Game Of Death In Ancient Rome Arena Spor:

The Game of Death in Ancient Rome Paul Plass,1995 Our taste for blood sport stops short at the bruising clash of football players or the gloved blows of boxers and the suicide of a politician is no more than a personal tragedy What then are we to make of the ancient Romans for whom the meaning of sport and politics often depended on death In this provocative thoughtful book Paul Plass shows how the deadly violence of arena sport and political suicide served a social purpose in ancient Rome His work offers a reminder of the complex uses to which institutionalized violence can be put Violence Plass observes is a universal part of human life and so must be integrated into social order Grounding his study in evidence from Roman history and drawing on ideas from contemporary sociology and anthropology he first discusses gladiatorial combat in ancient Rome Massive bloodshed in the arena Plass argues embodied the element of danger for a society frequently engaged in war with outsiders whether slaves criminals or prisoners of war sacrificed for a sense of public security

Spectacles of Death in Ancient Rome Donald G. Kyle,2012-11-12 The elaborate and inventive slaughter of humans and animals in the arena fed an insatiable desire for violent spectacle among the Roman people Donald G Kyle combines the words of ancient authors with current scholarly research and cross cultural perspectives as he explores the origins and historical development of the games who the victims were and why they were chosen how the Romans disposed of the thousands of resulting corpses the complex religious and ritual aspects of institutionalised violence the particularly savage treatment given to defiant Christians This lively and original work provides compelling sometimes controversial perspectives on the bloody entertainments of ancient Rome which continue to fascinate us to this day

Sport and Spectacle in the Ancient World Donald G. Kyle,2014-12-31 The second edition of Sport and Spectacle in the Ancient World updates Donald G Kyle s award winning introduction to this topic covering the Ancient Near East up to the late Roman Empire Challenges traditional scholarship on sport and spectacle in the Ancient World and debunks claims that there were no sports before the ancient Greeks Explores the cultural exchange of Greek sport and Roman spectacle and how each culture responded to the other s entertainment Features a new chapter on sport and spectacle during the Late Roman Empire including Christian opposition to pagan games and the Roman response Covers topics including violence professionalism in sport class gender and eroticism and the relationship of spectacle to political structures

The Oxford Handbook of Sport and Spectacle in the Ancient World Alison Futrell,Thomas Francis Scanlon,2021 Examines the history of ancient sport and spectacle in Greece and Rome as well as issues of class civic contexts spaces health gender and sexuality Blends Greek and Roman topics to illuminate tensions and complementarities between different social and political contexts Authoritative scholars present novel insights and new avenues of research to give readers contemporary interpretations of Greek sport and Roman spectacle Book jacket

Journal of Greco-Roman Christianity and Judaism, Volume 15 Stanley E. Porter,Matthew Brook O'Donnell,Wendy Porter,2020-11-19 Volume 15 2019 This is the fifteenth volume of the hard copy edition of a journal that has been published online www.jgrchj.net since 2000 As they appear the hard copy editions replace the online materials The scope of JGRChJ is the texts language and cultures of the Greco Roman world of early Christianity and Judaism The papers published in JGRChJ are designed to pay special attention to the larger picture of politics culture religion and language engaging as well with modern theoretical approaches

Gladiators Roger Dunkle,2013-09-13 The games comprised gladiatorial fights staged animal hunts venationes and the executions of convicted criminals and prisoners of war Besides entertaining the crowd the games delivered a powerful message of Roman power as a reminder of the wars in which Rome had acquired its empire the distant regions of its far flung empire from where they had obtained wild beasts for the venatio and the inevitability of Roman justice for criminals and those foreigners who had dared to challenge the empire s authority Though we might see these games as bloodthirsty cruel and reprehensible condemning any alien culture out of hand for a sport that offends our sensibilities smacks of cultural chauvinism Instead one should judge an ancient sport by the standards of its contemporary cultural context This book offers a fascinating and fair historical appraisal of gladiatorial combat which will bring the games alive to the reader and help them see them through the eyes of the ancient Romans It will answer questions about gladiatorial combat such as What were its origins Why did it disappear Who were gladiators How did they become gladiators What was there training like How did the Romans view gladiators How were gladiator shows produced and advertised What were the different styles of gladiatorial fighting Did gladiator matches have referees Did every match end in the death of at least one gladiator Were gladiator games mere entertainment or did they play a larger role in Roman society What was their political significance

A Companion to Sport and Spectacle in Greek and Roman Antiquity Paul Christesen,Donald G. Kyle,2014-01-07 A Companion to Sport and Spectacle in Greek and Roman Antiquity presents a series of essays that apply a socio historical perspective to myriad aspects of ancient sport and spectacle Covers the Bronze Age to the Byzantine Empire

Beacham,1999-01-01 The spectacles of Imperial Rome the religious festivals public games circus animal hunts processions and dramas were used by emperors and politicians to convey ideologies and political policies and to test public opinion Just as Octavian sought to gain and sway public opinion after the assassination of Caesar so Nero held many banquets and dramatic events to ensure and maintain his popularity Richard Beacham draws on the early Imperial accounts of Dio Tacitus and Suetonius as well as archaeological evidence to trace the changes in these entertainments throughout the period he discusses the information they contain for a better understanding of a range of policies and activities in Early Imperial Rome

Saving Shame Virginia Burrus,2013-04-19 Virginia Burrus explores one of the strongest and most disturbing aspects of the Christian tradition its excessive preoccupation with shame While Christianity has frequently been implicated in the conversion of ancient Mediterranean cultures from shame to guilt based and thus in the emergence of the modern West s emphasis on guilt Burrus seeks to recuperate the importance of shame for Christian culture Focusing on late antiquity she explores a range of fascinating phenomena from the flamboyant performances of martyrs to the imagined abjection of Christ

from the self humiliating disciplines of ascetics to the intimate disclosures of Augustine Burrus argues that Christianity innovated less by replacing shame with guilt than by embracing shame Indeed the ancient Christians sacrificed honor but laid claim to their own shame with great energy at once intensifying and transforming it Public spectacles of martyrdom became the most visible means through which vulnerability to shame was converted into a defiant witness of identity this was also where the sacrificial death of the self exemplified by Christ s crucifixion was most explicitly appropriated by his followers Shame showed a more private face as well as Burrus demonstrates The ambivalent lure of fleshly corruptibility was explored in the theological imaginary of incarnational Christology It was further embodied in the transgressive disciplines of saints who plumbed the depths of humiliation Eventually with the advent of literary and monastic confessional practices the shame of sin s inexhaustibility made itself heard in the revelations of testimonial discourse In conversation with an eclectic constellation of theorists Burrus interweaves her historical argument with theological psychological and ethical reflections She proposes finally that early Christian texts may have much to teach us about the secrets of shame that lie at the heart of our capacity for humility courage and transformative love

Routledge Companion to Sports History S. W. Pope, John Nauright, 2009-12-17 This book describes how the field of sports history has matured dramatically over the past decade and expands on what this means for sports historians today The specially commissioned essays addressing a range of thematic and regional contexts that make up this companion make it a uniquely valuable resource

Handbook of Sports Studies Jay Coakley, Eric Dunning, 2000 An authoritative cast of international and inter disciplinary contributors present the best of current thinking in sports studies as the subject matures and develops academically

Christianity and the History of Violence in the Roman Empire: A Sourcebook Dirk Rohmann, 2019-10-07 This volume brings together a large number of sources with which to illustrate the problem of religious violence in relation to the history of Christianity in the Roman Empire and post Roman world The sources are presented in both the original languages and in new English translation and are accompanied by introductions comments and short bibliographies Thematically Dirk Rohmann focuses on the ways in which Christians were subjected to violence by their pagan surroundings on the development and scope of the very Christian ideas of martyrdom and of persecution on how Christians thought about the nature of God and of holy wars as well as on the problem of violence within the world of early monasticism and asceticism Drawing on the amount of texts extant from the first to seventh centuries this book will be of interest to both

students and academics in the areas of ancient and early medieval history classics and religious studies Paul and the Ancient Celebrity Circuit James R. Harrison, 2019-11-18 In this study James R Harrison compares the modern cult of celebrity to the quest for glory in late republican and early imperial society He shows how Paul's ethic of humility based upon the crucified Christ stands out in a world obsessed with mutual comparison boasting and self sufficiency **Gifts Glittering and Poisoned** Chanon Ross, 2014-11-18 Spectacles designed to capture our attention surround us Marketing movies shopping malls concerts and virtual realities capture our imaginations and cultivate our desires We live in a society of the spectacle However is the power and prevalence of spectacle unique to the modern era In the pages of Gifts Glittering and Poisoned early Christian voices echo across the centuries to show that the society of the spectacle is not new Our era resembles a time when the spectacular entertainments of ancient Rome had a profound effect on every aspect of social life By drawing on the rich theology and witness of early Christianity Gifts Glittering and Poisoned asks what it means for us to live in a new era of empire and spectacle Through Augustine's description of the demonic it shows how consumerism constructs a sophisticated symbolic order a society of the spectacle that corrupts our deepest longings for God

Commodus O. Hekster, 2021-11-15 The emperor Commodus AD 180-192 has commonly been portrayed as an insane madman whose reign marked the beginning of the end of the Roman Empire Indeed the main point of criticism on his father Marcus Aurelius is that he appointed his son as his successor Especially Commodus behaviour as a gladiator and the way he represented himself with divine attributes especially those of Hercules are often used as evidence for the emperor's presumed madness However this political biography will apply modern interpretations of the spectacles in the arena and of the imperial cult to Commodus' reign It will focus on the dissemination and reception of imperial images and suggest that there was a method in Commodus' madness
