Gaia Speaks Sacred Earth Wisdom:

Gaia Speaks Pepper Lewis, 2005-07-01 Welcome to your book I can assure you that your copy is unique and original In fact it has been written with you in mind and has been specifically dedicated to you I am the nonphysical sentience of this planet simply put I am the planet Earth I am the body and the soul of the planet you currently inhabit My sentience guides and enlivens all that surrounds the planet as well as all that is upon and within her My sentience animates the air you breathe the energy you burn and the water you drink My sentience the most aware advanced and attuned aspect of my being is that which directs these words Although many believe in a sentient or feeling Earth not all are attuned to her Channeling offers a unique advantage in this respect because it allows the transmission of vibrations and impressions to be communicated as language Today two priorities guide my sentience The first is to erase the perception of separation that seems to threaten the planet The second priority is to awaken and expand the collective consciousness It is my hope that you will find my message meaningful and that you will continue to develop an appreciation for who and what you are Gaia

Gaia Speaks Pepper Lewis, 2005 Manu of us believe that Earth to be sentient or feeling but we are disconnected from her because we can't understand her vibrations and impressions Gaia the sentience of Earth speaks to us through Pepper Lewis teaching us how to be attuned to the Earth and to learn from her **Behold a Pale Horse** William Cooper, 1991-01-01 A former member of the U S Naval Intelligence briefing team reveals information that the government has kept secret since the 1940s on topics ranging from UFOs and the assassination of JFK to the war on drugs **Welcome to Planet Earth** Hannah Beaconsfield, 2011 At this time in the development of the Earth species the brain mind does not have a large enough data acquisition and computing capacity to take in the multidimensions of the walk in process The characteristics of these dimensions would allow for many types of spirit activity on the Earth plane beyond the simple actually simplistic explanation of a single soul unit changing places with another single soul Spirit and consciousness are more fluid and variable than your world has considered We will tell you that spirit guides and guardian angels surround everyone who is participating in these expanded spirit processes The increasing number of walk ins at this time is in service to the ascension or step up in consciousness of the species These participants can always call on guides for assistance We Pleadians are guides in the project We are always available and we wish you peace The Pleadian Light *Solutions for a Small Planet, Volume 2* Pepper Lewis, 2010-06-01 We collective humanity are one of Earth's resources We cycle and recycle ourselves through lifetimes upon Earth learning sharing and contributing to Earth in a variety of ways Gaia truly benefits from our company and her sentience enjoys the varied history we have shared with the planet That being said this is a time of great change for humanity and for Earth We are on the cusp of a New Age and time is running out on our present soon to be recent past age Gaia cannot offer us complete solutions to our difficulties and dilemmas but she can instill within us the knowingness to see through our predicaments to solve the puzzles of our time *Awaken* Rosalie Deer Heart, 2011-07-21

The Ancient Secret of the Flower of Life, Volume 2 Drunvalo Melchizedek, 2000. The sacred Flower of Life pattern, the primary geometric generator of all physical form, is explored in even more depth in this volume, the second half of the famed Flower of Life workshop. The proportions of the human body, the nuances of human consciousness, the sizes and distances of the stars, planets, and moons, even the creations of humankind, are all shown to reflect their origins in this beautiful and divine image. Through an intricate and detailed geometrical mapping, Drunvalo Melchizedek shows how the seemingly simple design of the Flower of Life contains the genesis of our entire third-dimensional existence. From the pyramids and mysteries of Egypt to the new race of Indigo children, Drunvalo presents the sacred geometries of the Reality and the subtle energies that shape our world. We are led through a divinely inspired labyrinth of science and stories, logic and coincidence, on a path of remembering where we come from and the wonder and magic of who we are. Finally, for the first time in print, Drunvalo shares the instructions for the Mer Ka Ba meditation, step-by-step techniques for the re-creation of the energy field of the evolved human, which is the key to ascension and the next dimensional world. If done from love, this ancient process of breathing prana opens up for us a world of tantalizing possibility in this dimension, from protective powers to the healing of oneself, of others, and even of the planet. Embrace the expanded vision and understanding that Drunvalo offers to the world. Coincidences abound, miracles flourish, and the amazing stories of mysteries unveiled arise as the author probes the Ancient Secrets of the Flower of Life.
