Romero Salvado, Francisco Jose Romero Salvado, 2012-10-12 This work analyses the Spanish experience of the First World War in terms of the general crisis in Europe at this time In Spain as elsewhere the impact of four years of devastating conflict resulted in ideological militancy economic dislocation and social struggle The author examines the slow decay of the ruling Liberal Monarchy during the war years and the failure of the neutrality policy to save the existing regime He looks at challenges to the Administration from the labour movement the bourgeoisie the army international powers Romero shows a politically apathetic population galvanised by the war into fierce debate about belligerence or neutrality The debate divides the nation and the new political awareness leads to a questioning of the Administrations authority There is also vast economic and social change as Spain exploits its privileged position as supplier to both sides of the war These factors lead to galloping inflation civil unrest and political turmoil finally resulting in the revolutionary strike of 1917 **The Foundations of Civil War** Francisco J. Romero Salvado, 2016-04-29 This book analyzes the decay of Liberal politics in Spain as the regional version of the general crisis that engulfed most of Europe between 1916 and 1923 Romero enriches the important wider debate about this watershed period of European history when in the face of unprecedented mass social protest and political mobilization incumbent governing elites struggled to find a valid formula of social containment in the dawning of mass politics which also saw the spread of the radical new doctrines of Bolshevism and Fascism Above all this book examines Spain s crisis of modernization a process marked by complex social and political realignments through which the nature of civil society was profoundly altered It resulted in an unprecedented spiral of violence and a polarization that firstly led to an authoritarian formula of social control in 1923 and ultimately to the outbreak of civil war in 1936 **Economic Relations Between Nazi Germany and Franco's Spain** Christian Leitz, 1996 This is the first comprehensive study of the economic relationship between Nazi Germany and Franco s Spain between the outbreak of the Spanish Civil War and the end of the Second World War It demonstrates how during the Spanish Civil War Hitler helped General Franco to victory but at the same time attempted to turn Spain into an economic colony Terrorism and

Democratic Stability Laud Humphreys, 2017-07-05 Can terrorism and state violence cause democratic breakdowns Although the origins of violence have been studied only rarely are its consequences And even when the consequences of violence are studied its effects are usually limited to consideration of preexisting conflict that originally spawned the violence In Terrorism and Democratic Stability Holmes claims that to understand the consequences of violence on democratic stability terrorism and state responses to terrorism must be studied together Her innovative approach identifies citizen support as a key factor in the state's ability to sustain democracy and achieve stability Her focus is Uruguay Peru and Spain The Spanish Republic at War 1936-1939 Helen Graham, 2002-12-19 This book is a comprehensive 2002 analysis of the Spanish left during the civil war of 1936-9 **The Failure of Catalanist Opposition to Franco (1939-1950)** Casilda Güell, 2006 Tesis doctoral dirigida por Paul Preston en la London School of Economics en inglés sobre el fracaso del catalanismo durante el primer franquismo **Political Corruption in Europe and Latin America** Walter Little, Eduardo Posada-Carbó, 1996-12-13 This book looks at political corruption in Latin American and Europe from both an historical and a contemporary angle The approach is therefore comparative and interdisciplinary bringing together scholars from history political science anthropology sociology and economics In addition to general essays this book includes chapters analysing political corruption in individual countries Italy Spain France Great Britain Chile Brazil Venezuela Paraguay and Mexico *Coming of the Spanish Civil War* Paul Preston, 2003-09-02 This classic text is made newly available in a substantially revised and updated second edition **Spain, 1914-1918** Francisco J. socialist and trade union organizations in particular the German Social Democratic Party and its affiliated unions the Labour movements in the United Kingdom and the French Socialists Spanish Civil War Paul Preston,2007-05-29 A comprehensive history that recounts the struggles of the Spanish Civil War in 1936 and the emergence of Francisco Franco as Spain's fascist dictator *Franco* Geoffrey Jensen,2005-04-30 Before becoming one of the longest ruling dictators of the twentieth century Francisco Franco commanded troops in the kinds of wars that have since become all too familiar He not only waged vicious counterinsurgency campaigns against Muslim warlords and defiant tribes in Morocco but he also led a multinational force to victory in Europe's dress rehearsal for World War II the Spanish Civil War Born into a military family in 1892 Francisco Franco first made a name for himself leading attacks against rebellious Moroccan warlords and tribesmen and by 1926 was promoted to brigadier general His role in the ruthless suppression of the 1934 revolution by coal miners in Asturias sealed his reputation for brutality although Franco saw it as simply carrying out an order in the most efficient manner possible In 1936 as head of Spain's formidable Army of Africa Franco joined a military revolt against the Popular Front government of the republic He quickly secured the support of Nazi Germany and Fascist Italy touching off more than two years of bloody civil war Within months of the war's outbreak he became generalissimo and head of state of the rebel camp and in 1939 Britain and France recognized him as the legitimate ruler of Spain He then outlasted fellow dictators Hitler and Stalin by decades dying in 1975 at the helm of the same regime he had established in Spain before the Second World War In this engaging and concise introduction to the generalissimo's life on and off the battlefield Geoffrey Jensen makes clear how Franco's military experiences helped shape the character of his dictatorship and its repressive policies
