Gabriels Ark:

Gabriel's Palace ,1993 Over 150 tales from the Talmud the Zohar Jewish folktales and Hasidic lore *The Return of Gabriel* Richard V. Shriver,2005-11-03 This collection of letters is a continuation of my earlier collection The Gabriel Letters I stumbled on the idea of writing imagined letters from an archangel advising a young guardian while reading an introduction to C S Lewis Screwtape Letters It has been a marvelous way perhaps delusional of standing back and imagining that I can see the world through angel eyes The amazing result for me has been a sense of objectivity and good will The intended purpose of the letters is to apply to all things the idea of Gods complete love self sacrificing eternal parent like love This idea is the center of Christianity It is Jesus message and it is St Pauls good news If we desire to be Christian we should begin it seems to me by attempting to apply Jesus teachings to all things to our behavior to our human relationships especially family to our work and our business dealings to the way we run our churches and to the way we study the scriptures If we take Jesus seriously we must reevaluate much of the Bible the parts which are not specifically the teachings of Jesus Jesus Himself questioned much of the scriptures These letters cover a variety of subjects many of them Biblical Some Biblical passages need correction in light of Jesus ideas Some Biblical passages are so marvelous that we need to lift them to the sky and shout Look at this Some Biblical passages are confusing and we need to wrestle with them But in all we should be trying to see them through Jesus eyes To see through Jesus eyes is I suspect what the true Gabriel wants and it is the intent of this book Richard V Shriver *The Archangel Gabriel* Emanuel Marcos Cruz E Prado,2021-07-22 The Angel Gabriel tells his own story It is a book of revelation of the mysteries of the universe and human life Revelations are in every chapter Each sentence and each event narrated has a broader and deeper meaning Whoever has greater clarification will identify for himself the revelation that fits him At the end a beautiful fiction story will remain in the memory of all readers We will see the history of angels knowing their names and functions on the celestial plane translated for our time In this book we create an initial life for the Angel Gabriel in order to locate in time and space the beginning of a story that could have happened which will make us familiar with the events and remove any aura of mystery We deal with controversial philosophical and esoteric themes We started to debate science fiction and studied the universe and the main constellations seen from the earth We study the heavenly plans and the creation of our world Our aim is not religious or of any other racial philosophical or theological nature It is a pure work of concepts and full of healthy esoterism Many controversial topics are treated independently and it is up to the reader to choose the way to interpret that he she sees fit It is a wonderful journey into existence as well as the outside of the planet passing through the astral planes and the realms of time The four elements are present earth air water and fire as well as the esoteric teachings of Hermes Trimegistus It is worth buying this ticket Good reading Gabriel Omar Han, Gabriel The Messenger of Divine Revelation By Omar Han For centuries Angel Gabriel Jibril AS has been the divine messenger who shaped human history delivering Allah s revelations to the prophets and guiding them through their missions
