Future Science John Warren White, Stanley Krippner, 1977 **National Library of Medicine Current Catalog**
National Library of Medicine (U.S.), *The Subtle Energy Body* Maureen Lockhart, 2010-09-23 A global study of the psychospiritual body and its central role in the esoteric and spiritual traditions of the world Explains the nature purpose and functions of the subtle body Explores the role of the subtle body in such traditions as Alchemy Ayurveda Tantra Qi Gong and Yoga Shows how the various layers of the subtle body provide a map for various levels of consciousness Ancient traditions of both the East and West have long maintained that the human being is a complex of material and nonmaterial systems or energy bodies The subtle body is an energetic psychospiritual entity of several layers of increasing subtlety and metaphysical significance through which the aspirant seeks knowledge of the self and the nature of God In many traditions the component parts of the subtle body serve as a map of the different levels of consciousness The practices and disciplines that evolved from an awareness and understanding of the subtle body and how the material and nonmaterial work together form a coherent system of psychospiritual transformation that is central to numerous and extremely diverse spiritual practices including those of the Gnostics Sufis Native Americans Vedic seers Chinese and Greeks The subtle body plays an essential part in more recent traditions such as Anthroposophy and Gurdjieff's Fourth Way and the cutting edge science of Ervin Laszlo's research into the Akashic field But the benefits of understanding the role of the subtle energy body are not confined solely to the spiritual plane The energetic bodies provide a coherent system of life affirming principles and practices for the diagnosis and treatment of the whole person that is not only part of many traditional healing systems such as Acupuncture and Ayurveda but also is forming the basis for a synthesis of traditional and contemporary healing practices that could lay the foundation for the medicine of the future **Satan's Counterfeit Healing** Lawrence E. Burkholder, 2019-09-30 The Christian church worldwide has been taken prisoner by Satan's counterfeit healing This statement is based on the author's personal experience modest exposure to the Toronto Blessing observation of parachurch healing ministries and extensive historical reconstructions Satan's Counterfeit Healing presents and evaluates Satan's supernatural healing from the Paleolithic period ca 45000 BCE to the contemporary church The guiding thesis is that Satan and his demonic surrogates perform miracles which are evident as psi paranormal phenomena These manifestations include physical and exorcistic supernatural healings Paleolithic and Neolithic periods produced Great Mother goddess worship and healing which have persisted ever since These idolatries combined with OT nature gods were a backdrop to Jesus' true miracles For two thousand years of church history there's been a tug of war between true and false healing Mother goddess as Mariological shrine healing joined with natural and demonic magic and esoteric energy psi Alongside these the Holy Spirit has raised up genuine healers and their ministries Modern healing is marked by energy counterfeits and faith healing the latter especially accompanied by trance false prophecy and psi transformations True divine healing can be recovered when Christians
