## **Gallipoli To Petrov Arguing With Australian History:**

*Gallipoli to Petrov* Humphrey McQueen, 1984-01-01 The Great War and aftermath classes and cultures empires and classes classes and nation Inventing Anzac Graham Seal, 2004 No Marketing Blurb **Australia And The British Embrace** Stuart Ward, 2016-10-18 Until a generation ago Britishness lay at the heart of Australian political culture How and why did this fundamental idea lose its meaning for Australians and their political institutions The popular view is that the British ideal succumbed to a triumphant long thwarted Australian nationalism The reality is much more complex Having weighed the documentary evidence Stuart Ward vigorously argues that it was not Australia but the Mother Country that set the pace The critical move was the Macmillan Government's decision in the early 1960s to seek membership of the European Economic Community Thereafter the ties of imperial sentiment and the dictates of national self interest were essentially irreconcilable Australia's attachment to being British was profoundly shaken and the contours of Australian nationhood were irreversibly redrawn Australia and the British Embrace is an engrossing account of the unravelling of Britishness in Australian political life The consequences of that unravelling continue to dominate Australian politics from multiculturalism to Aboriginal reconciliation engagement with Asia and above all the prospect of a republic Australia goes to Washington David Lowe, David Lee, Carl Bridge, 2016-12-08 Since 1940 when an Australian legation was established in Washington DC Australian governments have expected much from their representatives in the American capital This book brings together expert analyses of those who have served as heads of mission and of the challenges they have faced Ranging beyond conventional studies of the Australian United States relationship it provides insights into the dynamics between Australian and US policymakers and into the culture of one of Australia's oldest and most important overseas missions It provides an appreciation of the importance of the embassy and the head of mission in Washington in mediating the relationship between Australia and the United States and of their role in managing expectations in Canberra and Washington Australia Goes to Washington also sheds new light on personal trials and achievements at the coalface of Australian United States relations

The Making of the Nations and Cultures of the New World Gérard Bouchard, 2008-03-03 The Making of the Nations and Cultures of the New World explores the question of how a culture a collective consciousness is born G rard Bouchard compares the histories of New World collectivities which were driven by a dream of freedom and sovereignty and finds both major differences and striking commonalities in their formation and evolution He also considers the myths and discursive strategies devised by elites in their efforts to unite and mobilize diversified populations **Suspect History** Humphrey McQueen, 1997 Analysis of modern Australian history and culture which reflects on topics such as the accusation that historian Manning Clark was an agent of Soviet influence and discusses various approaches to understanding Australia's past Includes bibliography and index The author's other publications include A New Britannia and Gallipoli to Petrov

**Evangelicals and the End of Christendom** Hugh Chilton, 2019-12-09 Exploring the response of evangelicals to the

collapse of Greater Christian Britain in Australia in the long 1960s this book provides a new religious perspective to the end of empire and a fresh national perspective to the end of Christendom In the turbulent 1960s two foundations of the Western world rapidly and unexpectedly collapsed Christendom marked by the dominance of discursive Christianity in public culture and Greater Britain the powerful sentimental and strategic union of Britain and its settler societies disappeared from the collective mental map with startling speed To illuminate these contemporaneous global shifts this book takes as a case study the response of Australian evangelical Christian leaders to the cultural and religious crises encountered between 1959 and 1979 Far from being a narrow national study this book places its case studies in the context of the latest North American and European scholarship on secularisation imperialism and evangelicalism Drawing on a wide range of archival sources it examines critical figures such as Billy Graham Fred Nile and Hans Mol as well as issues of empire counter cultural movements and racial and national identity This study will be of particular interest to any scholar of Evangelicalism in the twentieth century It will also be a useful resource for academics looking into the wider impacts of the decline of Christianity and the British Empire in Western civilisation

Representing Childhood and Atrocity Victoria Nesfield, Philip Smith, 2022-12-01 Atrocity presents a problem to the writer of children s literature To represent events of such terrible magnitude and impersonal will as the Holocaust the transatlantic slave trade or the Rwandan genocide such that they fit into a three act structure with a comprehensible moral and a happy ending is to do a disservice to the victims Yet to confront children with the fact of widescale violence without resolution is to confront them with realities that may be emotionally disturbing and even damaging Despite these challenges however there exists a considerable body of work for and about children that addresses atrocity To examine the ways in which writers and artists have attempted to address children s experience of atrocity this collection brings together original essays by an international group of scholars working in the fields of child studies children s literature comics studies education English literature and Holocaust genocide and memory studies It covers a broad geographical range and includes works by established authors and emerging voices

**The 1960s in Australia** Shirleene Robinson, Julie Ustinoff, 2012-01-17 The 1960s is one of the most heavily mythologised decades of the twentieth century More than 50 years on the era continues to capture the public s imagination The 1960s in Australia People Power and Politics recognises the complexity of social and cultural change by presenting a broad range of contributions that acknowledge an often overlooked fact that not everyone experienced the 1960s in the same way The diversity of the time is confirmed by contributions from a number of expert Australian historians who each provide an insight into Australia in the 1960s offering an understanding of the social realities of this period as well as the ebbs and flows of transnational influence This collection includes a featured contribution by prominent Australian historian Raymond Evans who provides a personal insight into the 1960s Other contributors also place the lived experience at the centre of their analysis by considering the growth of modern flats the impact of cosmopolitanism and sex and sexuality in the Sixties The book also highlights the way

power was deployed and deconstructed during this era by considering the psychiatric profession the agenda of the counter culture and the role that women s magazines played in reinforcing dominant gender paradigms The complex politics of the era are also explored through the transnational impact of figures such as Anthony Crosland the impact of the Vietnam War and the multiplicity of motivations behind the anti war protest and the Aboriginal rights movement of the era The 1960s in Australia Power People and Politics is a fresh focus on a significant time in Australia s history It brings together a collection of innovative and engaging explorations into the Australian Sixties which underline the complexity of the time

**Australian Liberals and the Moral Middle Class** Judith Brett,2003-11-06 The Liberal Party of Australia was late to form in 1945 but the traditions and ideals upon which it is founded have been central to Australian politics since Federation This 2003 book by award winning author and leading Australian political scientist Judith Brett provides the very first complete history of the Australian liberal tradition and then of the Liberal Party from the second half of the twentieth century The book sparkles with insight particularly in its sustained analysis of the shifting relationships between the experiences of the moral middle class and Australian liberals own self understandings It begins with Alfred Deakin facing the organised working class in parliament and ends with John Howard electorally triumphant but alienated from key sections of middle class opinion This book is destined to become the definitive account of Australian liberalism and of the Liberal Party of Australia

**Simpson and the Donkey Anniversary Edition** Peter Cochrane,2014-01-01 The simple tale of Simpson and his donkey is the pre eminent legend of heroism It is the story of a humble water carrier a rescuer of wounded men a tale of compassion stoic persistence with a tragic end His tale is an integral part of the Anzac story Across time a simple tale can acquire a complicated history This is what happened to the man with the donkey and is the subject of this book Simpson s afterlife the legend

*The break-up of Greater Britain* Stuart Ward,Christian D. Pedersen,2021-10-19 This is the first major attempt to view the break up of Britain as a global phenomenon incorporating peoples and cultures of all races and creeds that became embroiled in the liquidation of the British Empire in the decades after the Second World War A team of leading historians are assembled here to view a familiar problem through an unfamiliar lens ranging from India to China Southern Africa Australia New Zealand the Falklands Gibraltar and the United Kingdom itself At a time when trace elements of Greater Britain have resurfaced in British politics animating the febrile polemics of Brexit these essays offer a sober historical perspective More than perhaps at any other time since the empire s precipitate demise it is imperative to gain a fresh purchase on the global challenges to British identities in the twentieth century

*At the Front Line* Mark

Johnston,2002-07-18 At the Front Line draws on a plethora of letters diaries and documents written by over 300 Australian soldiers in the field to present a picture of the hardships and triumphs of their wartime experience Mark Johnston analyses the suffering of front line soldiers caused not only by the opposing force but also by the conditions imposed by their own army The book details the physical and psychological pressures of life at the front and shows how soldiers survived or

surrendered to unbearable environments fear boredom and the constant threat of impending death The myths of mateship and equanimity are brought under scrutiny Much hostility can be explained by competition between ranks and the perceived hostility of superiors The author investigates the immense strain that led to many breakdowns and the characteristic forbearance that saw so many others through **Dinkum Diggers** Dale James Blair,2016-06-03 Tall sun bronzed hardy Resourceful independent egalitarian Scornful of authority loyal to their mates These mythical characteristics of the Anzac diggers are central to our idea of what it is to be Australian But did the soldiers themselves fit the stereotype How closely does the myth match the reality This penetrating study strips away celebratory generalisations and measures the Anzac legend against the actual experiences of one battalion that fought at Gallipoli and on the Western Front in World War I The diaries and letters written by soldiers of the 1st Battalion reveal attitudes insights comments and criticisms that qualify and even contradict the Anzac legend In **Dinkum Diggers** Dale James Blair compares these first hand accounts by front line infantrymen with unit diaries operational records service and repatriation records as well as with interviews with family members and statistical analysis to present a well rounded picture of the complexities of the 1st Battalion s experience By narrowing the focus of Australian war experience to a single battalion he demonstrates nuances and subtleties showing how the men viewed and reacted to their own officers and how both officers and men behaved in combat He follows these war damaged soldiers into civilian life where they mostly kept quiet as conservative forces worked to enshrine and sanitise Australia s sacrifice This book makes a notable contribution to revisionist studies about World War I It is a patient thorough and scholarly demolition job on the Anzac legend a reality check on back slapping triumphalism and the glorification of war

**Writing the First World War after 1918** Adrian Bingham,2018-10-05 This book explores how print journalism was a powerful and persistent influence on public attitudes to and memories of the First World War in a range of participant nations including Britain France Germany Ireland the United States and Australia With contributions from an international group of history journalism and literary studies scholars the book identifies and analyses five distinct roles played by the print media producing and narrating histories of the war or its constituent episodes serialising and reviewing memoirs or fictional accounts written by participants reporting and framing the rituals and ceremonies of local and national commemoration providing a platform for various war related advocacy groups or campaigns from veterans associations to early Civil Rights movements and using the war as a lens through which to interpret future conflicts This innovative collection demonstrates the significance of journalism in shaping the public understanding of the First World War after 1918 and shows how the representations and narratives of the conflict reflected the political and social changes of the post war decades This book was originally published as a special issue of *Journalism Studies* **The Unknown Nation** James Curran,Stuart Ward,2010 The Unknown Nation is an illuminating history of Australia s putative search for national identity James Curran and Stuart Ward document how the receding ties of empire and Britishness posed an unprecedented dilemma

as Australians lost their traditional ways of defining themselves as a people With the sudden disappearance in the 1960s and 1970s of the familiar coordinates of the British world Australians were cast into the realm of the unknown The task of remodelling the national image touched every aspect of Australian life where identifiably British ideas habits and symbols from foreign relations to the national anthem had grown obsolete But how to celebrate Australia s past achievements and present aspirations became a source of public controversy as community leaders struggled to find the appropriate language and rhetoric to invoke a new era

*Unholy Fury* James Curran,2015-05-01 In the early 1970s two titans of Australian and American politics Prime Minister Gough Whitlam and President Richard Nixon clashed over the end of the Vietnam war and the shape of a new Asia A relationship that had endured the heights of the Cold War veered dangerously off course and seemed headed for destruction Never before or since has the alliance sunk to such depths Drawing on sensational new evidence from once top secret American and Australian records this book portrays the bitter clash between these two leaders and their competing visions of the world As the Nixon White House went increasingly on the defensive in early 1973 reeling from the lethal drip of the Watergate revelations the first Labor prime minister in twenty three years looked to redefine ANZUS and Australia s global stance It was a heady brew and not one the Americans were used to The result was a fractured alliance and an American president enraged seemingly hell bent on tearing apart the fabric of a treaty that had become the first principle of Australian foreign policy

Robert Menzies' Forgotten People Judith Brett,2014-04-08 Menzies political self was constructed around a denial of experience and an imagined England filled the void So too for the people and the country he led In 1941 RG Menzies delivered to war time Australia what was to be his richest most creative speech and one of his most influential The Forgotten People was a direct address to the Australian middle class the people who would return him to power in 1949 and keep him there until his retirement in 1966 Who were these forgotten people The middle class pitting their values of hard work and independence against the collectivist ethos of labour Women shunning the class based politics of men The parents of Menzies childhood in the small country town of Jeparit Australians struggling to maintain a derivative culture at the edges of the British Empire Or all of them in a richly over determined image that takes us to the heart of Menzies mid life political transformation Judith Brett deftly traces the links between the private and public meanings of Menzies political language to produce compelling insights into the man and the culture he represented

**History Wars** Doug Munro,2021-10-21 In 1993 Manning Clark came under severe posthumous attack in the pages of Quadrant by none other than Peter Ryan who had published five of the six volumes of Clark s epic A History of Australia In applying what he called an overdue axe to a tall poppy Ryan lambasted the History as an imposition on Australian credulity and declared its author a fraud both as a historian and a person This unprecedented public assault by a publisher on his best selling author was a sensation at the time and remains lodged in the public memory In History Wars Doug Munro forensically examines the right and wrongs of Ryan s allegations concluding that Clark was more sinned against than sinning and that Ryan repeatedly

misrepresented the situation More than just telling a story Munro places the Ryan Clark controversy within the context of Australia's History Wars This book is an illuminating saga of that ongoing contest James Curran University of Sydney The Ryan Clark controversy speaks to the place of Manning Clark in Australia's national imagination Had Ryan taken his axe to another historian it's unlikely that we would be still talking about it 30 years later But Clark was the author and keeper of Australia's national story however imperfect his scholarship and however blinkered that story Few if any historians in the Anglo American world have occupied the space that Clark occupied by dint of will force of personality and felicity of pen Donald Wright University of New Brunswick [Dangerous Dreamers](#) Peter Hruby, Petr Hrubý, 2010 Australian spy Ian Milner was suspected of working for Soviet and Czechoslovak secret services on four continents He served at the United Nations in New York and the FBI followed him day and night before eventually declaring he was not a spy But secret documents from Prague show he was spying all along Wilfred Burchett claimed to be an independent Australian journalist He wrote dozens of books and Prague documents prove that he was a secret member of the Communist Party of Australia He also worked for Soviet Korean Chinese and Vietnamese secret services Drawing upon past secret documents of Australian Czechoslovak and U S secret agencies along with important Soviet records historian and professor Peter Hruby who grew up under Communist rule and taught in Australia for decades uncovers the secrets of the ideology and its manipulative advocates Along with the stories of spies previously unknown or overlooked also discover How Communists pushed for revolution in Australia The role of writers and artists in the struggle How terrorists and politicians influenced the movement And much more Uncover the secrets of history and discover the truth about Communism and its role in Australia in [Dangerous Dreamers](#)
