### **Gabriel Hawks Lady Large Print:**

**The Traveler** John Twelve Hawks, 2010-10-29 Gabriel and Michael Corrigan are two young men living just beneath the glittering surface of life in Los Angeles. Since childhood the brothers have been shaped by stories that their father was a Traveler, one of an elite group of prophets able to attain pure enlightenment. The Corrigan family, who may have inherited their father's gifts, have always lived off the grid that is invisible to the intricate surveillance networks that monitor people in our modern world. Thousands of miles away, Maya is attempting to lead a normal life in London. The attractive twenty-six-year-old designer wants to ignore the fact that she comes from a long lineage of Harlequins, a band of warriors pledged to protect the Travelers at all costs. When Maya is summoned to Prague by her ailing father, she learns that Gabriel and Michael have just been located in California. The brothers may represent the last surviving Travelers and are in desperate need of protection. Maya is reluctant to be drawn into the solitary, destructive life of her ancestors, but she has been trained to fight since she was a young girl. Also searching for the brothers is Nathan Boone, a disciplined mercenary working for the Tabulas, ruthless men who are determined to inflict order on the world by invisibly controlling its population. Boone and the Tabulas fear the power of the Travelers, and for generations Tabulas have hunted them down. When Maya flies to California in search of Gabriel and Michael Corrigan, a colossal battle looms that will reveal a secret history of our time. In this stunningly suspenseful first novel, reminiscent of George Orwell and Philip Pullman, John Twelve Hawks has created a vividly imagined world that runs parallel to our own. Moving at lightning speed from the back alleys of Prague to the underworld of Los Angeles to a guarded research facility in New York, *The Traveler* goes beneath the surface to give us new insights on history and our own lives.

**The New Biographical Dictionary of Film** David Thomson, 2010 Thomson independent scholar writing of *The Biographical Dictionary of Film* aka *A Biographical Dictionary of the Cinema* 1975 edition described it as a personal, opinionated, and obsessive biographical dictionary of the cinema. Thirty-five years and several editions later, that description still holds true of this expanded work. The new dictionary summarizes salient facts about its subjects' lives and discusses their film credits in terms of the quality of the filmmakers' work. In ambition, it has competitors including Leslie Halliwell's various editions of *Halliwell's Filmgoers Companion* 12th ed 1997 and *Halliwell's Who's Who in the Movies* edited by John Walker 4th ed rev and updated 2006, which cover films and technical terms, categories not included in Thomson's, but whose entries are neutral and exceedingly brief. Additionally, Francophile Richard Roud's edited *Cinema: A Critical Dictionary: The Major Filmmakers* 2 v 1980 is as passionate a work as Thomson's, but narrower in scope, with entries written by various experts rather than only by Roud. Finally, the multivolume magnum opus *The International Dictionary of Films and Filmmakers* 4th ed 2000 ed by T Pendergast and S Pendergast 2nd ed ed by N Thomas v 1 CH May 91 1st ed ed by C Lyon v 1 2 CH Jan 85 v 3 CH Apr 87 v 4 5 CH Jun 88 covers everything: films, directors, actors, writers, and production artists, with generous, measured, scholarly entries and lavish illustrations. However, it looms large and heavy, unlike the handy one-volume

work by Thomson Arguably Thomson's work for its scope is the most fun the most convenient and the most engaging title All libraries supporting people interested in film should buy it It will get lots of use and provide very good value for the money
