Pregnant Fictions Holly Tucker, 2003 Pregnant Fictions explores the complex role of pregnancy in early modern tale telling and considers how stories of childbirth were used to rethink gendered truths at a key moment in the history of ideas How male medical authorities and female literary authors struggled to describe the inner workings of the unseen and competed to shape public understanding of it is the focus of this engaging work by Holly Tucker In illuminating the gender politics underlying dramatic changes in reproductive theory and practice Tucker shows just how tenuous the boundaries of scientific fact and marvelous fictions were in early modern France On the literary front Tucker argues women used the fairy tale to rethink the biology of childbirth and the sociopolitical uses to which it had been put She shows that in references to midwives infertility sex selection and embryological theories fairy tale writers experimented with alternative ways of understanding pregnancy In so doing they suggested new ways in which to envision women knowledge and power in both the public and the private spheres

Television Introductions Vincent Terrace, 2013-11-07

Since the beginning of network television many shows have been preceded by an announcement or theme song that served various purposes In the 1950s and 60s it was common for announcers to declare that a program had been brought to you by a sponsor who paid for the privilege of introducing a show Other programs such as The Twilight Zone Star Trek and The Odd Couple provided a brief encapsulation of the show's subject matter a practice that has continued for recent shows like Alias

Battlestar Galactica Person of Interest and the various editions of Law Order In Television Introductions Narrated TV Program Openings since 1949 Vincent Terrace has assembled openings for more than nine hundred television shows from the past seven decades The only documented history of narrated television program introductions this volume is arranged by type of programming such as comedy drama Western game show soap opera and children s show In addition to quoting the opening material entries provide information about each show s network history and years of broadcast Many entries include descriptions of the show the names of announcers and a list of main cast members as well as a sponsor pitch exactly as spoken Openings for programs with multiple introductions like The Adventures of Ozzie and Harriet and Charlie s Angels are also included For programs that featured new guest stars every episode such as game shows and variety programs Terrace has selected a representative introduction In addition to the theme song credits found in the main text there are also appendixes of theme songs and their composers and or singers as well as a listing of commercial releases on DVD VHS CD and LP of shows and their soundtracks A comprehensive resource for researchers and pop culture aficionados alike Television Introductions provides a fascinating look at this neglected part of TV history **The Attack of the Aqua Apes** R.L.
