Dostoyevsky's The Brothers Karamazov H. Richmond Neuville, 1965 **Slavic Roots in Dostoevsky and Conrad** Marjorie Ann Carey, 1985 *Fyodor Dostoevsky, Walker Percy, and the Age of Suicide* John F. Desmond, 2019-01-09 Fyodor Dostoevsky Walker Percy and the Age of Suicide is a study of the phenomenon of suicide in modern and post modern society as represented in the major fictional works of Fyodor Dostoevsky and Walker Percy In his study suicide is understood in both a literal and spiritual sense as referring to both the actual suicides in their works and to the broader social malaise of spiritual suicide or despair In the 19th century Dostoevsky called suicide the terrible question of our age For his part Percy understood 20th century Western culture as suicidal in both its social political and military behavior and in the deeper sense that its citizenry had suffered an ontological loss of self or deformation of being Likewise Thomas Merton called the 20th century an age of suicide Dostoevsky Edward Wasiolek, 1971 In the past critics have considered Dostoevsky an artist thinker or psychologist according to their own temperament Now with the appearance of Dostoevsky The Major Fiction it is at last possible to see him whole for in this close critical reading of Dostoevsky's major works the aesthetic ideological and psychological factors are as thoroughly interwoven and interdependent as they are in the novels themselves **Nathalie Sarraute and Fedor Dostoevsky: Their Philosophy, Psychology, and Literary Techniques** Ruth Levinsky, 1973 The emphasis of this study is on the work of Nathalie Sarraute as affiliated with that of Fedor Dostoevsky By tracing an affiliation with Dostoevsky that is the area held in common in terms of their similarities as well as their differences it may be possible to gain a greater insight into Sarraute's novels and also possibly into Dostoevsky's novels *Cithara*, 1988 The Brothers Karamazov Fyodor Dostoyevsky, 1960 In 1880 Dostoevsky completed The Brothers Karamazov the literary effort for which he had been preparing all his life Compelling profound complex it is the story of a patricide and of the four sons who each had a motive for murder Dmitry the sensualist Ivan the intellectual Alyosha the mystic and twisted cunning Smerdyakov the bastard child Frequently lurid nightmarish always brilliant the novel plunges the reader into a sordid love triangle a pathological obsession and a gripping courtroom drama But throughout the whole Dostoevsky searches for the truth about man about life about the existence of God A terrifying answer to man's eternal questions this monumental work remains the crowning achievement of perhaps the finest novelist of all time **Moral Freedom as the Key to Dostoyevsky's Major Novels** Joseph Aloysius Rogers, 1971 **Humanizing Business** Michel Dion, R. Dmytriiev, 2022-05-30 This book is about humanizing business In contrast to the mainstream modern management and leadership literature this book provides distinctly humane perspectives on business The volume travels outside the world of business to explore what Humanities such as Philosophy History Literature Creative Arts and Cultural Studies can offer to business Renowned scholars from different Humanities disciplines as well as management researchers exploring the heritage of Humanities convey what it actually means to make business more humane The book strives to humanize business It aims to show that it is not people who have to suppress their human feelings aspirations and beliefs when they are at their

Beauty Will Save the World Gregory Wolfe,2014-04-08 Culture Not Politics We live in a politicized time Culture wars and increasingly partisan conflicts have reduced public discourse to shouting matches between ideologues But rather than merely bemoaning the vulgarity and sloganeering of this era says acclaimed author and editor Gregory Wolfe we should seek to enrich the language of civil discourse And the best way to do that Wolfe believes is to draw nourishment from the deepest sources of culture art and religious faith Wolfe has been called one of the most incisive and persuasive voices of our generation and this penetrating and wide ranging book makes a powerful case for the importance of beauty and imagination to cultural renewal He begins by tracing his own journey from a young culture warrior bent on attacking the modern world to a career devoted to nurturing the creation of culture through contemporary literature and art that renew the Western tradition Along the way Wolfe finds in Renaissance Christian humanists like Erasmus and Thomas More and their belief that imagination and the arts are needed to offset the danger of ideological abstractions a distant mirror in which to see our own times
