groups third state witnesses and guarantors and the UN Security Council in the legalisation and internationalisation of settlement commitments In recent years significant scholarly work has examined facets of the relationship between international law and peace settlements through

concepts such as *jus post bellum* and *lex pacificatoria* International Law and Peace Settlements drives forward the debate on the legalisation and internationalisation of peace agreements with diverse contributions from leading academics and practitioners in international law and conflict resolution

The Cambridge History of Eighteenth-Century Political Thought Mark Goldie, Robert Wokler, 2006-08-31 Publisher description *A Universal Biographical Dictionary* Charles N. Baldwin, 1825

The 17th and 18th Centuries Frank N. Magill, 2013-09-13 Each volume of the Dictionary of World Biography contains 250 entries on the lives of the individuals who shaped their times and left their mark on world history This is not a who's who Instead each entry provides an in depth essay on the life and career of the individual concerned Essays commence with a quick reference section that provides basic facts on the individual's life and achievements The extended biography places the life and works of the individual within an historical context and the summary at the end of each essay provides a synopsis of the individual's place in history All entries conclude with a fully annotated bibliography

Trading with the Enemy John Shovlin, 2021-06-08 A ground breaking account of British and French efforts to channel their eighteenth century geopolitical rivalry into peaceful commercial competition Britain and France waged war eight times in the century following the Glorious Revolution a mutual antagonism long regarded as a Second Hundred Years War Yet officials on both sides also initiated ententes free trade schemes and colonial bargains intended to avert future conflict What drove this quest for a more peaceful order In this highly original account John Shovlin reveals the extent to which Britain and France sought to divert their rivalry away from war and into commercial competition The two powers worked to end future conflict over trade in Spanish America the Caribbean and India and imagined forms of empire building that would be more collaborative than competitive They negotiated to cut cross channel tariffs recognizing that free trade could foster national power while muting enmity This account shows that eighteenth century capitalism drove not only repeated wars and overseas imperialism but spurred political leaders to strive for global stability

Style and Performance for Bowed String Instruments in French Baroque Music Mary Cyr, 2016-04-01 Mary Cyr addresses the needs of researchers performers and informed listeners who wish to apply knowledge about historically informed performance to specific pieces Special emphasis is placed upon the period 1680 to 1760 when the viol violin and violoncello grew to prominence as solo instruments in France Part I deals with the historical background to the debate between the French and Italian styles and the features that defined French style Part II summarizes the present state of research on bowed string instruments violin viola cello contrebasse pardessus de viole and viol in France including such topics as the size and distribution of parts in ensembles and the role of the contrebasse Part III addresses issues and conventions of interpretation such as articulation tempo and character inequality ornamentation the basse continue pitch temperament and special effects such as tremolo and harmonics Part IV introduces four composer profiles that examine performance issues in the music of Elisabeth Jacquet de La Guerre Marin Marais Jean Baptiste Barri re and the Forquerays father and son The diversity of compositional styles among

this group of composers and the virtuosity they incorporated in their music generate a broad field for discussing issues of performance practice and offer opportunities to explore controversial themes within the context of specific pieces

Economic Analyses in Historical Perspective José Luís Cardoso, Heinz D. Kurz, Philippe Steiner, 2017-11-13 This book brings together leading scholars of the history of economic thought to demonstrate the vitality and richness of a discipline that welcomes both practitioners of intellectual contextual history as well as specialists in the historical explanation of the analytical and theoretical dimension of economic science They shed new light on a variety of themes and problems and move the frontier of knowledge in the areas covered Economic Analyses in Historical Perspective is presented in three parts The first deals with French traditions in economics a field that Gilbert Faccarello has tilled for many years and to which he has made numerous contributions The second turns to the dissemination and diffusion of economic ideas and theories across national borders and thus to the European and even global level Finally the third part deals with analytical developments in some selected fields of economics public economics monetary policy trade theory and spatial economics This volume is of great importance to those who study history of economic thought political economy and monetary economics The chapters centre around the work of Gilbert Faccarello making this book a fitting tribute to his academic career on the history of economic theory and ideas

James Madison and the Spirit of Republican Self-Government Colleen A. Sheehan, 2009-01-12 In a study that combines an in depth examination of Madison s National Gazette essays of 1791 2 with a study of The Federalist Colleen Sheehan traces the evolution of Madison s conception of the politics of communication and public opinion throughout the Founding period demonstrating how the sovereign public would form and rule in America Contrary to those scholars who claim that Madison dispensed with the need to form an active and virtuous citizenry Sheehan argues that Madison s vision for the new nation was informed by the idea of republican self government whose manifestation he sought to bring about in the spirit and way of life of the American people Madison s story is the story of an idea the idea of America

The Enlightenment that Failed Jonathan Israel, 2019 Radical and conservative Enlightenment ideologies began to break apart as the desire for a fair society clashed with questions of religion and secularization The Enlightenment that Failed shows how ideas promoting the interest of society as a whole came to be almost defeated by ideas buttressing the interests of the privileged few

Inventing the French Revolution Keith Michael Baker, 1990-01-26 How did the French Revolution become thinkable Keith Michael Baker a leading authority on the ideological origins of the French Revolution explores this question in his wide ranging collection of essays Analyzing the new politics of contestation that transformed the traditional political culture of the Old Regime during its last decades Baker revises our historical map of the political space in which the French Revolution took form Some essays study the ways in which the revolutionaries break with the past was prepared by competition between agents and critics of absolute monarchy to control the cultural resources and political meanings of French history by the contending political vocabularies in which the French sought before 1789 to reconstitute

their body politic and by the invention of public opinion as a new form of political authority displacing absolute rule Others trace to the conceptual improvisation of revolutionary notions of representation constitution sovereignty and of the French Revolution itself the ambiguities tensions and contradictions that were to drive the revolutionary dynamic in subsequent years The result is a substantial and unified set of studies stimulating renewed reflection on one of the central themes in modern European history
