Starrs,2025-10-01 Japan is widely regarded as having a unique culture and a strong national identity Paradoxically however many basic elements of Japanese culture are not originally Japanese Since the beginning of its history Japan has been one of the world s major importers of foreign cultures Its culture was thoroughly hybrid long before that word became fashionable in contemporary global studies But this does not mean that Japan s culture lacks originality The Japanese have always made strikingly original contributions even improvements to whatever they imported Even more significantly the hybridity of their culture produced ongoing tensions that served as a kind of creative dynamo for Japanese writers artists and intellectuals This book explores the fundamental creative tension between the native and the foreign in many areas of Japanese culture from politics and religion to art and literature a tension also often interpreted as between tradition and modernity Books on Japan and Asian Countries in Foreign Languages Published in Japan ,1992 The Poetics of Empowerment in David Mitchell's Novels Eva-Maria Windberger,2023-07-17 The Poetics of Empowerment in David Mitchell s Novels combines the investigation of David Mitchell s novels with the introduction of a new critical concept to literary studies empowerment Aiming to situate and establish empowerment firmly within the context of literary studies it offers the first framework and definition for reading fictional texts with the lens of empowerment and applies it in the analysis of discourse the fictional characters and the role of the reader in Mitchell s novels Drawing on narratological analysis cognitive approaches to literature and reader response theory it features close readings of Cloud Atlas 2004 Black Swan Green 2006 and The Thousand Autumns of Jacob de Zoet 2010 and dissects the author s strategies poetics and agenda of empowering fiction This book argues for an inherent indissoluble connection between empowerment and the telling of stories and demonstrates how literary studies can benefit from a serious engagement with empowerment and how such an engagement can stimulate new responses to fiction and put literary studies in conversation with other disciplines **The Enlightenment of Katzuo Nakamatsu** Augusto Higa Oshiro,2023-05-30 Reminiscent of Kurasawa s film Ikiru Enlightenment explores the interior mindscape of a Japanese Peruvian man and his luminous unraveling Katzuo Nakamatsu is having a recurring dream He s strolling down the glinting avenues of Lima branches crowning overhead when he hears someone snickering from the shadows He wanders away in concentric circles as if along a spider web and wakes in a sweaty torment Nakamatsu sleepwalks his way toward sublime disintegration Katzuo is at sea after being forced out of his job as a literature professor without warning He retreats into fl nerie musing with imaginary interlocuters roaming the streets and reciting the poems of Mart n Ad n Slowly to the steady beat of his reptilian feet Nakamatsu begins to arrange his muted ceremony of farewell He conjures his smiling wife Keiko and wonders how he lost his Japanese community with her death With a certain electric lunacy he spruces himself up with a pinstripe tie tortoiseshell glasses and wooden cane taking on the costume of a man he knew as a child hoping to grasp that man s tenacious Japanese identity Like a logic puzzle Enlightenment calibrates Augusto Higa Oshiro s own entangled identity From this dark and deadly estrangement a piercing question emerges Why did our
