Trivia      **Remediating Region** Gina Caison,Lisa Hinrichsen,Stephanie Rountree,2021-12-08 Rather than a media history of  
the region or a history of southern media Remediating Region New Media and the U S South formulates a critical  
methodology for studying the continuous reinventions of regional space across media platforms This innovative collection  
demonstrates that structures of media undergird American regionalism through the representation of a given geography s  
peoples places and ideologies It also outlines how the region answers back to the national media by circulating ever shifting  
ideas of place via new platforms that allow for self representation outside previously sanctioned media forms Remediating  
Region recognizes that all media was once new media In examining how changes in information and media modify concepts  
of region it both articulates the virtual realities of the twenty first century U S South and historicizes the impact of new  
media on a region that has long been mediated Eleven essays examine media moments ranging from the nineteenth century  
to the present day among them Frederick Douglass s utilization of early photography video game representations of a late  
capitalist landscape rural queer communities engagement with social media platforms and contemporary technologies  
focused on revitalizing Indigenous cultural practices Interdisciplinary in scope and execution Remediating Region argues  
that on an increasingly networked planet concerns over the mediated region continue to inform how audiences and  
participants understand their entr e into a global world through local space      **The Tacky South** Katharine A.  
Burnett,Monica Carol Miller,2022-06-15 As a way to comment on a person s style or taste the word tacky has distinctly  
southern origins with its roots tracing back to the so called tackies who tacked horses on South Carolina farms prior to the  
Civil War The Tacky South presents eighteen fun insightful essays that examine connections between tackiness and the

American South ranging from nineteenth century local color fiction and the television series *Murder She Wrote* to red velvet cake and the ubiquitous influence of Dolly Parton Charting the gender race and class constructions at work in regional aesthetics *The Tacky South* explores what shifting notions of tackiness reveal about US culture as a whole and the role that region plays in addressing national and global issues of culture and identity *Reports of Cases in the Supreme Court of Nebraska* Nebraska. *Cases on the Law of Torts* Francis Hermann Bohlen, 1915 **Death in the Coverts** Roderic Jeffries, 2015-08-11 A wealthy family's country estate becomes a site of scandal and murder in this first rate whodunit The Sunday Telegraph The wealthy Decker family has lived at Hurstley Place for hundreds of years And the traditional pheasant shoot is still an annual event although it is now financed and enjoyed by members of an outside organization One of its members Bill Rafferty desperately wants to be invited to dinner by the Deckers and accepted into their social circle But the Deckers treat him with disdain When Rafferty is found dead in the forest it's assumed he accidentally shot himself because of his clumsiness with a rifle until DI Doherty arrives on the scene and suspects foul play When it's discovered that Rafferty had been blackmailing the Decker estate and rumors that his wife was having an affair it seems the killing may have had a motive When a second person is shot dead in the woods murder is beyond doubt But after the police think they've captured the culprit more evidence reveal they may have apprehended an innocent man If so the real killer remains free to pursue a twisted criminal scheme in this compelling crime novel from an ingenious writer The New York Times Book Review All Mr Jeffries stories are well made and interesting The Times Literary Supplement
