**Eliten in Deutschland** Wilhelm P. Burklin,1997      Politische Soziologie Viktoria Kaina,Andrea Römmel,2009-02-01

Mehr als 25 Jahre nach Erscheinen des letzten berblicksbandes zur Politischen Soziologie fasst das als Sammelband angelegte Studienbuch den aktuellen Forschungsstand der Politischen Soziologie im Schnittbereich von Politikwissenschaft und Soziologie zusammen Ausgewiesene Forscherinnen und Forscher geben einen Einblick in die theoretisch konzeptionellen Grundlagen und Fortentwicklungen der zentralen Subdisziplinen der Politischen Soziologie zum Beispiel der Werte und Einstellungsforschung der Wahl und Parteiensozioziologie der Parlamentarismus sowie politischen Partizipations und Kommunikationsforschung Der profunde berblick ber grundlegende Begriffe Konzepte und Analyseinstrumentarien wird nicht nur um empirische Befunde erg nzt Der Band bietet zudem eine bersicht ber die Analyse und Forschungsdesigns der Politischen Soziologie ihre zentralen Forschungsmethoden und verwendbaren Datengrundlagen Unter besonderer Ber cksichtigung neu konzipierter und noch entstehender BA und MA Studieng nge ist der Band ein unverzichtbares Studienbuch in einem wichtigen Bereich der Politikwissenschaft      After the GDR ,2021-10-18 This volume represents the efforts of fifteen scholars from Europe and North America to work through the complex and sometimes compromising past and the current struggles that together define eastern German identity society and politics ten years after unification Their papers offer an exemplary illustration of the variety of disciplinary methods and new source materials on which established and younger scholars can draw today to further differentiated understanding of the old GDR and the young L nder In a volume that will interest students of German history cultural studies and comparative politics the authors show how utopian ideals quickly degenerated into a dictatorship that provoked the everyday resistance at all levels of society that ultimately brought the regime to its demise They also suggest how the GDR might live on in memory to shape the emerging varieties of postcommunist politics in the young states of the Federal Republic and how the GDR experience might inspire new practices and concepts for German society as a whole Most importantly the papers here testify to the multidisciplinary vitality of a field whose original object of enquiry disappeared over a decade ago

Die öffentliche Diskussion hierher wird dabei meist von Verschwörungstheorien einer angeblich omnipotenten globalen Elite bestimmt. Eine kritische sozialwissenschaftliche Theorie von Macht und Eliten im Kontext der Globalisierung fehlt jedoch bislang. Christian Schneickert stellt eine empirisch fundierte Aktualisierung der sozialwissenschaftlichen Elitentheorie vor. Er analysiert hierfür die Sozialstruktur und Globalisierung politischer und wirtschaftlicher Eliten in vier sehr unterschiedlichen Staaten des globalen Nordens und Südens: Brasilien, Deutschland, Indien und den USA. Biografische Daten von 336 Spitzenpolitikern sowie Vorständen von Global 2000 Unternehmen bieten die empirische Grundlage. *A National Challenge at the Local Level* Thomas R. Cusack, 2018-01-12 This title was first published in 2003. This insightful book examines how the challenge of reunification has been met at the local level in Germany. In doing so it clarifies a number of central issues about the governance process in modern democratic political systems under strain. *A National Challenge at the Local Level* first describes who governs and how they govern at the local level. It then reveals the principal underlying political values of both elites and citizens and describes the ways in which they differ. It provides a rational explanation for the differences in these political values particularly between the two major regions of Germany. Finally it reveals the basis for the differences in how well local governments perform. **The Palgrave Handbook of Political Elites** Heinrich Best, John Higley, 2017-11-08 This handbook presents a comprehensive view of the current theory and research surrounding political elites, which is now a pivotal subject for academic study and public discourse. In 40 chapters by leading scholars it displays the field's richness and diversity. The handbook is organized in six sections each introduced by a co-editor focusing on theories about political elites, methods for studying them, their main structural and behavioral patterns worldwide, the differentiation and integration of political elite sectors, elite attributes and resources and the dilemmas of political elites in this century. Forty years since Robert Putnam's landmark Comparative Study of Political Elites this handbook is an indispensable resource for scholars and students engaged in the study of this vibrant field. **Roadblocks to the Socialist Modernization Path and Transition** Jutta Günther, Dagmara Jajeński-Quast, Udo Ludwig, Hans-Jürgen Wagener, 2023-10-12 This open access book examines how different economic systems impacted the development of East Germany and Poland. Through comparing these countries while they were centrally planned socialist economies with the periods when they transitioned to capitalism the inability of socialist economies to modernize effectively and produce sustained economic growth is highlighted. Particular attention is given to the role of technological progress in economic growth, peculiar institutions, the creation and transfer of knowledge and post-socialist transformations. The book presents a detailed analysis of the barriers to modernization and growth implied by Soviet

type state socialism and the differences and similarities between the transition of East Germany and Poland to capitalist market economies It will be relevant to students and researchers interested in comparative systems and the political economy **Handbuch Politisches System der Bundesrepublik Deutschland** Oscar W.
