

Structure of EME

- *Members are elected in the gang based on their leadership qualities and negotiative capabilities.*
- *Members each cast a vote for decisions that need to be made, and all decisions must reach a unanimous approval.*
- *"Contract killings" for fellow members are done by a lottery in which current members either volunteer, but if there are none, then they must draw numbers. If the killing calls for only one person, then whoever draws 1 will be the executioner, and if the killing requires more people, whoever draws the next numbers will also be assigned to kill.*
- *Although the system should be followed, many times "contract killings" happen without the procedures by higher up members such as lieutenants.*
