Tributación de las adquisiciones intracomunitarias de bienes en el Impuesto sobre el Valor Añadido Arribas León, Mónica, 2010-01-01 El régimen transitorio del IVA que se implantó con vocación coyuntural ha pasado a asentarse en las legislaciones internas de los Estados miembros de la Unión Europea sin que previsiblemente el principio de imposición en origen se pueda convertir en una realidad a corto plazo El cumplimiento de este principio se ha articulado a través de la creación de un nuevo hecho imponible conformado por las adquisiciones intracomunitarias de bienes En esta obra se analiza su régimen jurídico y los principales problemas que plantea su aplicación Se caracteriza por ser un sistema complejo que presenta numerosos problemas en su funcionamiento el fraude y los supuestos de responsabilidad la exención de las operaciones triangulares las reglas de localización y devengo son algunas de las cuestiones que se afrontan en sus páginas Las dificultades interpretativas son innumerables y prueba de ello son las abundantes consultas que se plantean a la Administración Tributaria El presente es un trabajo académico que sigue paso a paso la realidad de las adquisiciones intracomunitarias de bienes junto a la doctrina la jurisprudencia y los pronunciamientos de la Dirección General de Tributos Esto junto a la permanencia del sistema transitorio y a los inconvenientes que plantea su aplicación hace de este un libro especialmente útil para los profesionales del Derecho

Infanti, 2022-01-04 How tax law perpetuates injustice but might instead be used as a powerful force for creating a more just and equitable society The relationship between tax law and society Anthony C Infanti asserts is too often overlooked by those who work outside of the field of fiscal policy Yet the way a country collects and spends its revenue can be viewed as a quantifiable reflection of how a country sees itself sending messages about both what it values now and what it aspires to be in the future Tax and Time sheds light on two of the most misunderstood universal human experiences time and taxes Anthony C Infanti asserts that time in tax law is the product of pure imagination and calls into question the world beyond time that we have created for ourselves Written with clarity and powerful insight Tax and Time demonstrates how the tax laws have been used to imaginatively manipulate time in ways that perpetuate economic and social injustice With its social justice focus the book brings a sorely needed critical perspective to technical tax policy discussions Infanti calls for a systematic reexamination and reworking of the relationship between time and tax law asserting that the power of the legal imagination to manipulate time in tax law can both correct past injustices and help us to envision and actually work toward a better and more just society **Retenciones e ingresos a cuenta en el impuesto sobre la renta de las personas físicas** Gracia María Luchena Mozo, 1997 **Mutual Assistance for the Recovery of Tax Claims** Maria Amparo Grau Ruiz, 2003-01-14 In depth analysis of the potential powers and necessary limits of the mutual assistance function at the national administrative level Includes recommendations for the strengthening and effectiveness of mutual assistance procedures considers the growing role of multilateral treaties and envisions the possibility of an international fiscal court **Guía del impuesto sobre la renta de no residentes** Néstor Carmona Fernández, 2007-03 En un nico volumen una visi n completa y did ctica de la fiscalidad de las rentas obtenidas por las personas f sicas y entidades no residentes en Espa a y de la incidencia que sobre esta materia poseen los convenios internacionales de doble imposici n Boletín semanal de la Revista general de legislación y jurisprudencia, 1919 **Regularización y delito contra la Hacienda Pública: Cuestiones prácticas.** Fernando Bertrán Girón, 2021-09-15 El art 31 de la Constituci n espa ola de 1978 establece el denominado deber tributario que es tutelado penalmente a trav s del delito contra la Hacienda P blica regulado en el art 305 de nuestro C digo Penal La obra analiza la regularizaci n abordando la misma desde un punto de vista eminentemente emp rico asociado a la actividad profesional de su autor Se parte del derecho positivo sin que el trabajo cuestione la propia existencia de la regularizaci n muy debatida entre nuestra doctrina aunque s trate de indagar sobre las razones que pueden justificar que se encuentre regulada en nuestro derecho positivo La monograf a trata de abordar desde esta ptica las siguientes cuestiones i cuales han sido los antecedentes que nos han llevado hasta la regulaci n actual ii qu requisitos posibilitan su aplicaci n iii qu razones pueden justificar su existencia iv cu l es su naturaleza jur dica y en suma v
