ESSAYS ON PASCAL'S WAGER

*Edited by* Jeff Jordan

# Gambling On God Essays On Pascals Wager

**Paul Bartha, Lawrence Pasternack**

## **Gambling On God Essays On Pascals Wager:**

*Gambling on God* Jeff Jordan, 1994 *Gambling on God* brings together a superb collection of new and classic essays that provide the first sustained analysis of Pascal's Wager and the idea of an infinite utility as well as the first in depth look at moral objections to the Wager

*Gambling on God* Jeff Jordan, 1994 *Gambling on God* brings together a superb collection of new and classic essays that provide the first sustained analysis of Pascal's Wager and the idea of an infinite utility as well as the first in depth look at moral objections to the Wager

*Pascal's Wager* Jeff Jordan, 2006-10-26 What if there is no strong evidence that God exists Is belief in God when faced with a lack of evidence illegitimate and improper Evidentialism answers yes According to Evidentialism it is impermissible to believe any proposition lacking adequate evidence And if any thesis enjoys the status of a dogma among philosophers it is Evidentialism Presenting a direct challenge to Evidentialism are pragmatic arguments for theism which are designed to support belief in the absence of adequate evidence Pascal's Wager is the most prominent theistic pragmatic argument and issues in epistemology the ethics of belief and decision theory as well as philosophical theology all intersect at the Wager Other prominent theistic pragmatic arguments include William James's celebrated essay *The Will to Believe* a posthumously published and largely ignored pragmatic argument authored by J S Mill supporting the propriety of hoping that quasi theism is true the eighteenth century Scottish essayist James Beattie's argument that the consoling benefit of theistic belief is so great that theistic belief is permissible even when one thinks that the existence of God is less likely than not and an argument championed by the nineteenth century French philosopher Jules Lachelier which based its case for theistic belief on the empirical benefits of believing as a theist even if theism was very probably false In *Pascal's Wager* *Pragmatic Arguments and Belief in God* Jeff Jordan explores various theistic pragmatic arguments and the objections employed against them Jordan presents a new version of the Wager what he calls the Jamesian Wager and argues that the Jamesian Wager survives the objections hurled against theistic pragmatic arguments and provides strong support for theistic belief In addition to arguing for a sound version of the Wager Jordan also argues that there is aversion of Evidentialism compatible with a principled use of pragmatic arguments and that the Argument from Divine Silence fails Objections found in Voltaire Hume and Nietzsche against the Wager are scrutinized as are objections issued by Richard Swinburne Richard Gale and other contemporary philosophers The ethics of belief the many gods objection the problem of infinite utilities and the propriety of a hope based acceptance are also examined

*Taking Pascal's Wager* Michael Rota, 2016-04-21 Blaise Pascal's wager argues that since there is much to gain and relatively little to lose the wise decision is to seek a relationship with God and live a Christian life Michael Rota explores the dynamics of doubt evidence and decision making in order to consider what is necessary for people to embrace the Christian faith and the difference it makes in people's lives

*Pascal's Wager* Paul Bartha, Lawrence Pasternack, 2018-10-18 Presents a comprehensive examination of Pascal's Wager its underlying theology philosophical influence and role in contemporary decision theory Routledge

Companion to Philosophy of Religion Chad Meister, Paul Copan, 2010-02-25 The Routledge Companion to Philosophy of Religion is an indispensable guide and reference source to the major themes movements debates and topics in philosophy of religion A team of renowned international contributors provide sixty five accessible entries organized into nine clear parts philosophical issues in world religions key figures in philosophy of religion religious diversity the theistic conception of God arguments for the existence of God arguments against the existence of God philosophical theology christian theism recent topics in philosophy of religion Covering key world religions including Hinduism Buddhism and Islam and key figures such as Augustine Aquinas and Kierkegaard the book explores the central topics in theism such as the ontological cosmological and teleological arguments for God's existence Three final parts consider Catholicism Protestantism Eastern orthodoxy and current debates including phenomenology reformed epistemology religious experience and religion and science This is essential reading for anyone interested in philosophy religion and related disciplines

**The Routledge Companion to Theism** Charles Taliaferro, Victoria S. Harrison, Stewart Goetz, 2012-10-02 There are deep and pervasive disagreements today in universities and colleges and popular culture in general over the credibility and value of belief in God This has given rise to an urgent need for a balanced comprehensive accessible resource book that can inform the public and scholarly debate over theism While scholars with as diverse interests as Daniel Dennett Terry Eagleton Richard Dawkins Jürgen Habermas and Rowan Williams have recently contributed books to this debate theism as a concept remains poorly understood and requires a more thorough and systematic analysis than it has so far received in any single volume The Routledge Companion to Theism addresses this need by investigating theism's history as well as its relationship to inquiry in the sciences social sciences and humanities and to its wider cultural contexts The contents are not confined within the philosophy of religion or even within the more expansive borders of philosophy Rather The Routledge Companion to Theism investigates its subject through the lens of a wide variety of disciplines and explores the ramifications of theism considered as a way of life as well as an intellectual conviction The five parts of the volume indicate its inclusive scope I What is Theism II Theism and Inquiry III Theism and the Socio Political Realm IV Theism and Culture V Theism as a Way of Life The result is a well ordered and thorough collection that should provide a wide spectrum of readers with a better understanding of a subject that's much discussed but frequently misunderstood As the editors note in their Introduction while stimulating and informing the contemporary debate a key aim of the volume is to open new avenues of inquiry into theism and thereby to encourage further research into this vital topic Comprised of 54 essays by leading scholars in philosophy history theology religious studies political science education and sociology The Routledge Companion to Theism promises to be the most useful comprehensive resource on an emerging subject of interest for students and scholars

**Philosophic Classics: From Plato to Derrida** Forrest Baird, 2016-05-23 First published in 1961 Forrest E Baird's revision of Philosophic Classics continues the tradition of providing generations of students with high quality course material Using the complete works or where appropriate complete

sections of works this anthology allows philosophers to speak directly to students Esteemed for providing the best available translations *Philosophic Classics From Plato to Derrida* features complete works or complete sections of the most important works by the major thinkers as well as shorter samples from transitional thinkers      **Accident** Ross Hamilton,2010-10 An accidental glance at a newspaper notice causes Rousseau to collapse under the force of a vision A car accidentally hits Giacometti and he experiences an epiphany Darwin introduces accident to the basic process of life and Freud looks to accident as the expression of unconscious desire Accident Ross Hamilton claims is the force that mak      Evidence and Faith Charles Taliaferro,2005-02-28 Taliaferro has written a dynamic narrative history of philosophical reflection on religion from the 17th century to the present with an emphasis on shifting views of faith and the nature of evidence The book begins with the movement called Cambridge Platonism which formed a bridge between the ancient and medieval worlds and early modern philosophy While the book provides an overview of different movements in philosophy it also offers a detailed exposition and reflection on key arguments and the scope is broad from Descartes to contemporary feminist philosophy of religion      *The Philosophy of Religion* Linda Zagzebski,2007-03-12 An accessible and engaging introduction to the philosophy of religion Written with verve and clarity by a leading philosopher and contributor to the field Places key issues and debates in the philosophy of religion in their historical contexts highlighting the conditions that led to the development of the field Addresses the core topics among them the the existence of God the problem of evil death and the afterlife and the problem of religious diversity Rich with argument yet never obtrusive Forms part of the Fundamentals of Philosophy series in which renowned scholars explore the fundamental issues and core problems in the major sub disciplines of philosophy

**Systematic Atheology** John R. Shook,2017-12-01 Atheology is the intellectual effort to understand atheism defend the reasonableness of unbelief and support nonbelievers in their encounters with religion This book presents a historical overview of the development of atheology from ancient thought to the present day It offers in depth examinations of four distinctive schools of atheological thought rationalist atheology scientific atheology moral atheology and civic atheology John R Shook shows how a familiarity with atheology s complex histories forms and strategies illuminates the contentious features of today s atheist and secularist movements which are just as capable of contesting each other as opposing religion The result is a book that provides a disciplined and philosophically rigorous examination of atheism s intellectual strategies for reasoning with theology Systematic Atheology is an important contribution to the philosophy of religion religious studies secular studies and the sociology and psychology of nonreligion      *Beyond Fideism* Olli-Pekka Vainio,2016-04-15 After the postmodern turn every tradition seeks the right to have their own rules of rational discourse The crucial question is are there ways to communicate between the traditions so that the traditions do not need to give up their identities in order to take part in conversation Vainio examines the basic assumptions behind well known types of Christian theology and seeks ways in which they might interact with one other and with other non Christian traditions without capitulation of their identities

Vainio claims that there are religious identities that can be negotiated and communicated and that there are ecclesiastical doctrines which can be meaningfully discussed among churches This book explores three key areas analysis of the uses of fideism within classical Christian theology clarification of different types of theological method that seek to express the task of theology in contemporary setting an explanation of the contours of religious identity and rationality which takes seriously both classical Christian identity and pluralistic contexts where most of the Christian communities dwell nowadays The proposal for negotiability of Christian identity draws together ideas from among others virtue epistemology reformed epistemology communitarianism and feminist sensibilities

**Blaise Pascal** Graham Tomlin, 2025-03-20 Readable and expert a brilliant guide to the life and thought of 17th century Europe s supreme polymath Tom Holland A richly detailed account of Pascal s life and times which displays an energetic sympathy for Pascal s startling combination of intellectual precocity and humble faith Rory Stewart A beautiful accessible account of one of the era s most remarkable lives Katherine Rundell He lived for just 39 years yet Blaise Pascal was one of the most remarkable and creative figures of the seventeenth century He is known for his famous though often misunderstood argument the Wager but there s so much more to him than that Pascal can lay claim to have built an early version of the modern computer done ground breaking work in mathematics and geometry invented urban bus transport and virtually invented probability theory He also produced one of the most haunting and effective works of Christian apologetics ever written He is a major intellectual figure at the beginning of the modern age who blends together in his own person and thinking issues that are critical to our age Blaise Pascal is therefore a crucial figure not just in the history of European thought but for how he can shed light on our many contemporary debates From science to scepticism mystical experience to distraction religion to politics self love and death Pascal s thinking was far reaching In this captivating biography Graham Tomlin explores Pascal s short but extraordinary life and the sweeping impact and relevance of his ideas to the modern world

Faith and Reason Anthony Fisher, Hayden Ramsay, 2004 The first in a new series with Australian Catholic University this collection of essays deals with two important themes Faith and reason are heavily weighted words They point to elemental aspects of human existence The papers and discussions presented strive to clarify and correlate these basic activities or dimensions of human beings In all the complexities of the possible relationships and interweaving of faith and reason two kinds of questions keep recurring One the one hand what is the value of human intelligence and how is it endorsed and supported by faith On the other hand what is the distinctive intelligence or rationality of faith and how does it relate to the perennial search for wisdom represented in its various philosophical forms Contributors include Marilyn McCord Adams Raimond Gaita John Haldane John McDermott SJ Kevin Hart and Anthony Kelly CSsR

*Reason, Truth, and Theology in Pragmatist Perspective* Paul D. Murray, 2004 In this work Paul Murray explores which style of rationality is most appropriate to Christian theology in the contemporary pluralist postfoundationalist postmodern context At its heart is a fresh consideration of the American pragmatist tradition focussing on the writings of Richard Rorty

and Nicholas Rescher Where Rorty correctly diagnoses the failures of foundationalist objectivism Rescher's pragmatic idealism is presented as healing the ills in Rorty's own neo pragmatism The significant resonance between Rescher's view of rationality and Christian understanding of the trinity is explored In turn Donald MacKinnon's influential writings are presented as exemplifying just such an approach to theology Murray both articulates an enriched form of Christian postliberalism committed to receiving and learning from other traditions of thought and practice and probes the claim that the dynamics of human rationality can be expected to reflect the Trinitarian dynamics of God's being Paul Murray presents us here with an exhaustive and insightful study of recent pragmatic theory in which he sets up rhythms of healing and completion as well as interrogation particularly remarkable is his exploration of Christianity as the deep and in some sense final interlocutor of pragmatic tradition I strongly recommend this book Olivier Davis Professor of Christian Doctrine King's College London This is a mature wide ranging work that by uniting the intellectual and the practical carries both rational and ethical conviction It does equal justice to the classic teachings of Christianity and to the challenges to rethink them in dialogue with modern and postmodern approaches The result is a conception of Christianity both generously orthodox and deeply engaged with contemporary life and thought It is especially good to see the profound contribution of Donald MacKinnon understood and developed with such perception and relevance David F Ford Regius Professor of Divinity University of Cambridge Paul Murray is currently Lecturer in Systematic Theology within the Department of Theology at the University of Durham England He has previously held posts at St Cuthbert's Seminary Ushaw College Durham and Newman College of Higher Education Birmingham Essays of his exploring issues in philosophical theology science and theology and contemporary Roman Catholic theology have appeared in leading journals and edited collections This is his first monograph

*Pascal: Reasoning and Belief* Michael Moriarty, 2020-02-13 This book is a study of Blaise Pascal's defence of Christian belief in the *Pensées* Michael Moriarty aims to expound and in places to criticize what he argues is a coherent and original apologetic strategy Setting out the basic philosophical and theological presuppositions of Pascal's project the present volume draws the distinction between convictions attained by reason and those inspired by God given faith It also presents Pascal's view of the contradictions within human nature between the wretchedness our inability to live the life of reason to attain secure and durable happiness and the greatness the power of thought manifested in the very awareness of our wretchedness His mind/body dualism and his mechanistic conception of non human animals are discussed Pascal invokes the biblical story of the Fall and the doctrine of original sin as the only credible explanation of these contradictions His analysis of human occupations as powered by the twin desire to escape from painful thoughts and to gratify one's vanity is subjected to critical examination as is his conception of the self and self love Pascal argues that just as Christianity propounds the only explanation for the human condition so it offers the only kind of happiness that would satisfy our deepest longings He thus reasons that we have an interest in investigating its truth claims as rooted in the Bible and in history The closing chapters of

this book discuss Pascal s view of Christian morality and the famous wager argument for opting in favour of Christian belief

**Asian Philosophies and the Idea of Religion** Sonia Sikka,Ashwani Peetush,2020-09-28 With a focus on Asian traditions this book examines varieties of thought and self transformative practice that do not fit neatly on one side or another of the standard Western division between philosophy and religion It contains chapters by experts on Buddhist Confucian Taoist Hindu and Jain philosophies as well as ancient Greek philosophy and recent contemplative and spiritual movements The volume also problematizes the notion of a Western philosophical canon distinguished by rationality in contrast to a religious Eastern other These original essays creatively lay the groundwork needed to rethink dominant historical and conceptual categories from a wider perspective to arrive at a deeper more plural and global understanding of the diverse nature of both philosophy and religion The volume will be of keen interest to scholars and students in the Philosophy of Religion Asian and Comparative Philosophy and Religious Studies [The Philosopher's Index](#) ,2008 Vols for 1969 include a section of abstracts **Faith Beyond Reason** C. Stephen Evans,1998 This volume in the Reason Religion series provides an explanation and defense of a view of faith and reason found in the writings of Soren Kierkegaard and others that is often called fideism a belief in faith beyond reason

While this might not be the Gambling On God Essays On Pascals Wager full book , it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Gambling On God Essays On Pascals Wager eBooks, including some popular titles.

## FAQs About Gambling On God Essays On Pascals Wager Books

**What is a Gambling On God Essays On Pascals Wager PDF?** A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Gambling On God Essays On Pascals Wager PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Gambling On God Essays On Pascals Wager PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Gambling On God Essays On Pascals Wager PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Gambling On God Essays On Pascals Wager PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
