**Encyclopedia of Ukraine** Danylo Husar Struk, 1993-12-15 Over thirty years in the making the most comprehensive work in English on Ukraine is now complete its history people geography economy and cultural heritage both in Ukraine and in the diaspora      **Cleft Countries** Ivan Katchanovski, 2006-04-27 During the Orange Revolution in Ukraine the second largest country in Europe came close to a violent break up similar to that in neighboring Moldova which witnessed a violent secession of the Transdnistria region Numerous elections including the hotly contested 2004 presidential elections in

Ukraine and surveys of public opinion showed significant regional divisions in these post Soviet countries Western parts of Ukraine and Moldova as well as the Muslim Crimean Tatars were vocal supporters of independence nationalist and pro Western parties and politicians In contrast Eastern regions as well as the Orthodox Turkic speaking Gagauz consistently expressed pro Russian and pro Communist political orientations Which factors historical legacies religion economy ethnicity or political leadership could explain these divisions Why was Ukraine able to avoid a violent break up in contrast to Moldova This is the first book to offer a systematic and comparative analysis of the regional political divisions in post Soviet Ukraine and Moldova The study examines voting behavior and political attitudes in two groups of regions those which were under Russian Ottoman and Soviet rule and those which were under Austro Hungarian Polish Romanian and Czechoslovak rule until World War I or World War II This book attributes the regional political divisions to the differences in historical experience This study helps us to better understand regional cleavages and conflicts not only in Ukraine and Moldova but also in other cleft countries

Modes of Religiosity in Eastern Christianity Vlad Naumescu, 2007 This volume offers original insights into the religious transformations taking place in postsocialist western Ukraine Applying a cognitive theory based on two modes of religiosity the doctrinal and the imagistic author Vlad Naumescu reveals the mechanisms of reproduction and change that make the local eastern Christian tradition a living tradition of faith He combines rich ethnographic materials with historical and theological sources to depict a religion in equilibrium between the two modes maintaining revelation at the core of its doctrinal corpus He argues that religion is a potential source for social change that empowers people to act upon reality and transform it With his innovative exploration of the dynamics of an eastern Christian tradition Naumescu makes a major contribution to the emerging anthropology of Christianity as well as to studies of postsocialism

Art and Architecture in the Eastern Polish-Lithuanian Commonwealth (1697-1863) Urszula Szulakowska, 2022-04-25 This book explores the history of art and architecture in the Polish Lithuanian Commonwealth from the 18th century to the uprising against the Russian occupation of 1863 64 It serves to introduce the English language reader to research produced by East European scholars The geographical area under discussion consists of the modern nation states of Latvia Lithuania Belarus and Ukraine which from 1772 were incorporated into the empires of Russia Austria and Prussia One of the major questions raised is what became of the old Commonwealth s artistic and cultural traditions under the rule of these alien powers The book strives to do justice to the history of all the national groups involved even though the region was heavily Polonised from the 16th century onwards The art architecture and culture introduced from western Europe are analysed in their effects not only on Polish culture but also on that of the Orthodox and Uniate Ruthenians Ukrainians on the Jewish settlement and on those of the Karaime and Islamic Tatars An additional concern is the history art and architecture of the Baltic Germans in the Latvian region The book suggests a critical approach involving alternative models to those of nationalistic schools of art It is geography that dictates the writing of history rather than national identity

*Nationbuilding and the Politics of Nationalism*

Andrei S. Markovits, Frank E. Sysyn, 1982 Throughout the nineteenth century the province of Galicia was noted for political conflicts and the cultural vibrancy of its three major national groups Poles Ukrainians and Jews This volume brings together for the first time eleven essays on various aspects of the last seventy five years of Austrian Galicia's existence *Eastern Europe Bibliography*, 1993 A selective work that documents the formative impact of the region's earlier history Includes reference aids and bibliographies general and descriptive histories of the land peoples and economies and works depicting intellectual and cultural life *Russia, Ukraine, and the Breakup of the Soviet Union* Roman Szporluk, 2020-02-24 This book chronicles the final two decades in the history of the Soviet Union and presents a story that is often lost in the standard interpretations of the collapse of communism in Eastern Europe and the USSR Although there were numerous reasons for the collapse of communism it did not happen as it may have seemed to some overnight Indeed says Roman Szporluk the root causes go back even earlier than 1917 To understand why the USSR broke up the way it did it is necessary to understand the relationship between the two most important nations of the USSR Russia and Ukraine during the Soviet period and before as well as the parallel but interrelated processes of nation formation in both states Szporluk details a number of often overlooked factors leading to the USSR's fall how the processes of Russian identity formation were not completed by the time of the communist takeover in 1917 the unification of Ukraine in 1939 1945 and the Soviet period failing to find a resolution of the question of Russian Ukrainian relations The present day conflict in the Caucasus he asserts is a sign that the problems of Russian identity remain **The Karaites of Galicia** Mikhail Kizilov, 2009 The book focuses on the history ethnography and convoluted ethnic identity of the Karaites an ethnoreligious group in Eastern Galicia modern Ukraine The small community of the Karaite Jews a non Talmudic Turkic speaking minority who had been living in Eastern Europe since the late Middle Ages developed a unique ethnographic culture and religious tradition The book offers the first comprehensive study of the Galician Karaite community from its earliest days until today with the main emphasis placed on the period from 1772 until 1945 Especially important is the analysis of the twentieth century dejudaization or Turkicization of the community which saved the Karaites from the horrors of the Holocaust **Hromada: The Changing Ukrainian Community in Saskatchewan** Alan B. Anderson, 2025-08-25 The story of any immigrant community at its core depicts the changing meaning of home and identity the home and identity you leave behind those which you build on new shores in new places in new ways How any change to that home and identity changes the children who grow up into it how in a very real way each new generation is built from the foundation of the home and identity the previous generation laid down This story is about Ukrainian Canadians who first settled in large often robust communities in Saskatchewan beginning in the late 1890s How has the Ukrainian community hromada in Ukrainian in Saskatchewan been changing with each generation since the arrival of the first settlers This book describes what became of those first arrivals How did their birthplace shape them Where did they settle and how How were the relationships between different communities and ethnic groups in Ukraine translated on the other side of the

Atlantic Even after growing into their new home these communities faced massive rural depopulation that would impact subsequent generations and those home communities We follow in their footsteps tracing the new challenges they faced in cities and how they would understand and maintain their cultural identity today Since 2022 the arrival in Saskatchewan of thousands of individuals and families displaced by Russia's full scale invasion of Ukraine has proven challenging but has been supported by the existing strong Ukrainian Canadian community here

Newspaper Titan Amanda Smith, 2011-09-06 From the author of *Hostage to Fortune The Letters of Joseph P Kennedy* Superb Michael Beschloss Remarkable Arthur Schlesinger the galvanizing story of Eleanor Medill Cissy Patterson celebrated debutante and socialite scion of the Chicago Tribune empire and the twentieth century's first woman editor in chief and publisher of a major metropolitan daily newspaper the Washington Times Herald She was called the most powerful woman in America surpassing Eleanor Roosevelt Bess Truman Clare Boothe Luce and Dorothy Schiff Cissy Patterson was from old Republican stock Her grandfather was Joseph Medill firebrand abolitionist mayor of Chicago editor in chief and principal owner of the Chicago Tribune and one of the founders of the Republican Party who delivered the crucial Ohio delegation to Abraham Lincoln at the convention of 1860 Cissy Patterson's brother Joe Medill Patterson started the New York Daily News Her pedigree notwithstanding Cissy Patterson came to publishing shortly before her forty ninth birthday in 1930 with almost no practical journalistic or editorial experience and a life out of the pages of Edith Wharton or more likely the other way around shades of Cissy are everywhere in the Countess Olenska Amanda Smith writes that in the summer of 1930 Cissy

Patterson educated at the turn of the century at Miss Porter's School in Farmington Connecticut for a vocation of marriage and motherhood and a place in society took over William Randolph Hearst's foundering Washington Herald and began to learn what others believed she could never grasp how to run and build up a newspaper. She vividly lived out the Medill family's editorial motto at least in spirit: When you grandmother gets raped put it on the front page. Patterson soon bought from Hearst the Herald's evening sister paper the Washington Times, merged the two and became editor, publisher and sole proprietor of a big city newspaper, a position almost unprecedented in American history. The effect of the merger was electric. By 1945 the Washington Times Herald with ten daily editions was clearing an annual profit of more than 1 million. Amanda Smith in this huge fascinating biography gives us the infamous life and monumental times of Cissy Patterson, scourge of liberals, advocate of appeasing Hitler, lover of poodles and hater of FDR. Here is her twentieth century Washington, its politics and society, scandals and feuds, and at the center the fierce newspaper wars that consumed and drove the country's press titans as Patterson took the Washington Times Herald from a chronic tail ender in circulation and advertising, ranked fifth in the town, and made it into the most widely read round the clock daily in the nation's capital, deemed by many to be the damndest newspaper to ever hit the streets.

The Paradox of Ukrainian Lviv Tarik Cyril Amar, 2015-11-17. The Paradox of Ukrainian Lviv reveals the local and transnational forces behind the twentieth century transformation of Lviv into a Soviet and Ukrainian urban center. Lviv's twentieth century history was marked by violence, population changes and fundamental transformation ethnically, linguistically and in terms of its residents' self-perception. Against this background, Tarik Cyril Amar explains a striking paradox: Soviet rule, which came to Lviv in ruthless Stalinist shape and lasted for half a century, left behind the most Ukrainian version of the city in history. In reconstructing this dramatically profound change, Amar illuminates the historical background in present-day identities and tensions within Ukraine.

*The Romanians and the Turkic Nomads North of the Danube Delta from the Tenth to the Mid-Thirteenth Century* Victor Spinei, 2009. The author of the present volume aims to investigate the relationships between Romanians and nomadic Turkic groups: Pechenegs, Uzes, Cumans in the southern half of Moldavia north of the Danube Delta between the tenth century and the great Mongol invasion of 1241-1242. The Carpathian Danubian area particularly favoured the development of sedentary life throughout the millennia, but at various times nomadic pastoralists of the steppes also found this area favourable to their own way of life. Due to the basic features of its landscape, the above-mentioned area, which includes a vast plain, became the main political stage of the Romanian ethnic space, a stage on which local communities had to cope with the pressures of successive intrusions of nomadic Turks attracted by the rich pastures north of the Lower Danube. Contacts of the Romanians and of the Turkic nomads with Byzantium, Kievan Rus, Bulgaria and Hungary are also investigated. The conclusions of the volume are based on an analysis of both written sources, narrative, diplomatic, cartographic and archaeological finds.
