Gangsters Law:

A Law and Economics Approach to Criminal Gangs Liza Vertinsky, 2019-01-15 First published in 1999 This book provides a law and economics approach towards criminal gangs which integrates the tools of economic modelling with criminal law in order to understand and address a contemporary law enforcement problem The book draws upon ideas from economics law and law enforcement to investigate the nature and organizational structure of criminal gangs Law and economics are employed in varying combinations and at varying levels of specificity to generate insights into the organization and behaviour of criminal gangs These insights are applied to evaluate alternative legal approaches and to inform the design of a new criminal law approach towards criminal gangs Attention is focused on the organization of criminal street gangs both because the growth and increasing sophistication of these gangs offer special challenges for law enforcement and because of the potential contributions which such an understanding could yield for economists who have traditionally focused on the organizational structure of legitimate enterprises

Gangsters and Other Statesmen Danilo Mandić, 2020-12 How global organized crime shapes the politics of borders in modern conflicts Separatism has been on the rise across the world since the end of the Cold War dividing countries through political strife ethnic conflict and civil war and redrawing the political map Gangsters and Other Statesmen examines the role transnational mafias play in the success and failure of separatist movements challenging conventional wisdom about the interrelation of organized crime with peacebuilding nationalism and state making Danilo Mandi conducted fieldwork in the disputed territories of Kosovo and South Ossetia talking to mobsters separatists and policymakers in war zones and along major smuggling routes In this timely and provocative book he demonstrates how globalized mafias shape the politics of borders in torn states shedding critical light on an autonomous nonstate actor that has been largely sidelined by considerations of geopolitics state centered agency and ethnonationalism Blending extensive archival sleuthing and original ethnographic data with insights from sociology and other disciplines Mandi argues that organized crime can be a fateful determinant of state capacity separatist success and ethnic conflict Putting mafias at the center of global processes of separatism and territorial consolidation Gangsters and Other Statesmen raises vital questions and urges reconsideration of a host of separatist cases in West Africa the Middle East and East Europe

Gang Activity Laws Soren Earthwalker, AI, 2025-04-05 Gang Activity Laws examines the legal complexities of gang related crime focusing on the application of racketeering laws like the RICO Act and conspiracy charges It explores how these legal tools are used to prosecute gang members and dismantle criminal enterprises The book highlights how legally gangs are not simply groups but are treated as organized entities allowing for enhanced penalties based on gang affiliation The book traces the evolution of anti gang legislation and basic criminal law principles arguing that while existing laws offer mechanisms to combat gang crime their application presents constitutional concerns For instance enhanced penalties while intended as deterrents raise questions about racial bias and due process The book progresses through an analysis of racketeering laws

conspiracy charges and enhanced penalties using case law and government reports to assess the effectiveness of legal strategies Ultimately Gang Activity Laws provides a comprehensive overview of the legal landscape surrounding gang crime offering insights into the strengths and weaknesses of current approaches This makes it a valuable resource for law enforcement legal professionals and policymakers aiming to craft effective and just anti gang strategies while also catering to anyone interested in understanding the legal dimensions of gang related crime Handbook of the Association of American Law Schools and Proceedings of the ... Annual Meeting Association of American Law Schools. Meeting,1928 **Gangs and Law Enforcement** Linda M. Schmidt,James T. O'Reilly,2007 Gangs are on the rise again This portent of trouble comes from the FBI S expert on gangs Linda Schmidt Today there are over 30 000 gangs across America and over 800 000 gang members Gangs are savvy and scarier than ever Their firepower military background and lack of restraint have made some city centers too dangerous to patrol As gang power grows knowledge is the best antidote and the best inducement to corrective actions The interviews street wisdom and advice that are used throughout this book show its heavy dose of reality Specialist Linda Schmidt goes deep into gang terror **Gang Crime and Law Enforcement Recordkeeping** G. David Curry,Richard A. Ball,Robert Joseph Fox,Robert J. Fox,1994 **The Handbook of Gangs** Scott H. Decker,David C. Pyrooz,2015-09-28 Pulling together the most salient current issues in the field today The Handbook of Gangs provides a significant assessment by leading scholars of key topics related to gangs gang members and responses to gangs Chapters cover a wide array of the most prominent issues in the field of gangs written by scholars who have been leaders in developing new ways of thinking about the topics Delivers cutting edge reviews of the current state of research and practice and addresses where the field has been where it is today and where it should go in the future Includes extensive coverage of the individual theories of delinquency and provides special emphasis on policy and prevention program implications in the study of gangs Offers a broad understanding of how other countries deal with gangs and their response to gangs including Great Britain Latin America Australia and Europe Chapters covering the legacies of four pioneers in gang research Malcolm W Klein Walter B Miller James F Short Jr and Irving A Spergel Commercial West ,1927 Gang Investigations Derrick Watkins,Richard Ashby,2007 Criminal Investigations Forensic Science **Gangs, a National Crisis** United States. Congress. Senate. Committee on the Judiciary,1997 Weekly Commercial News ,1927 Gangs and Organized Crime George W. Knox,Gregg Etter,Carter F. Smith,2018-07-04 In Gangs and Organized Crime George W Knox Gregg W Etter and Carter F Smith offer an informed and carefully investigated examination of gangs and organized crime groups covering street gangs prison gangs outlaw motorcycle gangs and organized crime groups from every continent The authors have spent decades investigating gangs as well as researching their history and activities and this dual professional academic perspective informs their analysis of gangs and crime groups They take a multidisciplinary approach that combines criminal justice public policy and administration law organizational behavior sociology psychology and urban planning perspectives to

provide insight into the actions and interactions of a variety of groups and their members This textbook is ideal for criminal justice and sociology courses on gangs as well as related course topics like gang behavior gang crime and the inner city organized crime families and transnational criminal groups Gangs and Organized Crime is also an excellent addition to the professional s reference library or primer for the general reader More information is available at the supporting website www.gangsandorganizedcrime.com

Gangs in America's Communities James C. Howell, Elizabeth Griffiths, 2018-02-08
Gangs in America's Communities is one of the most comprehensive treatments of gangs in the marketplace I highly recommend its adoption as you will not be disappointed and most importantly neither will your students Elvira White Lewis Texas A M University Commerce Gangs in America's Communities Third Edition blends theory with current research to help readers identify essential features associated with youth violence and gangs as well as apply strategies for gang control and prevention Authors Dr James C Howell and Dr Elizabeth Griffiths introduce readers to theories of gang formation illustrate various ways of defining and classifying gangs and discuss national trends in gang presence and gang related violence across American cities They also offer evidence based strategies for positioning communities to prevent intervene and address gang activity New to the Third Edition A series of new case studies document the evolution of numerous gangs in large cities including the community aspect evolutionary nature and how cities influence levels of violence New discussions highlighting the role of social media insights into how gangs use it to recruit members and the response from law enforcement Current nationwide gang trends are discussed to encourage readers to analyze and interpret the most recent statistics for which representative data is available Updated macro and micro gang theories enable readers to explore a recent encapsulation of leading developmental models New discussions around female gang members offer readers potentially effective programs for discouraging females from joining gangs along with highly regarded delinquency prevention and reduction programs that have the potency to be effective in reducing gang crimes among young women A comprehensive gang prevention intervention and suppression program in Multnomah County Oregon shows how theory was successfully applied to reduce gang activity in a local community New research on gang structures and their rates of crime illustrate the connections between violent crimes and the amount of violent offenders within a gang Additional discussion of distinguishing features e g typologies of major gangs and numerous examples of gang symbols tattoos and graffiti has been added to help readers identify and differentiate various types of gangs

Law Notes ,1929 **Congressional Record** United States. Congress,1996 [The Oxford Handbook of Gangs and Society](#) David C. Pyrooz, James Densley, John Liverso, 2024 The Oxford Handbook of Gangs and Society is the premier reference book on gangs for practitioners policymakers students and scholars This carefully curated volume contains 43 chapters written by the leading experts in the field who advance a central theme of looking back moving forward by providing state of the art reviews of the literature they created shaped and re defined This international interdisciplinary collective of authors provides readers with a rare tour of the field in its entirety expertly

navigating thorny debates and the at times contentious history of gang research while simultaneously synthesizing flourishing areas of study that advance the field into the 21st century The volume is divided into six cohesive sections that reflect the diverse field of gang studies and capture the large scale cultural economic political and social changes occurring within the world of gangs in the last century anticipating immense changes on the horizon From definitions to history to theory to epistemology to technology to policy and practice this unprecedented volume captures the most timely and important topics in the field From curious outsiders to longstanding insiders this volume will appeal to anyone with an interest in gangs The editors assembled a cast of the best scholars shaping how the field thinks about gangs The content is fresh timely and informative appealing to everyone from the armchair theorist to the federal policymaker It is truly a one stop shop for anyone seeking the most up to date information on gangs written by experts who approach the topic from very different disciplinary orientations methodological approaches and theoretical perspectives When readers finish this book they will be more confident in what we know and do not know about gangs in our society

Preventing and Reducing Juvenile Delinquency James C. Howell, 2003-02-24 This book aims to inform students about the latest research and the most promising and effective programs and for understanding preventing and controlling juvenile delinquency The book is geared to preparing students for a career in juvenile justice or related social service systems and becoming research or program development specialists The history of current juvenile justice system policies and practices are examined including the juvenile violence epidemic Key myths about juvenile violence and the ability of the juvenile justice system to handle modern day juvenile delinquents are critically examined Developmental theories of juvenile delinquency are applied to understanding how juvenile offender careers evolve Effective prevention and rehabilitation programs and what does not work are reviewed A comprehensive framework for building a continuum of effective programs is presented in Part III

American Street Gangs: Understanding and Addressing the Problem Pasquale De Marco, 2025-07-15 In the heart of American cities a hidden world thrives a world of street gangs where loyalty violence and power intertwine This book takes you on a journey into the complex and often misunderstood realm of American street gangs Delving into the history structure and motivations of street gangs this book provides a comprehensive understanding of these organizations and their impact on society It explores the allure of gang membership the criminal activities associated with gangs and the devastating social and economic costs they impose on communities The book also examines the law enforcement and community based responses to street gangs highlighting both the challenges and opportunities in combating gang activity It emphasizes the importance of collaboration between law enforcement social service agencies schools and community organizations in developing effective prevention and intervention strategies Furthermore the book discusses the challenges faced by former gang members seeking to reintegrate into society and the importance of providing comprehensive support to help them successfully transition back into their communities It also explores the role of technology and social media in the future of street gangs

and suggests strategies for leveraging these technologies to combat gang activity With its in depth analysis evidence based insights and compelling storytelling this book is an essential resource for anyone seeking to understand the complex phenomenon of American street gangs and the multifaceted efforts to address them It is a call to action for policymakers law enforcement agencies community organizations and individuals to work together to create safer and more just communities for all This book is a comprehensive and thought provoking examination of American street gangs providing valuable insights for researchers policymakers practitioners and anyone interested in understanding and addressing this critical social issue If you like this book write a review

Combating Gangs Eileen R. Larence, 2010 The Dept of Justice DoJ estimates that the U S has about a million gang members While state and local agencies have primary responsibility for combating gang crime the fed gov t has key roles to enforce laws and help fund programs to provide alternatives to gang membership for at risk youth This report examines fed efforts to combat gang crime It addresses 1 the roles of DoJ and the Dept of Homeland Security DHS in combating gang crime and the extent to which DoJ and DHS agencies coordinate their efforts with each other and state and local agencies 2 the extent to which DoJ and DHS measure their gang enforcement efforts and 3 how fed funding is used to administer or support activities to reduce gang related crime

2011 National Gang Threat Assessment Federal Bureau of Investigation, 2012-01-01 Gangs continue to commit criminal activity recruit new members in urban suburban and rural regions across the United States and develop criminal associations that expand their influence over criminal enterprises particularly street level drug sales The most notable trends for 2011 have been the overall increase in gang membership and the expansion of criminal street gangs control of street level drug sales and collaboration with rival gangs and other criminal organizations
