Shooting to Kill? Peter Squires, Peter Kennison, 2010-08-24 *Shooting to Kill Policing Firearms and Armed Response* explores the dilemma of armed response policing in the UK and policing in a gun culture Offers the first critical exploration of the ACPO code of guidance on Police Use of Firearms and other tactical manuals Includes interviews with senior police firearms managers and critical case studies of police firearms incidents Features the first in depth academic analysis of the Stockwell shooting incident and the Kratos policy Provides a review of key developments in armed response policing around the world Describes the crucial phases in armed response policy development in Britain and explores the consequences of arming the police

How Claims Spread Joel Best, Best s anthology examines for the first time how diverse social issues road rage the metric system gun control and abortion are among those included migrate across national boundaries modifying themselves from place to place as a result of different claims claimsmakers and policy responses This unique collection assembled from new research by an international group of social problems scholars will fill a gap in undergraduate and graduate level studies in the constructionist analyses of social problems as well as in political science public policy and criminology Claims concerning one social problem often influence those about another claimsmakers borrow rhetoric and tactics from one another In some cases experienced claimsmakers join efforts to call attention to other social problems compelling images e g the threatened child or

random violence link claims about different problems and reactions to one set of claims These case studies describe very different processes ranging from deliberate attempts to disseminate social problem claims to developments that were more inadvertent from successes in which social problem constructions spread to new countries to failures in which claims were sown but failed to take root They are intended to suggest that the diffusion of social problems is neither simple nor automatic

Organized Crime and Politics in Jamaica Anthony Harriott, 2008 The relationship between politics and crime has stimulated the curiosities of criminologists who understand crime and political scientists who understand the nature of the political system In this volume an attempt is made to bridge both lines of inquiry The nexus between politics and crime is explored by analysing the rise of organized crime in Jamaica This book represents a dedicated attempt to treat in particular a most troubling and current expression of this nexus between politics and crime that is organized crime It describes the rise of organized crime in Jamaica its internationalization and efforts to consolidate its hold in the cities and towns of Jamaica This development is accounted for in terms of its distinct structural roots and facilitators The analysis is extended by further exploring two critical aspects of the problem political corruption and party financing The analysis of these two aspects captures the long deep and troubling relationship between crime and politics Discussions of crime in Jamaica are impatient of solutions An attempt is therefore made to press the discussion beyond an analysis of the problem to approaches to solving it Consequently the book is structured such that following on from the discussion of each aspect of the problem there is a chapter that explores the broad approaches to problem solving It is intended for a wide readership Contemporary Black British Playwrights L. Goddard, 2015-02-17 This book examines the socio political and theatrical conditions that heralded the shift from the margins to the mainstream for black British Writers through analysis of the social issues portrayed in plays by
