

65 Years of Gallup Polling

“If your party nominated a generally well-qualified person for president who happened to be a woman would you vote for that person?”

Gallup Poll Public Opinion 1978

Yanek Mieczkowski

Gallup Poll Public Opinion 1978:

Race, Crime, and Justice Shaun Gabbidon, Helen Taylor Greene, 2013-10-18 A comprehensive collection of the essential writings on race and crime this important Reader spans more than a century and clearly demonstrates the long standing difficulties minorities have faced with the justice system The editors skillfully draw on the classic work of such thinkers as W E B DuBois and Gunnar Myrdal as well as the contemporary work of scholars such as Angela Davis Joan Petersilia John Hagen and Robert Sampson This anthology also covers all of the major topics and issues from policing courts drugs and urban violence to inequality racial profiling and capital punishment This is required reading for courses in criminology and criminal justice legal studies sociology social work and race

Attitudes and Opinions Stuart Oskamp, P. Wesley Schultz, 2005-01-15 Notable advances resulting from new research findings measurement approaches widespread uses of the Internet and increasingly sophisticated approaches to sampling and polling have stimulated a new generation of attitude scholars This extensively revised edition captures this excitement while remaining grounded in scholarly research *Attitudes and Opinions* 3 e maintains one of the main goals of the original edition breadth of coverage The book thoroughly reviews both implicit and explicit measures of attitudes the structure and function of attitudes the nature of public opinion and polling attitude formation communication of attitudes and opinions and the relationship between attitudes and behaviors as well as theories and research on attitude change Over 2 000 references support the book s scientific integrity The authors second goal is to demonstrate the relevance of the topic to people s lives Subsequently the second part of the book examines many of the topics and research findings that are salient in the world today political and international attitudes including terrorism voting behavior racism and prejudice sexism and gender roles and environmental attitudes This thoroughly revised new edition features an entirely new chapter on implicit measures attitudes a new chapter on environmental attitudes updated opinion poll data throughout the book additional material on time trends in attitudes about many issues and expanded updated sections on international attitudes reflecting the events of 9 11 and the subsequent invasions of Afghanistan and Iraq *Attitudes and Opinions* broad and interdisciplinary perspective makes this an ideal text in courses on attitudes public opinion survey research or persuasion taught in a variety of departments including psychology communication marketing sociology and political science

Environmental Quality, 1980

Income-Tested Transfer Programs Irwin Garfinkel, 2014-05-10 *Income Tested Transfer Programs The Case for and Against* covers the proceedings of the 1979 conference of leading scientists sponsored by the Institute for Research on Poverty The contributors consider the contribution of social science knowledge and analysis in settling the arguments in the debate about the merits of income testing in transfer programs This text is divided into 13 chapters and begins with an overview of the history stigmatization processes and social cohesion of the program The succeeding chapters define the terms income tested and non income tested as well as the historical importance of the income testing issue The discussion then shifts to the development of both income

tested and non income tested programs in the United States These topics are followed by surveys of the income support system and the issues in the income testing debate The remaining chapters provide evidence that most Americans have too much income testing in the overall income maintenance system These chapters also present a reform agenda designed to reduce the role of income testing This book will be of value to social scientists social welfare workers and researchers

Equal Justice and the Death Penalty David C. Baldus, George Woodworth, Charles A. Pulaski, 1990 *Secularization in the Long 1960s* Clive D. Field, 2017 Using empirical research this study provides a clear guide to the current state of the debate surrounding secularization in Britain during the long 1960s **Education, Public Confidence, and the**

Legitimacy of the Modern State Hans N. Weiler, 1982 **New Wine in Old Wineskins** R. Stephen Warner, 1988-04-26 Exploring the roots of resurgent evangelicalism in the United States Stephen Warner tells the story of one small town church from 1959 to 1982 the Presbyterian Church of Mendocino California This book chronicles the actions of the men and women who struggled with and against one another to shape their church **Living with Leviathan** Linda L. M. Bennett, Stephen

Earl Bennett, 1990 Charting trends in American public opinion about big government from the 1930s to 1989 with emphasis on the last twenty five years they trace how we have adapted to a growing national government They analyze what these opinions tell us about changing themes in American political culture and document the significant differences in public opinion about big government the positive state and citizen s obligations **Enemies Within** Robert Alan

Goldberg, 2008-10-01 divdiv There is a hunger for conspiracy news in America Hundreds of Internet websites magazines newsletters even entire publishing houses disseminate information on invisible enemies and their secret activities subversions and coverups Those who suspect conspiracies behind events in the news the crash of TWA Flight 800 the death of Marilyn Monroe join generations of Americans from the colonial period to the present day who have entertained visions of vast plots In this enthralling book Robert Goldberg focuses on five major conspiracy theories of the past half century examining how they became widely popular in the United States and why they have remained so In the post World War II decades conspiracy theories have become more numerous more commonly believed and more deeply embedded in our culture Goldberg contends He investigates conspiracy theories regarding the Roswell UFO incident the Communist threat the rise of the Antichrist the assassination of President John Kennedy and the Jewish plot against black America in each case taking historical social and political environments into account Conspiracy theories are not merely the products of a lunatic fringe the author shows Rather paranoid rhetoric and thinking are disturbingly central in America today With media validation and dissemination of conspiracy ideas and federal government behavior that damages public confidence and faith the ground is fertile for conspiracy thinking DIV DIV **The ^A Age of Evangelicalism** Steven P. Miller, 2014-04-10 Steven P Miller explores the place and meaning of evangelical Christianity in the United States between 1970 and 2008

Statistical Reference Index , 1980 **Presidential Faith and Foreign Policy** W. Steding, 2014-11-19 This book explores

the relationship between the religious beliefs of presidents and their foreign policymaking Through the application of a new methodological approach that provides a cognetic narrative of each president this study reveals the significance of religion s impact on U S foreign policy

Astrology and Popular Religion in the Modern West Nicholas Campion,2016-04-15 This book explores an area of contemporary religion spirituality and popular culture which has not so far been investigated in depth the phenomenon of astrology in the modern west Locating modern astrology historically and sociologically in its religious New Age and millenarian contexts Nicholas Campion considers astrology s relation to modernity and draws on extensive fieldwork and interviews with leading modern astrologers to present an invaluable contribution to our understanding of the origins and nature of New Age ideology This book challenges the notion that astrology is either marginal or a feature of postmodernism Concluding that astrology is more popular than the usual figures suggest Campion argues that modern astrology is largely shaped by New Age thought influenced by the European Millenarian tradition that it can be seen as an heir to classical Gnosticism and is part of the vernacular religion of the modern west

The Court Vs. Congress Edward Keynes,Randall K. Miller,1989 Since the early 1960s the Supreme Court and its congressional critics have been locked in a continuing dispute over the issues of school prayer busing and abortion Although for years the Court s congressional foes have introduced legislation designed to curb the powers of the federal courts in these areas they have until now failed to enact such proposals It is likely that these legislative efforts and the present confrontation with the Court will continue Edward Keynes and Randall Miller argue that Congress lacks the constitutional power to legislate away the powers of the federal courts and to prevent individuals from seeking redress for presumed infringements of their constitutional rights in these areas They demonstrate that neither the framers nor ratifiers of the Constitution intended the Congress to exercise plenary power over the appellate jurisdiction of the Supreme Court Throughout its history the Court has never conceded unlimited powers to Congress and until the late 1950s Congress had not attempted to gerrymander the Court s jurisdiction in response to specific decisions But the authors contend this is just what the sponsors of recent legislative attacks on the Court intend and they see such efforts as threatening the Court s independence and authority as defined in the separation of powers clauses of the Constitution

Human Rights and United States Policy Toward Latin America Lars Schoultz,2014-07-14 The role of human rights in United States policy toward Latin America is the subject of this study It covers the early sixties to 1980 a period when humanitarian values came to play an important role in determining United States foreign policy The author is concerned both with explaining why these values came to impinge on government decision making and how internal bureaucratic processes affected the specific content of United States policy Originally published in 1981 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of

the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **Gerald Ford and the Challenges of the 1970s**

Yanek Mieczkowski,2005-04-22 History has not been kind to Gerald Ford His name evokes an image of either America's only unelected president who abruptly pardoned his corrupt predecessor or an accident prone man who failed to provide skilled leadership to a country in domestic turmoil In *Gerald Ford and the Challenges of the 1970s* historian Yanek Mieczkowski reexamines Ford's two and a half years in office showing that his presidency successfully confronted the most vexing crises of the postwar era Surveying the state of America in the 1970s Mieczkowski focuses on the economic challenges facing the country He argues that Ford's understanding of the national economy was better than that of any other modern president that Ford oversaw a dramatic reduction of inflation and that his attempts to solve the energy crisis were based in sound economic principles Throughout his presidency Ford labored under the legacy of Watergate Democrats scored landslide victories in the 1974 midterm elections and the president engaged with a spirited opposition Congress Within an anemic Republican Party the right wing challenged Ford's leadership even as pundits predicted the death of the GOP Yet Ford reinvigorated the party and fashioned a 1976 campaign strategy against Jimmy Carter that brought him from thirty points behind to a dead heat on election day Mieczkowski draws on numerous personal interviews with the former president cabinet officials and members of the Ninety fourth Congress In his reassessment of this underrated president Ford emerges as a skilled executive an effective diplomat and a leader with a clear vision for America's future Working to heal a divided nation Ford unified the GOP and laid the groundwork for the Republican resurgence in subsequent decades The first major work on the former president to appear in more than ten years *Gerald Ford and the Challenges of the 1970s* combines the best of biography and economic social and presidential history to create an intriguing portrait of a president his times and his legacy

Freedom of Information and Social Science Research Design Kevin Walby,Alex Luscombe,2019-11-25 This multidisciplinary volume demonstrates how Freedom of Information FOI law and processes can contribute to social science research design across sociology criminology political science anthropology journalism and education Comparing the use of FOI in research design across the United Kingdom the United States Australia Canada and South Africa it provides readers with resources to carry out FOI requests and considers the influence such requests can have on debates within multiple disciplines In addition to exploring how scholars can use FOI disclosures in conjunction with interview data archival data and other datasets this collection explains how researchers can systematically analyse FOI disclosures Considering the challenges and dilemmas in using FOI processes in research it examines the reasons why many scholars continue to rely on more easily accessible data when much of the real work of governance the more clandestine but consequential decisions and policy moves made by government officials can only be accessed using FOI requests *Public Opinion and American Foreign Policy* Ole R. Holsti,1996 Explores the role of public opinion in the conduct of foreign relations **EcoPopulism**

Andrew Szasz, Moment by moment the evidence mounts that unchecked modern industry is bringing us ever closer to environmental disaster How can we move away from the brink of extinction toward a human society the earth can bear In the thriving popular politics of hazardous waste Andrew Szasz finds an answer a scenario for taking the most pressing environmental issues out of the academy and the boardroom and turning them into everyone s business This book reconstructs the growth of a powerful movement around the question of toxic waste Szasz follows the issue as it moves from the world of official policymaking in Washington onto the nation s television screens and into popular consciousness and then into America s neighborhoods spurring the formation of thousands of local community based groups He shows how in less than a decade a rich infrastructure of more permanent social organizations emerged from this movement expanding its focus to include issues like municipal waste military toxics and pesticides In the growth of this movement we witness the birth of a radical environmental populism Here Szasz identifies the force that pushed environmental policy away from the traditional approach pollution removal toward the superior logic of pollution prevention He discusses the conflicting official responses to the movement s evolution revealing that despite initial resistance lawmakers eventually sought to appease popular discontent by strengthening toxic waste laws In its success Szasz suggests this movement may even prove to be the vehicle for reinvigorating progressive politics in the United States
