Ellas Games:

Ella's Games David Bedford, 2002 Ella the mouse must convince her brothers that she is able to play in the honeysuckle tub with them so she creates imaginative games to win their approval *Games and Play in the Theater of Spanish American Women* Catherine Larson, 2004 In the seventeen dramatic texts examined in this study women writers from Spanish America have self consciously incorporated games into their plays structures to highlight from a woman's perspective the idea that life as well as the theatre is a game Some dramas are so overtly about games that the word appears significantly in their titles Others reflect game playing in less direct ways or connect metatheatrical examinations of role playing to the ludic In every drama examined however a game of some sort plays a key role in the construction of the playtest By looking at the nature and number of the games played in these women authored dramas from the past fifty years we can see the ways in which play is used to effect social control and the connections between play and aggression gender history and politics In these representative dramas the theatre serves as a vehicle for encouraging audiences to think about if not act upon the issues that have shaped Spanish America Games rules winners and losers join together as the playwrights explore events and times of fundamental importance in the countries historical and political evolutions **Fool's Game** Heather Huffman, 2014-05-14 She walked away from her entire world to become one of the most feared symbols of the underworld but she can't seem to walk away from him At the request of the U S Government Caitlyn O'Rourke faked her death years ago only to be reborn as the Cat a deadly black ops agent tasked with doing the jobs that can't be done in the light of day Now on the verge of taking down a notorious drug lord and rescuing a captured fellow agent Cat is targeted for assassination from within As she attempts to uncover answers and stay alive she finds herself working alongside Cody Kingsley the mysterious senator who broke her heart and betrayed her long ago From the sultry streets of New Orleans to a secluded plantation in Ecuador to Washington DC Cat must elude an agent hell bent on her destruction while figuring out how high up the ladder the conspiracy reaches At the same time she must work through her tumultuous and conflicting emotions where both Cody and fellow agent Galloway who may or may not have her best interests at heart are concerned A thrill ride of emotions suspense and action Fool's Game intertwines matters of the heart and survival and the only thing certain is that Cat will never be the same Fool's Game is the eighth installment in the surprisingly warm and funny series The Throwaways twelve novels that don't shy away from the dark corners of this world but always shine the light of hope At the core of the series is a group of strong but often unlikely heroes and heroines coming from all walks of life whose lives intertwine as they fight for justice for love and to leave their indelible mark on this world Immerse yourself in a world of suspense laughter and love with The Throwaways **Ella** S. Ella Black was the elusive and enigmatic Pittsburgh baseball correspondent for The Sporting Life newspaper from March to November of 1890 Ella remains a mysterious figure beyond the 37 articles 94 000 words in this volume of the Sports She Wrote series After her final article she disappeared from journalism and her life story is unknown The Sporting Life with over 40 000 subscribers featured weekly reports from correspondents nationwide who often engaged in rivalry and mockery akin to modern social media posts Many of these comments directed at Ella are included in this volume As the newspaper's sole female correspondent Ella faced condescension and criticism even questioning her gender and competence However she fearlessly sparred with them sharing insights into players' lives and fans' sentiments shattering stereotypes about women's knowledge of sports Ella chose a pivotal season in which to write as many disaffected players abandoned the established major leagues and formed their own league in 1890 upsetting the status quo The National League the same one that exists today and the American Association which folded in 1891 were challenged by the upstart Players League also known as the Brotherhood League formed by the players themselves who banded together to fight the authoritarian dictates of the moguls who ran the other two leagues The Brotherhood only lasted one year during which Ella provided insightful coverage of its rise and fall Ella reported on the two teams in Pittsburgh The National League Alleghenies and the Players League Burghers Both teams had losing records with the Alleghenies posting one of the worst records of all time winning only 23 games and losing 113 Despite initial skepticism about her gender Ella met with players and executives and the renowned Hall of Fame sportswriter Henry Chadwick vouched for her authenticity as a woman who knew baseball Ella's writing reflects her love for baseball her commitment to journalistic integrity her belief in gender equality and her determination to prove herself in a male dominated field Her legacy as a pioneering sports journalist endures a testament to her resilience and dedication to breaking barriers in sports reporting Ella provides rare access to the female perspective on baseball in the 19th century She used her gender to her advantage managing to overhear gossip and obtain scoops revealed in her presence because the speakers assumed she was only a woman who would not understand what they were discussing Ella repeated this I know I am only a woman trope

passive aggressively in her articles when responding to the haughty men who questioned her gender and her baseball acumen The primary leader of the Players League was John Montgomery Ward a Hall of Fame player and a lawyer Much more about Ward his famous wife the actress Helen Dauvray and the formation and demise of the Players League can be found in the Sports She Wrote volume Helen Dauvray The Actress Who Loved Baseball Sports She Wrote is a 31 volume time capsule of primary documents written by more than 500 women in the 19th century The Tale of Ella and Cinder Rebecca Stonelake,2013-04 Duchess Ella Kiral has a new outlook on life She now has lifelong friends within the court and though her aunt and cousin tried their hardest the court looks upon her with favor However paradise can have its storms Now with her best friend leaving to marry and almost all of her court friends finding love Ella seems the odd one out Fate is often ironic though and when she begins to harbor feelings for a certain servant as well as the prince she finds herself caught in a tempest of emotions Does she choose the prince who is charming loyal surprising and acceptable Or does she forfeit her life as she knows it to choose the servant boy who is everything she ever wanted In the second installment of The Mosaic Tales Ella is falling in love Will she be able to handle her emotions alone Will she find love with the man of her dreams And how will she overcome the greatest challenge of all reconciling her heart s desire with the expectations of her class Join author Rebecca Stonelake for The Tale of Ella and Cinder Book Two and discover what adventures Ella gets into this time *Ella & Sebastian* Elizabeth Gregurich,Stacey Hendricks,2011-09 Ella Mortimer is a bright nine year old girl who happens to have leukemia Diagnosed at the age of six the long hospital visits chemotherapy blood transfusions bouts of nausea and lack of energy are taking a toll on Ella who is a realist by nature To cheer her up her mom Rebecca takes Ella and her siblings Chelsea and Miles on a vacation to Dreamcatchers an aged amusement park that has seen better days Once there Ella meets an intriguing boy named Sebastian who lives in the amusement park With the help of this strange boy and his many wonderful adventures Ella soon learns that there is more to life than just the facts and dreaming is every bit as important as the reality of her illness Ella Sebastian is based in part on the experience of Lydia a girl who was diagnosed with leukemia at the age of six Like Ella Lydia relapsed before her first round of treatments was completed and at times certainly needed a distraction from this disease We are delighted to announce that after five years of treatments Lydia has been in remission for over three years and is now focusing on being a teenager At Lydia s request a portion of the proceeds of this book will go to the Leukemia Lymphoma Society to continue their efforts to find a cure for leukemia and other blood diseases as well as the Children s Miracle Network whose local organization was essential in helping Lydia to fulfill her dreams while she was being treated because every child deserves to dream **Ella Morris** John David Morley,2014-09-25 Spanning the decades from WWII to the Yugoslav conflict Ella Morris is the story of a continent and of a woman torn between two men Born in Berlin on the eve of Hitler s rise to power Ella Andrzejewski escapes Soviet occupied europe and finds a safe haven in England Here she marries George Morris but falls passionately in love with a French student ten years her junior The ramifications of this

Changing How We Choose A. David Redish, 2022-12-06 The new science of morality that will change how we see each other how we build our communities and how we live our lives In *Changing How We Choose* David Redish makes a bold claim Science has cracked the problem of morality Redish argues that moral questions have a scientific basis and that morality is best viewed as a technology a set of social and institutional forces that create communities and drive cooperation This means that some moral structures really are better than others and that the moral technologies we use have real consequences on whether we make our societies better or worse places for the people living within them Drawing on this new scientific definition of morality and real world applications *Changing How We Choose* is an engaging read with major implications for how we see each other how we build our communities and how we live our lives Many people think of human interactions in terms of conflicts between individual freedom and group cooperation where it is better for the group if everyone cooperates but better for the individual to cheat Redish shows that moral codes are technologies that change the game so that cooperating is good for the community and for the individual Redish an authority on neuroeconomics and decision making points out that the key to moral codes is how they interact with the human decision making process Drawing on new insights from behavioral economics sociology and neuroscience he shows that there really is a new science of morality and that this new science has implications not only for how we understand ourselves but also for how we should construct those new moral technologies
