Intimate Frontiers Felipe Martínez-Pinzón, Javier Uriarte, 2019 A collection of multinational scholarly contributions on various cultural aspects of the Amazon region in the 20th century

The Amazon Rubber Boom, 1850-1920 Barbara Weinstein, 1983-06-01 The first complete account of the rise and fall of the rubber economy in Brazil provides a dramatic example of one of the boom and bust cycles traditionally associated with Brazilian economic history The Amazon rubber trade was one of the most important export booms in the history of Latin America dominating the economic life of the Amazon for 70 years until the successful cultivation of rubber trees by the British in Southeast Asia Yet this long period of vigorous economic activity left the basic structure of Amazonian society relatively unchanged One of the author s main concerns is to explore why rubber exports did not generate substantial growth in either the industrial or the agricultural sector and she finds the answers primarily in the relations of production and exchange that characterized the Amazon s extractive economy The study also considers the impact of political decentralization and regionalism on the Amazonian economy draws comparisons with the coffee boom in Sao Paulo that induced sustained industrial growth in that area and traces the consequences of the rubber economy s collapse on the social political and economic life in the Amazon

Galvez, imperador do Acre Márcio Souza, 1983

Brazilian Railway Culture Martin Cooper, 2011-07-12 Brazilian Railway Culture examines the cultural relationship Brazil has had with its railways since tracks were first laid by British American and French engineers in the nineteenth century Railway and Brazil are words not often found in the same sentence Yet each year over seven hundred million passengers are carried by train in the major urban centres and tens of thousands of visitors enjoy heritage steam rides at over a dozen restored lines and museums Brazilian Railway Culture starts from the premise that Brazilian society and culture is not just samba football and sex The book takes a journey through Brazilian cultural output from 1865 to the present day examining novels poetry music art film and television as well as autobiographies written histories and museums to uncover ways in which the railway has been represented This interdisciplinary study engages with theories of informal empire and postcolonialism Latin American studies cultural studies film and television studies literary

criticism art history and criticism museum and heritage studies as well as railway studies This is a supplementary text for use by students on both undergraduate and postgraduate courses It will also be of interest to academics researchers and railway historians across a range of disciplines

The Picaresque Carmen Benito-Vessels, Michael O. Zappala, 1994 Like cartographers after the Treaty of Versailles contemporary critics of picaresque literature are hard at work redrawing lines and polemicizing boundaries in an attempt to resolve prevailing problems of definition and method To reevaluate this canon of texts and to address critical issues a group of internationally renowned scholars gathered in April 1989 for a two day conference The Picaresque A Symposium on the Rogue's Tale which was held at the University of Maryland at College Park and sponsored by the Center for Renaissance and Baroque Studies in conjunction with the Department of Spanish and Portuguese The essays in this volume grew out of this scholarly exchange and map out an unusually broad landscape of contemporary critical concern The volume opens with an essay by Marina S Brownlee which addresses whether there is an essential feature configuration or environment that determines the presence of a picaresque text In his study of classicity in the Spanish Golden Age Joseph V Ricapito examines the Perez translation of the Odyssey and its link with the Spanish picaresque genre Bruno M Damiani's essay focuses on Lozana Andaluza as an important link between Celestina and the Lazarillo and investigates traits common in the later novel of roguery The Picaresque and Autobiography by Randolph D Pope examines the split vision of autobiography in Golden Age picaresque Calhoun Winton looks into the rise of the picaresque novel in seventeenth century London printing and publishing practice Studying pamphlets chapbooks and periodicals he poses the question By whom were these examples of the picaresque mode written for what reward and with what audience in mind Jerry C Beasley's Translation and Cultural Translatio addresses questions of the translation of picaresque texts and the impact of this genre on novelistic discourse throughout Europe In his essay Gerald Gillespie contextualizes Grimmelshausen's The Adventurous German Simplicissimus in French comic and satiric and Spanish disillusionistic modes Nancy Vogetley examines Lizardi's Don Catrin de la Fechenda in the context of the Enlightenment and redefinition and politicization of the concepts of vice and virtue and discusses how these changing thought patterns facilitated the task of American writers who were then rethinking their political and moral landscape Jerome Christensen's essay on Lord Byron investigates with primary and secondary textual sources the meaning of picaresque in Don Juan establishes the vitality of the genre in this work and looks into the distinction made between tuum and meum The closing essay Mario M Gonzalez's The Brazilian Picaresque presents an overview of the genre in Brazilian literature This volume represents the diversity of scholarly approaches to the study of picaresque and opens up new questions concerning the picaresque canon especially regarding its criteria for the definition of parameters that include elements from classical antiquity to contemporary theory

Galvez, Imperador do Acre Márcio Souza, Domingos Demasi, 2004

Exiles, Allies, Rebels David Treece, 2000-04-30 This is the first global study of the single most important

intellectual and artistic movement in Brazilian cultural history before Modernism The Indianist movement under the direct patronage of the Emperor Pedro II was a major pillar of the Empire's project of state building involving historians poets playwrights and novelists in the production of a large body of work extending over most of the nineteenth century Tracing the parallel history of official indigenist policy and Indianist writing Treece reveals the central role of the Indian in constructing the self image of state and society under Empire He aims to historicize the movement examining it as a literary phenomenon both with its own invented traditions and myths and standing at the interfaces between culture and politics between the Indian as imaginary and real As this book demonstrates the Indianist tradition was not merely an example of Romantic exoticism or escapism recycling infinite variations on a single model of the Noble Savage imported from the European imaginary Instead it was a complex evolving tradition inextricably enmeshed with the contemporary political debates on the status of the indigenous communities and their future within the post colonial state These debates raised much wider questions about the legacy of colonial rule the persistence of authoritarian models of government the social and political marginalization of large numbers of free but landless Brazilians and above all the maintenance of slavery The Indianist stage offered the Indian alternately as tragic victim and exile as rebel and outlaw as alien to the social pact as mother or protector of the post colonial Brazilian family or as self sacrificing ally and voluntary slave

Translation and Identity in the Americas Edwin Gentzler, 2012-11-12 Translation is a highly contested site in the Americas where different groups often with competing literary or political interests vie for space and approval In its survey of these multiple and competing groups and its study of the geographic socio political and cultural aspects of translation Edwin Gentzler's book demonstrates that the Americas are a fruitful terrain for the field of translation studies Building on research from a variety of disciplines including cultural studies linguistics feminism and ethnic studies and including case studies from Brazil Canada and the Caribbean this book shows that translation is one of the primary means by which a culture is constructed translation in the Americas is less something that happens between separate and distinct cultures and more something that is capable of establishing those very cultures Using a variety of texts and addressing minority and oppressed groups within cultures Translation and Identity in the Americas highlights by example the cultural role translation policies play in a discriminatory process the consequences of which can be social marginalization loss of identity and psychological trauma Translation and Identity the Americas will be critical reading for students and scholars of Translation Studies Comparative Literature and Cultural Studies *Americas (English Ed.)*, 1981

The Carnavalesque Defunto Robert Henry Moser, 2008 The Carnavalesque Defunto explores the representations of death and the dead in Brazil's collective and literary imagination The recurring stereotype of Brazil as the land of samba soccer and sandy beaches overlooks a more complex cultural heritage in which since colonial times a relationship of proximity and reciprocity has been cultivated between the living and the dead Robert H Moser details the emergence of a prominent motif in modern Brazilian literature namely the carnivalesque defunto

the dead that in the form of a protagonist or narrator returns to beseech instruct chastise or even seduce the living Drawing upon the works of esteemed Brazilian writers such as Machado de Assis Ver ssimo and Jorge Amado Moser demonstrates how the defunto through its mocking laughter and Dionysian resurrection simultaneously subverts and inverts the status quo thereby exposing underlying points of tension within Brazilian social and political history Incorporating elements of both a celestial advocate and an untrustworthy specter the defunto also serves as a metaphor for one of modern Brazil s greatest dilemmas reconciling the past with the present The Carnivalesque Defunto offers a comparative framework by juxtaposing the Brazilian literary ghost with other Latin American Caribbean and North American examples It also presents a cross disciplinary approach toward understanding the complex relationship forged between Brazil s spiritual traditions and literary expressions

Brazil Imagined Darlene J. Sadlier,2010-01-01 The first comprehensive cultural history of Brazil to be written in English Brazil Imagined 1500 to the Present captures the role of the artistic imaginary in shaping Brazil s national identity Analyzing representations of Brazil throughout the world this ambitious survey demonstrates the ways in which life in one of the world s largest nations has been conceived and revised in visual arts literature film and a variety of other media Beginning with the first explorations of Brazil by the Portuguese Darlene J Sadlier incorporates extensive source material including paintings historiographies letters poetry novels architecture and mass media to trace the nation s shifting sense of its own history Topics include the oscillating themes of Edenic and cannibal encounters Dutch representations of Brazil regal constructs the literary imaginary Modernist utopias good neighbor protocols and filmmakers revolutionary and dystopian images of Brazil A magnificent panoramic study of race imperialism natural resources and other themes in the Brazilian experience this landmark work is a boon to the field

The Memory of Fire Trilogy Eduardo Galeano,2014-04-29 All three books in the American Book Award winning Memory of Fire Trilogy available in a single volume for the first time Eduardo Galeano s Memory of Fire Trilogy defies categorization or perhaps creates its own It is a passionate razor sharp lyrical history of North and South America from the birth of the continent s indigenous peoples through the end of the twentieth century The three volumes form a haunting and dizzying whole that resurrects the lives of Indians conquistadors slaves revolutionaries poets and more The first book Genesis pays homage to the many origin stories of the tribes of the Americas and paints a verdant portrait of life in the New World through the age of the conquistadors The second book Faces and Masks spans the two centuries between the years 1700 and 1900 in which colonial powers plundered their newfound territories ultimately giving way to a rising tide of dictators And in the final installment Century of the Wind Galeano brings his story into the twentieth century in which a fractured continent enters the modern age as popular revolts blaze from North to South This celebrated series is a landmark of contemporary Latin American writing and a brilliant document of culture

The Columbia Guide to the Latin American Novel Since 1945 Raymond L. Williams,2007-09-21 In this expertly crafted richly detailed guide Raymond Leslie Williams explores the cultural political and historical events that have shaped

the Latin American and Caribbean novel since the end of World War II In addition to works originally composed in English Williams covers novels written in Spanish Portuguese French Dutch and Haitian Creole and traces the profound influence of modernization revolution and democratization on the writing of this era Beginning in 1945 Williams introduces major trends by region including the Caribbean and U S Latino novel the Mexican and Central American novel the Andean novel the Southern Cone novel and the novel of Brazil He discusses the rise of the modernist novel in the 1940s led by Jorge Luis Borges s reaffirmation of the right of invention and covers the advent of the postmodern generation of the 1990s in Brazil the Generation of the Crack in Mexico and the McOndo generation in other parts of Latin America An alphabetical guide offers biographies of authors coverage of major topics and brief introductions to individual novels It also addresses such areas as women s writing Afro Latin American writing and magic realism The guide s final section includes an annotated bibliography of introductory studies on the Latin American and Caribbean novel national literary traditions and the work of individual authors From early attempts to synthesize postcolonial concerns with modernist aesthetics to the current focus on urban violence and globalization The Columbia Guide to the Latin American Novel Since 1945 presents a comprehensive accessible portrait of a thoroughly diverse and complex branch of world literature *Luso-Braz. Rev*, 2001

Handbook of Latin American Literature (Routledge Revivals) David Foster, 2015-06-11 First published in 1987 this second edition in 1992 the Handbook of Latin American Literature offers readers the opportunity to explore this literary history in the English Language and constitutes an ideological approach to Latin American Literature It provides both concise information concerning particular authors works and literary traditions of Latin America as well as comprehensive material about the various national literatures of the area This book will therefore be of interest to Hispanic scholars as well as more general readers and non Hispanists

The Cambridge History of Latin American Literature Roberto Gonzalez Echevarría, Enrique Pupo-Walker, 1996-09-19 The Cambridge History of Latin American Literature is by far the most comprehensive work of its kind ever written Its three volumes cover the whole sweep of Latin American literature including Brazilian from pre Colombian times to the present and contain chapters on Latin American writing in the USA Volume 3 is devoted partly to the history of Brazilian literature from the earliest writing through the colonial period and the Portuguese language traditions of the nineteenth and twentieth centuries and partly also to an extensive bibliographical section in which annotated reading lists relating to the chapters in all three volumes of The Cambridge History of Latin American Literature are presented These bibliographies are a unique feature of the History further enhancing its immense value as a reference work
