Ancient and Early Medieval Chinese Literature (vol.I) David R. Knechtges, Taiping Chang, 2010-09-10 The long awaited first Western language reference guide this work offers a wealth of information on writers genres literary schools and terms of the Chinese literary tradition from earliest times to the seventh century C E *A Century of British Medieval Studies* Alan Deyermond, 2007-11-29 This is an authoritative guide to the full range of medieval scholarship undertaken in twentieth century Britain history archaeology language culture Some of the twenty nine essays focus on changes in research method or on the achievements of individual scholars others are personal accounts of a lifetime s work **Women's Poetry of Late Imperial China** Xiaorong Li, 2013-05-03 This study of poetry by women in late imperial China examines the metamorphosis of the trope of the inner chambers gui to which women were confined in traditional Chinese households and which in literature were both a real and an imaginary place Originally popularized in sixth century palace style poetry the inner chambers were used by male writers as a setting in which to celebrate female beauty to lament the loneliness of abandoned women and by extension to serve as a political allegory for the exile of loyal and upright male ministers spurned by the imperial court Female writers of lyric poetry ci soon adopted the theme beginning its transition from male fantasy to multidimensional representation of women and their place in society and eventually its manifestation in other poetic genres as well Emerging from the role of sexual objects within poetry late imperial women were agents of literary change in their expansion and complication of the boudoir theme While some take ownership and de eroticizing its imagery for their own purposes adding voices of children and older women and filling the inner chambers with purposeful activity such as conversation teaching religious ritual music sewing childcare and chess playing some simply want to escape from their confinement and protest gender restrictions imposed on women Women s Poetry of Late Imperial China traces this evolution across centuries providing and analyzing examples of poetic themes motifs and imagery associated with the inner chambers and demonstrating the complication and nuancing of the gui theme by increasingly aware and sophisticated women writers

Ancient and Early Medieval Chinese Literature (vol. 3 & 4) , 2014-09-18 At last here is the long awaited first Western language reference guide focusing exclusively on Chinese literature from ca 700 B C E to the early seventh century C E

Alphabetically organized it contains no less than 1095 entries on major and minor writers literary forms and schools and important Chinese literary terms In addition to providing authoritative information about each subject the compilers have taken meticulous care to include detailed up to date bibliographies and source information The reader will find it a treasure trove of historical accounts especially when browsing through the biographies of authors Indispensable for scholars and students of pre modern Chinese literature history and thought Part Three contains Xia Y Part Four contains the Z and an extensive index to the four volumes *The Selling and Self-Regulation of Contemporary Poetry* J.T. Welsch,2020-03-31 The Selling and Self Regulation of Contemporary Poetry is the first book length study of the contemporary poetry industry By documenting radical changes over the past decade in the way poems are published sold and consumed it connects the seemingly small world of poetry with the other wider creative industries In reassessing an art form that has been traditionally seen as free from or even resistant to material concerns the book confronts the real pressures and real opportunities faced by poets and publishers in the wake of economic and cultural shifts since 2008 The changing role of anthologies prizes and publishers are considered alongside new technologies new arts policy and re conceptions of poetic labour Ultimately it argues that poetry s continued growth and diversification also leaves individuals with more responsibility than ever for sustaining its communities *A Dictionary of Chinese Literature* Taiping Chang Knechtges,2017-09-14 A Dictionary of Chinese Literature provides more than 250 entries on the lengthy and remarkable literary tradition of China from its earliest literary genres such as the 6th century gongti wenxue palace style literature to contemporary forms such as wanglu wenxue internet literature Covering notable writers works terms trends schools movements styles and literary collections as well as including a useful list of further reading at the end of most entries this dictionary is a key reference point for students of Asian literature and languages and those studying world literature in general **Early Chinese Religion, Part Two: The Period of Division (220-589 AD) (2 vols.)** John Lagerwey,Pengzhi Lü,2009-11-23 After the Warring States treated in Part One of this set there is no more fecund era in Chinese religious and cultural history than the period of division 220 589 AD During it Buddhism conquered China Daoism grew into a mature religion with independent institutions and together with Confucianism these three teachings having each won its share of state recognition and support formed a united front against shamanism While all four religions are covered Buddhism and Daoism receive special attention in a series of parallel chapters on their pantheons rituals sacred geography community organization canon formation impact on literature and recent archaeological discoveries This multi disciplinary approach without ignoring philosophical and theological issues brings into sharp focus the social and historical matrices of Chinese religion *Early Chinese Religion* John Lagerwey,Pengzhi Lü,2009-10-30 After the Warring States treated in Part One of this set there is no more fecund era in Chinese religious and cultural history than the period of division 220 589 AD During it Buddhism conquered China Daoism grew into a mature religion with independent institutions and together with Confucianism these three teachings having each

won its share of state recognition and support formed a united front against shamanism While all four religions are covered Buddhism and Daoism receive special attention in a series of parallel chapters on their pantheons rituals sacred geography community organization canon formation impact on literature and recent archaeological discoveries This multi disciplinary approach without ignoring philosophical and theological issues brings into sharp focus the social and historical matrices of Chinese religion

The Poetics of Sovereignty Jack W. Chen, 2020-10-26 Emperor Taizong r 626 49 of the Tang is remembered as an exemplary ruler This study addresses that aura of virtuous sovereignty and Taizong s construction of a reputation for moral rulership through his own literary writings with particular attention to his poetry The author highlights the relationship between historiography and the literary and rhetorical strategies of sovereignty contending that for Taizong and for the concept of sovereignty in general politics is inextricable from cultural production The work focuses on Taizong s literary writings that speak directly to the relationship between cultural form and sovereign power as well as on the question of how the Tang negotiated dynastic identity through literary stylistics The author maintains that Taizong s writings may have been self serving at times representing strategic attempts to control his self image in the eyes of his court and empire but that they also become the ideal image to which his self was normatively bound This is the paradox at the heart of imperial authorship Taizong was simultaneously the author of his representation and was authored by his representation he was both subject and object of his writings

Sound Rising from the Paper Paize Keulemans, 2020-05-11 Chinese martial arts novels from the late nineteenth century are filled with a host of suggestive sounds Characters cuss and curse in colorful dialect accents vendor calls ring out from bustling marketplaces and martial arts action scenes come to life with the loud clash of swords and the sounds of bodies colliding What is the purpose of these sounds and what is their history In *Sound Rising from the Paper* Paize Keulemans answers these questions by critically reexamining the relationship between martial arts novels published in the final decades of the nineteenth century and earlier storyteller manuscripts He finds that by incorporating imitating and sometimes inventing storyteller sounds these novels turned the text from a silent object into a lively simulacrum of festival atmosphere thereby transforming the solitary act of reading into the communal sharing of an oral performance By focusing on the role sound played in late nineteenth century martial arts fiction Keulemans offers alternatives to the visual models that have dominated our approach to the study of print culture the commercialization of textual production and the construction of the modern reading subject

Classical World Literatures Wiebke Denecke, 2013-11-25 Ever since Karl Jaspers s axial age paradigm there have been a number of influential studies comparing ancient East Asian and Greco Roman history and culture However to date there has been no comparative study involving multiple literary traditions in these cultural spheres This book compares the dynamics between the younger literary cultures of Japan and Rome and the literatures of their venerable predecessors China and Greece How were writers of the younger cultures of Rome and Japan affected by the presence of an older reference culture whose sophistication they admired even as

they anxiously strove to assert their own distinctive identity How did they tackle the challenge of adopting the reference culture s literary genres rhetorical refinement and conceptual vocabulary for writing texts in different languages and within distinct political and cultural contexts Classical World Literatures captures the striking similarities between the ways early Japanese authors wrote their own literature through and against the literary precedents of China and the ways Latin writers engaged and contested Greek precedents But it also brings to light suggestive divergences that are rooted in geopolitical linguistic sociohistorical and aesthetic differences between early Japanese and Roman literary cultures Proposing a methodology of deep comparison for the cross cultural comparison of premodern literary cultures and calling for an expansion of world literature debates into the ancient and medieval worlds Classical World Literatures is both a theoretical intervention and an invitation to read and re read four major literary traditions in an innovative and illuminating light

Sound and Sight Meow Goh, 2010-08-24 This is the first book to examine Chinese poetry and courtier culture using the concept of shengse sound and sight which connotes sensual pleasure Under the moral and political imperative to avoid or even eliminate representations of sense perception premodern Chinese commentators treated overt displays of artistry with great suspicion and their influence is still alive in modern and contemporary constructions of literary and cultural history The Yongming poets who openly extolled sound and rhymes have been deemed the main instigators of a poetic trend toward the sensual Situating them within the court milieu of their day Meow Hui Goh asks a simple question What did shengse mean to the Yongming poets By unraveling the aural and visual experiences encapsulated in their poems she argues that their pursuit of sound and sight reveals a complex confluence of Buddhist influence Confucian value and new sociopolitical conditions Her study challenges the old perception of the Yongming poets and the common practice of reading classical Chinese poems for semantic meaning only

The Age of Irreverence Christopher Rea, 2025-02-25 The Age of Irreverence tells the story of why China s entry into the modern age was not just traumatic but uproarious As the Qing dynasty slumped toward extinction prominent writers compiled jokes into collections they called histories of laughter In the first years of the Republic novelists essayists and illustrators alike used humorous allegories to make veiled critiques of the new government But again and again political and cultural discussion erupted into invective as critics gleefully jeered and derided rivals in public Farceurs drew followings in the popular press promoting a culture of practical joking and buffoonery Eventually these various expressions of hilarity proved so offensive to high brow writers that they launched a concerted campaign to transform the tone of public discourse hoping to displace the old forms of mirth with a new one they called youmo humor Christopher Rea argues that this period from the 1890s to the 1930s transformed how Chinese people thought and talked about what is funny Focusing on five cultural expressions of laughter jokes play mockery farce and humor he reveals the textures of comedy that were a part of everyday life during modern China s first age of irreverence This new history of laughter not only offers an unprecedented and up close look at a neglected facet of Chinese cultural modernity but also reveals its lasting legacy in the Chinese

language of the comic today and its implications for our understanding of humor as a part of human culture **Abandoned**

Women and Boudoir Resentment Qiulei Hu, 2023-05-25 This book studies the formation of the male constructed conventional voice of women in Chinese literature from the 3rd to 6th century It highlights specific moments during which the feminine voice became recognized accepted and stabilized including the shift of focus from the performative to the textual in female representations the formation of a male literary community the popularity of romanticized historical narratives and the emerging sense of literary history This study emphasizes the historicity of the feminine voice and strives to question and challenge established notions about textual stability authorship the literary canon and literary history

The Age of Courtly Writing Ping WANG, 2012-05-11 Scholarship on Xiao Tong in both China and the West has paid little attention to his own writings beyond the influential anthology compiled by the Liang Crown Prince Adopting a philological approach this book thoroughly examines a multitude of texts written by Xiao Tong and his entourage many of whom were powerful writers in their own right In addition to drawing a picture of important aspects of Liang court culture such as education literary composition personal relations and ideological and religious trends this study also redresses a long standing bias against court poetry It will enhance our understanding not only of the early sixth century but also indirectly of a significant portion of pre modern Chinese literature in general **A New History of English Metre** Martin J.

Duffell, 2008 In the hundred years since the last major history of English metre was published dramatic changes have occurred in both the way that poets versify in English and the way that scholars analyze verse Free verse is now firmly established alongside regular metre and linguistics statistics and cognitive theory have contributed to the analysis of both This new study covers the history of English metre up to the twenty first century and compares a variety of modern theories to explain it The result is a concise and up to date guide to metre for all students and teachers of English poetry Book Jacket

Gender, Power, and Talent Jinhua Jia, 2018-03-13 During the Tang dynasty 618 907 changes in political policies the religious landscape and gender relations opened the possibility for Daoist women to play an unprecedented role in religious and public life Women from imperial princesses to the daughters of commoner families could be ordained as Daoist priestesses and become religious leaders teachers and practitioners in their own right Some achieved remarkable accomplishments one wrote and transmitted texts on meditation and inner cultivation another a physician authored a treatise on therapeutic methods medical theory and longevity techniques Priestess poets composed major works and talented priestess artists produced stunning calligraphy In *Gender Power and Talent* Jinhua Jia draws on a wealth of previously untapped sources to explain how Daoist priestesses distinguished themselves as a distinct gendered religious and social group She describes the life journey of priestesses from palace women to abbesses and ordinary practitioners touching on their varied reasons for entering the Daoist orders the role of social and religious institutions forms of spiritual experience and the relationships between gendered identities and cultural representations Jia takes the reader inside convents and

cloisters demonstrating how they functioned both as a female space for self determination and as a public platform for both religious and social spheres The first comprehensive study of the lives and roles of Daoist priestesses in Tang China *Gender Power and Talent* restores women to the landscape of Chinese religion and literature and proposes new methodologies for the growing field of gender and religion *Beacon Fire and Shooting Star* Xiaofei Tian, 2020-10-26 The Liang dynasty 502-557 is one of the most brilliant and creative periods in Chinese history and one of the most underestimated and misunderstood Under the Liang literary activities such as writing editing anthologizing and cataloguing were pursued on an unprecedented scale yet the works of this era are often dismissed as decadent and no more than a shallow prelude to the glories of the Tang This book is devoted to contextualizing the literary culture of this era not only the literary works themselves but also the physical process of literary production such as the copying and transmitting of texts activities such as book collecting anthologizing cataloguing and various forms of literary scholarship and the intricate interaction of religion particularly Buddhism and literature Its aim is to explore the impact of social and political structure on the literary world
