Elizabeth's Rival Nicola Tallis,2019-08-13 Favorite foe rival this is a gripping tale of the countess who dared cross a queen amidst the dangerous intrigues of Elizabethan England land **Elizabeth's Rival** Nicola Tallis,2018-03-06 A kinswoman to Elizabeth I Lettice Knollys had begun the Queen s glittering reign basking in favor and success It was an honor that she would enjoy for two decades However on the morning of September 21st 1578 Lettice made a fateful decision When the Queen learned of it the consequences were swift Lettice had dared to marry without the Queen s consent But worse her new husband was Robert Dudley Earl of Leicester the Queen s favorite and one time suitor Though she would not marry him herself Elizabeth was fiercely jealous of any woman who showed an interest in Leicester Knowing that she would likely earn the Queen s enmity Lettice married Leicester in secret leading to her permanent banishment from court Elizabeth never forgave the new Countess for what she perceived to be a devastating betrayal and Lettice permanently forfeited her favor She had become not just Queen Elizabeth s adversary She was her rival But the Countess story does not end there Surviving the death of two husbands and navigating the courts of three very different monarchs Henry VIII Elizabeth I and Charles I Lettice s story offers an extraordinary and intimate perspective on the world she lived in *The English Wife* Lauren Willig,2018-01-09 Annabelle and Bayard Van Duyvil live a charmed life in New York but but then Bayard is found dead with a knife in his chest on the night of their Twelfth Night Ball Annabelle goes missing presumed drowned and the papers go mad Bay s sister Janie forms an unlikely alliance with a reporter to uncover the truth The English Historical Review ,1892

Medusa's Mirrors Julia M. Walker,1998 The question of selfhood in Renaissance texts constitutes a scholarly and critical debate of almost unmanageable proportions The author of this work begins by questioning the strategies with which male writers depict powerful women Although Spenser s Britomart Shakespeare s Cleopatra and Milton s Eve figure selfhood very differently and to very different ends they do have two significant elements in common mirrors and transformations that diminish the power of the female self

Unexpected Heirs in Early Modern Europe Valerie Schutte,2017-10-24 There were many surprising accessions in the early modern period including Mary I of England Henry III of France Anne Stuart and others but this is the first book dedicated solely to evaluating their lives and the repercussions of their reigns By comparing a variety of such unexpected heirs this engaging history offers a richer portrait of early modern monarchy It shows that the need for heirs and the acquisition and preparation of heirs had a critical impact on sixteenth and seventeenth century culture and politics from the appropriation of culture to the influence of language to trade and political alliances It also shows that securing a dynasty relied on more than just political agreements and giving birth to legitimate sons examining how relationships between women could and did forge alliances and dynastic continuities
