Builders of Fraternalism in America Edward James Dunn, 1924 **Supermassive Ancient Galaxies** Ed Lukowich, 2018-07-01 Trillion Theory the new theory by founder theorist author Ed Lukowich is summarized in this book This new Trillion Theory depicts its estimated ancient trillion year age and origin for our cosmos Delving deep into humongous galaxies TT examines the work done by the galaxy builders which TT purports to be black holes At the hub of each and every galaxy is a Supermassive black hole which controls all of the millions of solar systems within the galaxy along with the millions of black holes doing their dutiful tasks of recycling the solar systems for each new 15 billion year generation TT says That is why it is near impossible to spot a sun older than 13 14 billion years and why astronomers have been mistaken in estimating the age of our cosmos at only 13 7 billion years when viewing the current generation crop of suns and solar systems TT states that an ancient Supermassive black hole at the hub of galaxy may have started building its galaxy as far back as 800 billion years in the trillion year cosmos While the Supermassive black hole is ancient its occupant solar systems die and spawn new solar systems once their star reaches the 10 14 billion year age and goes supernova Our cosmos is akin to a forest which recycles old trees and spawns the next generation of trees Quadrillions of black holes varying in a multitude of sizes are both the builders and the controllers of the solar systems and the galaxies of our immense cosmos TT says We indeed have plenty to discover and prove about our universe Trillion Theory is pointing out the direction to be taken **The**

Retief's Ransom Keith Laumer, 2016-02-29 Lumbaga is a planet without known virtues but with some decidedly odd natives For every Lumbagan is simply an arbitrary assortment of semi independent organs inspired by a lust for mayhem But even the most undesirable chunk of galactic real estate attracts its quota of rival overlords and the fiendish Groaci had a scheme for absorbing Lumbaga into their sphere of influence It was working well too until it involved Retief Terran diplomat extraordinary To his powerful intellect the machinations of the Groaci were child s play
