visual culture With contributions of Rika Iezumi Hiro Ruo Jia Burglind Jungmann Hong Kal Stephen McDowall Alison J Miller Jessica Nakamura Eunyoung Park Travis Seifman and Linh D Vu **Memory & Oblivion** A.W. Reinink, Jeroen Stumpel, 2012-12-06 Memory is a subject that recently has attracted many scholars and readers not only in the general historical sciences but also in the special field of art history However in this book in which more than 130 papers given at the XXIXth International Congress of the History of Art Amsterdam 1996 have been compiled Memory is also juxtaposed to its counterpart Oblivion thus generating extra excitement in the exchange of ideas The papers are presented in eleven sections each of which is devoted to a different aspect of memory and oblivion ranging from purely material aspects of preservation to social phenomena with regard to art collecting from the memory of the art historian to workshop practices from art in antiquity to the newest media from Buddhist iconography to the Berlin Wall The book addresses readers in the field of history history of art and psychology The Routledge Handbook of Shakespeare and Memory Andrew Hiscock, Lina Perkins Wilder, 2017-08-09 The Routledge Handbook of Shakespeare and Memory introduces this vibrant field of study to students and scholars whilst defining and extending critical debates in the area The book begins with a series of Critical Introductions offering an overview of memory in particular areas of Shakespeare such as theatre print culture visual arts post colonial adaptation and new media These essays both introduce the topic but also explore specific areas such as the way in which Shakespeare's representation in the visual arts created a national and then a global poet The entries then develop into more specific studies of the genre of Shakespeare with sections on Tragedy History Comedy and Poetry which include insightful readings of specific key plays The book ends with a state of the art review of the area charting major contributions to the debate and illuminating areas for further study The international range of contributors explore the nature of memory in religious political emotional and economic terms which are not only relevant to Shakespearean times but to the way we think and read now Armed Memory Gabriella Erdélyi, Günter Frank, Ute Lotz-Heumann, Barbara Mahlmann-Bauer, Johannes Schilling, Günther Wassilowsky, Siegrid Westphal, Tarald Rasmussen, Mathijs Lamberigts, Bruce Gordon, David M. Whitford, 2015-12-09 The edited volume aims to re contextualize revolts in early modern Central and Southern Europe Hungary Croatia Czech Lands Austria Germany Italy by adopting the interdisciplinary and comparative methods of social and cultural history Instead of structural explanations like the model of state building versus popular resistance it wishes to put back the peasants themselves to the historical narratives of revolts Peasants appear in the book as active agents fighting or bargaining for freedom which was a practical issue for them Nonetheless the language of lord peasant negotiation was that of religion just as official punishments used Christian symbols The approach of revolts as the events of collective violence also highlights the experiences and memories of participants How did individuals and groups use remembering and forgetting as a means of forging an identity for themselves Instead of the narratives of the powerful that became the normative stories of history the perspective of the rebels uncovers the everyday faces of revolts more forcibly Finally

contributors examine how later narrators used the rebels for their own purposes in other words the subsequent representation of the revolts and their leaders in image literature and historiography comes to the fore The volume aims to overcome disciplinary boundaries by bringing together historians and scholars of related disciplines including the history of literature the visual arts and anthropology The central contention of the volume the cultural imprint of peasant revolts is fully addressed thereby filling a conspicuous gap in the currently available literature **Panamanian Museums and Historical Memory**
