Fuzzy Information Decision Processes:

Fuzzy Decision-Making Methods Based on Prospect Theory and Its Application in Venture Capital Xiaoli

Tian,Zeshui Xu,2021-03-22 This book gives a thorough and systematic introduction to the latest research results about fuzzy decision making method based on prospect theory It includes eight chapters Introduction Intuitionistic fuzzy MADM based on prospect theory QUALIFLEX based on prospect theory with probabilistic linguistic information Group PROMETHEE based on prospect theory with hesitant fuzzy linguistic information Prospect consensus with probabilistic hesitant fuzzy preference information Improved TODIM based on prospect theory and the improved TODIM with probabilistic hesitant fuzzy information etc This book is suitable for the researchers in the fields of fuzzy mathematics operations research behavioral science management science and engineering etc It is also useful as a textbook for postgraduate and senior year undergraduate students of the relevant professional institutions of higher learning Models for Multiple Attribute

Decision-Making with Dual Generalized Single-Valued Neutrosophic Bonferroni Mean Operators Jie Wang, Xiyue Tang , Guiwu Wei , In this article we expand the dual generalized weighted BM DGWBM and dual generalized weighted geometric Bonferroni mean DGWGBM operator with single valued neutrosophic numbers SVNNS to propose the dual generalized single valued neutrosophic number WBM DGSVNNWBM operator and dual generalized single valued neutrosophic numbers WGBM DGSVNNWGBM operator *Uncertain Computation-based Decision Theory* Rafik Aziz Aliev,2017-12-06 Uncertain

computation is a system of computation and reasoning in which the objects of computation are not values of variables but restrictions on values of variables This compendium includes uncertain computation examples based on interval arithmetic probabilistic arithmetic fuzzy arithmetic Z number arithmetic and arithmetic with geometric primitives The principal problem with the existing decision theories is that they do not have capabilities to deal with such environment Up to now no books where decision theories based on all generalizations level of information are considered Thus this self containing volume intends to overcome this gap between real world settings decisions and their formal analysis *Neutrosophic Soft Rough*

Topology and its Applications to Multi-Criteria Decision-Making Muhammad Riaz ,Florentin Smarandache,Faruk Karaaslan,Masooma Raza Hashmi,Iqra Nawaz, In this manuscript we introduce the notion of neutrosophic soft rough topology NSR topology defined on neutrosophic soft rough set NSR set We define certain properties of NSR topology including NSR interior NSR closure NSR exterior NSR neighborhood NSR limit point and NSR bases Furthermore we aim to develop some multi criteria decision making MCDM methods based on NSR set and NSR topology to deal with ambiguities in the real world problems For this purpose we establish algorithm 1 for suitable brand selection and algorithm 2 to determinenore issues to control crime rate based on NSR lower approximations NSR upper approximations matrices core and NSR topology **Multi-Attribute Decision Making Method Based on Aggregated Neutrosophic Set** Wen Jiang

,Zihan Zhang, Xinyang Deng, Multi attribute decision making refers to the decision making problem of selecting the optimal

alternative or sorting the scheme when considering multiple attributes which is widely used in engineering design economy management and military etc But in real application the attribute information of many objects is often inaccurate or uncertain so it is very important for us to find a useful and efficient method to solve the problem Neutrosophic set is proposed from philosophical point of view to handle inaccurate information efficiently and a single valued neutrosophic set SVNS is a special case of neutrosophic set which is widely used in actual application fields In this paper a new method based on single valued neutrosophic sets aggregation to solve multi attribute decision making problem is proposed Firstly the neutrosophic decision matrix is obtained by expert assessment a score function of single valued neutrosophic sets SVN_S is defined to obtain the positive ideal solution PIS and the negative ideal solution NIS Then all alternatives are aggregated based on TOPSIS method to make decision Finally numerical examples are given to verify the feasibility and rationality of the method

Epistemic Foundations of Fuzziness Kofi Kissi Dompere, 2009-07-22 It is necessary to practice methodological doubt like Descartes in order to loosen the hold of mental habits and it is necessary to cultivate logical imagination in order to have a number of hypotheses at command and not to be the slave of the one which common sense has rendered easy to imagine These two processes of doubting the familiar and imagining the unfamiliar are corrective and form the chief part of the mental training required for a philosopher Bertrand Russell At every stage and in all circumstances knowledge is incomplete and provisional conditioned and limited by the historical circumstances under which it was acquired including the means and methods used for gaining it and the historically conditioned assumptions and categories used in the formulation of ideas and conclusions Maurice Cornforth This monograph is the second in the series of meta theoretic analysis of fuzzy paradigm and its contribution and possible contribution to formal reasoning in order to free the knowledge production process from the rigid frame of the classical paradigm that makes its application to soft and inexact sciences difficult or irrelevant The work in the previous monograph was strictly devoted to problems of theory of knowledge and critique of classical bounded and other rationalities in decision choice processes regarding the principles of verification falsification or corroboration in knowledge production This monograph deals mostly with epistemic decision choice models and theories and how they are related to both the classical and fuzzy paradigms

Lecture Notes in Computational Intelligence and Decision Making Sergii Babichev, Volodymyr Lytvynenko, 2021-07-22 This book is devoted to current problems of artificial and computational intelligence including decision making systems Collecting analysis and processing information are the current directions of modern computer science Development of new modern information and computer technologies for data analysis and processing in various fields of data mining and machine learning creates the conditions for increasing effectiveness of the information processing by both the decrease of time and the increase of accuracy of the data processing The book contains of 54 science papers which include the results of research concerning the current directions in the fields of data mining machine learning and decision making The papers are divided in terms of their topic into three sections The first section

Analysis and Modeling of Complex Systems and Processes contains of 26 papers and the second section Theoretical and Applied Aspects of Decision Making Systems contains of 13 papers There are 15 papers in the third section Computational Intelligence and Inductive Modeling The book is focused to scientists and developers in the fields of data mining machine learning and decision making systems

Large Group Decision Making Iván Palomares Carrascosa, 2018-10-31 This SpringerBrief provides a pioneering central point of reference for the interested reader in Large Group Decision Making trends such as consensus support fusion and weighting of relevant decision information subgroup clustering behavior management and implementation of decision support systems among others Based on the challenges and difficulties found in classical approaches to handle large decision groups the principles families of techniques and newly related disciplines to Large Group Decision Making such as Data Science Artificial Intelligence Social Network Analysis Opinion Dynamics Behavioral and Cognitive Sciences are discussed Real world applications and future directions of research on this novel topic are likewise highlighted

Operators on Single Valued Trapezoidal Neutrosophic Numbers and SVTN-Group Decision Making Irfan Deli, In this paper we first introduce single valued trapezoidal neutrosophic SVTN numbers with their properties We then define some operations and distances of the SVTN numbers Based on these new operations we also define some aggregation operators including SVTN ordered weighted geometric operator SVTN hybrid geometric operator SVTN ordered weighted arithmetic operator and SVTN hybrid arithmetic operator We then examine the properties of these SVTN information aggregation operators By using the SVTN weighted geometric operator and SVTN hybrid geometric operator we also define a multi attribute group decision making method called SVTN group decision making method We finally give an illustrative example and comparative analysis to verify the developed method and to demonstrate its practicality and effectiveness

TODIM Method for Single-Valued Neutrosophic Multiple Attribute Decision Making Dong-Sheng Xu, Cun Wei, Gui-Wu Wei, Recently the TODIM has been used to solve multiple attribute decision making MADM problems The single valued neutrosophic sets SVNSs are useful tools to depict the uncertainty of the MADM

Granular Computing and Decision-Making Witold Pedrycz, Shyi-Ming Chen, 2015-04-21 This volume is devoted to interactive and iterative processes of decision making

I2 Fuzzy Decision Making in brief Decision making is inherently interactive Fuzzy sets help realize human machine communication in an efficient way by facilitating a two way interaction in a friendly and transparent manner Human centric interaction is of paramount relevance as a leading guiding design principle of decision support systems The volume provides the reader with an updated and in depth material on the conceptually appealing and practically sound methodology and practice of I2 Fuzzy Decision Making The book engages a wealth of methods of fuzzy sets and Granular Computing brings new concepts architectures and practice of fuzzy decision making providing the reader with various application studies The book is aimed at a broad audience of researchers and practitioners in numerous disciplines in which decision making processes play a pivotal role and serve as a vehicle to produce solutions to existing problems Those

involved in operations research management various branches of engineering social sciences logistics and economics will benefit from the exposure to the subject matter The book may serve as a useful and timely reference material for graduate students and senior undergraduate students in courses on decision making Computational Intelligence operations research pattern recognition risk management and knowledge based systems

Multiple-Attribute Decision-Making Method Using Similarity Measures of Hesitant Linguistic Neutrosophic Numbers Regarding Least Common Multiple Cardinality Wenhua Cui ,Jun Ye, Linguistic neutrosophic numbers LNNs are a powerful tool for describing fuzzy information with three independent linguistic variables LVs which express the degrees of truth uncertainty and falsity respectively However existing LNNs cannot depict the hesitancy of the decision maker DM To solve this issue this paper first defines a hesitant linguistic neutrosophic number HLNN which consists of a few LNNs regarding an evaluated object due to DMs hesitancy to represent their hesitant and uncertain information in the decision making process

Multi-Objective and Multi-Attribute Optimisation for Sustainable Development Decision Aiding Samarjit Kar,Edmundas Kazimieras Zavadskas,Jurgita Antuchevičienė,2019-09-20 Optimization is considered as a decision making process for getting the most out of available resources for the best attainable results Many real world problems are multi objective or multi attribute problems that naturally involve several competing objectives that need to be optimized simultaneously while respecting some constraints or involving selection among feasible discrete alternatives In this Reprint of the Special Issue 19 research papers co authored by 88 researchers from 14 different countries explore aspects of multi objective or multi attribute modeling and optimization in crisp or uncertain environments by suggesting multiple attribute decision making MADM and multi objective decision making MODM approaches The papers elaborate upon the approaches of state of the art case studies in selected areas of applications related to sustainable development decision aiding in engineering and management including construction transportation infrastructure development production and organization management

Group Decision and Negotiation in an Uncertain World Ye Chen,Gregory Kersten,Rudolf Vetschera,Haiyan Xu,2018-06-07 This book constitutes the refereed proceedings of the 18th International Conference on Group Decision and Negotiation GDN 2018 held in Nanjing China in June 2018 The field of Group Decision and Negotiation focuses on decision processes with at least two participants and a common goal but conflicting individual goals Research areas of Group Decision and Negotiation include electronic negotiations experiments the role of emotions in group decision and negotiations preference elicitation and decision support for group decisions and negotiations and conflict resolution principles The 15 full papers presented in this volume were carefully reviewed and selected from 143 submissions They were organized in topical sections named theoretical concepts of group decision and negotiation decision support and behavior in group decision and negotiation and applications of group decision and negotiations

Picture Fuzzy Logic and Its Applications in Decision Making Problems Chiranjibe Jana,Madhumangal Pal,Valentina Emilia Balas,Ronald R. Yager,2023-11-08 Picture Fuzzy Logic and Its Applications in

Decision Making Problems provides methodological frameworks and the latest empirical research findings in the field of picture fuzzy operators and their applications in scientific research and real world engineering problems Although fuzzy logic can be applied in a number of different areas many researchers and developers are not yet familiar with how picture fuzzy operators can be applied to a variety of advanced decision making problems Picture fuzzy set is a more powerful tool than fuzzy set or intuitionistic fuzzy set to tackle uncertainty in a variety real world modeling applications Picture fuzzy set is actually the generalization of intuitionistic fuzzy set and intuitionistic fuzzy set is the generalization of fuzzy set In this book the picture fuzzy sets are investigated and different types of operators are defined to solve a number of important decision making and optimization problems The hybrid operator on picture fuzzy set based on the combination of picture fuzzy weighted averaging operators and picture fuzzy weighted geometric operators is developed and named Hybrid Picture Fuzzy Weighted Averaging Geometric H PFWAG operator Another operator is developed for interval valued picture fuzzy environment which is named Hybrid Interval Valued Picture Fuzzy Weighted Averaging Geometric H IVPFWAG operator These two operators are then demonstrated as solutions to Multiple Attribute Decision Making MADM problems The picture fuzzy soft weighted aggregation operators averaging and geometric are defined and these are applied to develop a multi criteria group decision making system The Dombi operator in the picture fuzzy environment is then defined and applied to solve MADM problems Based on the Dombi operator several other operators are defined These are the picture fuzzy Dombi aggregation operators including picture fuzzy Dombi weighted averaging operator picture fuzzy Dombi order weighted averaging operator picture fuzzy Dombi hybrid averaging operator picture fuzzy Dombi weighted geometric operator picture fuzzy Dombi order weighted geometric operator and picture fuzzy Dombi hybrid geometric operator Each of these operators are used to solve MADM problems An extension picture fuzzy set known as m polar picture fuzzy set is proposed and investigated along with many properties of m polar picture fuzzy Dombi weighted averaging and geometric operators each of these operators are applied to MADM problems Another extension of the picture fuzzy set is the interval valued picture fuzzy uncertain linguistic environment In this set interval valued picture fuzzy uncertain linguistic weighted averaging and geometric operators are developed and interval valued picture fuzzy uncertain linguistic Dombi weighted aggregation operators are utilized in the MADM process In the complex picture fuzzy environment the authors demonstrate some complex picture fuzzy weighted aggregation operators to be used in solving MADM problems Another approach called MABAC with picture fuzzy numbers is studied and developed as a multi attribute group decision making model Furthermore the picture fuzzy linear programming problem PFLPP is initiated in which the parameters are picture fuzzy numbers PFNs The picture fuzzy optimization method is applied for solving the PFLPP This concept is used to solve the picture fuzzy multi objective programming problem PFMOLPP under the picture fuzzy environment Provides in depth explanations of picture fuzzy logic and its application to computational modeling problems Helps readers understand the difference between various

fuzzy logic methods Provides concepts used to develop and solve problems within the picture fuzzy environment Theory and Approaches of Group Decision Making with Uncertain Linguistic Expressions Hai Wang,Zeshui Xu,2019-01-12 This book mainly introduces a series of theory and approaches of group decision making based on several types of uncertain linguistic expressions and addresses their applications The book pursues three major objectives 1 to introduce some techniques to model several types of natural linguistic expressions 2 to handle these expressions in group decision making and 3 to clarify the involved approaches by practical applications The book is especially valuable for readers to understand how linguistic expressions could be employed and operated to make decisions and motivates researchers to consider more types of natural linguistic expressions in decision analysis under uncertainties Hesitant Neutrosophic Linguistic Sets and Their Application in Multiple Attribute Decision Making Yongfeng Pang,Wei Yang, In this paper the hesitant neutrosophic linguistic set is first defined by extending a hesitant fuzzy set to accommodate linguistic terms and neutrosophic fuzzy values Some operational laws are defined for hesitant neutrosophic linguistic fuzzy information **A new approach for multi-attribute decision-making problems in bipolar neutrosophic sets** Vakkas Ulucay,Adil Kilic,Ismet Yildiz,Mehmet Şahin, In this study we give a new outranking approach for multi attribute decision making problems in bipolar neutrosophic environment

Bipolar neutrosophic distance measure in multi-attribute decision making Chunfang Liu, Bipolar neutrosophic set BNS is a generalization of bipolar fuzzy set and neutrosophic set that can describe the uncertain information from both positive and negative perspectives In this contribution we study the multi attribute decision making methods based on the distance measure under the uncertain information which the attribute weights are incompletely known or completely unknown *Decision Making Under Uncertainty Via Optimization, Modelling, and Analysis* Laxminarayan Sahoo,Tapan Senapati,Madhumangal Pal,Ronald R. Yager,2025-03-02 This book focuses on cutting edge developments in optimal decision making incorporating modeling and optimization for determining renewable energy sources supply chain management and environmental planning under uncertainty It addresses mathematical models of cost effective management policies This book presents the best decision making practices for solving real world challenges This book provides access to an invaluable collection of various decision making issues that scholars and industry practitioners use as a reference The readers are able to understand how decision making problems are formulated under uncertainty and how to use right optimization strategies to fix problems

Discover tales of courage and bravery in Crafted by is empowering ebook, Stories of Fearlessness: **Fuzzy Information Decision Processes** . In a downloadable PDF format (*), this collection inspires and motivates. Download now to witness the indomitable spirit of those who dared to be brave.

Fuzzy Information Decision Processes Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Fuzzy Information Decision Processes PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Fuzzy Information Decision Processes PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and

publishers who make these resources available. In conclusion, the availability of Fuzzy Information Decision Processes free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Fuzzy Information Decision Processes Books

1. Where can I buy Fuzzy Information Decision Processes books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Fuzzy Information Decision Processes book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Fuzzy Information Decision Processes books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are Fuzzy Information Decision Processes audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.

8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.
9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
10. Can I read Fuzzy Information Decision Processes books for free? Public Domain Books: Many classic books are available for free as they're in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.
