Gang Banging 101 And Christianity 202:

Gang Banging 101 and Christianity 202 Juan Meza, 2003-09 Plays Well in Groups Katherine Frank, 2013-06-27

From tribal religious rituals to the Playboy mansion and from ancient Rome to Burning Man Plays Well in Groups explores the phenomenon of group sex. Author Katherine Frank draws on surveys, ethnographic research, participant interviews, and more to provide explanations for both participation in group sex and our complex reactions to it, from fascination to fear. This book looks at group sex across cultures: who has it and why. Group sex is almost always taboo and often criminalized, and yet it persists across cultures throughout history. Plays Well in Groups looks at the symbolism of orgies as well as contemporary manifestations of group sex in bathhouses and public sex venues, at BDSM and swinging parties on Craigslist, and in political scandals, Tantra classes, reality television, and more. Frank explores the many reasons people participate in group sex, from arousal to spiritual transcendence, in this bold study of subversive sexuality.

In the Time of Sky-Rhyming Assistant Professor of Latinx Communities Jonathan E. Calvillo, Jonathan E. Calvillo, 2024-10-04

Jonathan E. Calvillo explores the rise of Hip Hop on the West Coast and the integral role the Los Angeles Latine community had on the movement, and in turn Hip Hop's impact on Latines as it became a space for community expression and coping with inequality. Building his narrative around interviews and oral histories, he explores how incoming migrants, local born Latines, and other minoritized populations joined Black Americans in the 1980s to build early underground sites of Hip Hop innovation, contributing to the genre's global expansion. The book details how Hip Hop's deep impact on Latines was based in part on the inequality, marginalization, and injustice that many Latines of this era faced, themes which were addressed in the movement. Many creatives from Brown Los Angeles found their place in early underground expressions of Hip Hop, including in breaking, rhyming, DJing, and graffiti elements. During this period, Central American refugees were settling in the urban corridors of the region; young Chicanos were coming of age in the post-civil rights era; Caribbean migrants moved from East to West; South American immigrants were finding their place; and Latines were interacting with Black Americans and other minoritized populations such as ethnic Samoans, Filipinos, and Koreans. Through the lens of Los Angeles Hip Hop history, this project speaks to the migratory flows of urban Brown Los Angeles, the relations between Black Americans and Latines in Los Angeles, and the formation of the racialized subcultures emblematic of urban Los Angeles. In documenting this story, the book sidesteps a media-heavy music industry account of Hip Hop history. Instead, it privileges original oral histories and secondary accounts of dozens of artists to present a grassroots-oriented narrative of the intraethnic, interracial negotiations that fueled Latines' identification with and contributions to Hip Hop.

Rescuing History from the Nation Prasenjit Duara, 1996-11-20 Prasenjit Duara offers the first systematic account of the relationship between the nation state nationalism and the concept of linear history Focusing primarily on China and including discussion of India Duara argues that many historians of postcolonial nation states have adopted a linear evolutionary history of the Enlightenment colonial model As a result they have written repressive exclusionary and incomplete accounts The backlash against such histories has resulted in a tendency to view the past as largely constructed imagined or invented In this book Duara offers a way out of the impasse between constructionism and the evolving nation he redefines history as a series of multiple often conflicting narratives produced simultaneously at national local and transnational levels In a series of closely linked case studies he considers such examples as the very different histories produced by Chinese nationalist reformers and partisans of popular religions the conflicting narratives of statist nationalists and of advocates of federalism in early twentieth century China He demonstrates the necessity of incorporating contestation appropriation repression and the return of the repressed subject into any account of the past that will be meaningful to the present Duara demonstrates how to write histories that resist being pressed into the service of the national subject in its progress or stalled progress toward modernity
