original account John Shovlin reveals the extent to which Britain and France sought to divert their rivalry away from war and into commercial competition The two powers worked to end future conflict over trade in Spanish America the Caribbean and India and imagined forms of empire building that would be more collaborative than competitive They negotiated to cut cross channel tariffs recognizing that free trade could foster national power while muting enmity This account shows that eighteenth century capitalism drove not only repeated wars and overseas imperialism but spurred political leaders to strive for global stability

The Complete Story of Civilization Will Durant,2014-01-21 The Complete Story of Civilization by Will Durant represents the most comprehensive attempt in our times to embrace the vast panorama of man s history and culture This eleven volume set includes Volume One Our Oriental Heritage Volume Two The Life of Greece Volume Three Caesar and Christ Volume Four The Age of Faith Volume Five The Renaissance Volume Six The Reformation Volume Seven The Age of Reason Begins Volume Eight The Age of Louis XIV Volume Nine The Age of Voltaire Volume Ten Rousseau and Revolution Volume Eleven The Age of Napoleon *Rousseau and Revolution* Will Durant,Ariel Durant,2011-06-07 Winner of the Pulitzer Prize A history of civilization in France England and Germany from 1756 and in the remainder Europe from 1715 to 1789 *To the Uttermost Parts of the Earth* Martti Koskenniemi,2021-08-26 To the Uttermost Parts of the Earth shows the vital role played by legal imagination in the formation of the international order during 1300 1870 It discusses how European statehood arose during early modernity as a locally specific combination of ideas about sovereign power and property rights and how those ideas expanded to structure the formation of European empires and consolidate modern international relations By connecting the development of legal thinking with the history of political thought and by showing the gradual rise of economic analysis into predominance the author argues that legal ideas from different European legal systems Spanish French English and German have played a prominent role in the history of global power This history has emerged in imaginative ways to combine public and private power sovereignty and property The book will appeal to readers crossing conventional limits between international law international relations history of political thought jurisprudence and legal history

The Enlightenment that Failed Jonathan Israel,2019 Radical and conservative Enlightenment ideologies began to break apart as the desire for a fair society clashed with questions of religion and secularization The Enlightenment that Failed shows how ideas promoting the interest of society as a whole came to be almost defeated by ideas buttressing the interests of the privileged few

The Max Planck Handbooks in European Public Law: Volume I: The Administrative State Sabino Cassese,Armin von Bogdandy,Peter Huber,2017-07-24 The Max Planck Handbooks in European Public Law series describes and analyses the public law of the European legal space an area that encompasses not only the law of the European Union but also the European Convention on Human Rights and importantly the domestic public laws of European states Recognizing that the ongoing vertical and horizontal processes of European integration make legal comparison the task of our time for both scholars and practitioners it aims to foster the development of a specifically European legal

pluralism and to contribute to the legitimacy and efficiency of European public law The first volume of the series begins this enterprise with an appraisal of the evolution of the state and its administration with cross cutting contributions and also specific country reports While the former include among others treatises on historical antecedents of the concept of European public law the development of the administrative state as such the relationship between constitutional and administrative law and legal conceptions of statehood the latter focus on states and legal orders as diverse as e g Spain and Hungary or Great Britain and Greece With this the book provides access to the systematic foundations pivotal historic moments and legal thought of states bound together not only by a common history but also by deep and entrenched normative ties for the quality of the *ius publicum europaeum* can be no better than the common understanding European scholars and practitioners have of the law of other states An understanding thus improved will enable them to operate with the shared skills knowledge and values that can bring to fruition the different processes of European integration **The**
