Tejas Verdes Fermin Cabal, 2013-07-29 We are not beggars I am not here for you to cast your pity at me like breadcrumbs tossed to a cripple Because I know you re listening to me and my voice won t be silent not yet Tejas Verdes Green Gables once a sea side resort was an infamous Chilean torture and detention centre during the early years following the Pinochet coup in 1973 Ferm n Cabal s humane and powerful play traces the life of a young woman who vanished one night in Santiago Beneath the tolling of the church bells her voice and the voices of those who share her story ring out with poetic beauty and overwhelming love **The Cambridge History of Spanish Literature** David T. Gies, 2004 Publisher Description [The Palgrave Handbook of Theatre Censorship](#) Anne Etienne, Graham Saunders, 2024-11-29 This book incorporates a wide theoretical cultural literary and historical engagement in exploring the tension between dramatic productions and the forms of censorship they encounter from creation to reception The Palgrave Handbook of Theatre Censorship offers global new insights into censorship practices examining attempts at repression motivated either by fears that audiences gathering together to watch live dramatic events will lead to sedition and mass uprisings or by moral or religious squeamishness requiring the establishment of institutional systems of censorship to curb or suppress the stage As such the Handbook aims to initiate redefinitions of what we understand or experience as censorship Who knew theatre could still carry so many threats or be so widely provocative and dangerous This is an extraordinary and often eye opening set of thirty six individually insightful wide ranging and oftentimes disturbing essays each of which offers unique insights into theatre censorship practices and their impact within a specific political and moral culture There is a particular emphasis on the recent and current and the authors speak with first hand knowledge and from direct experience not only about the restrictions but also how artists sometimes negotiate and evade these What makes the book so especially fascinating and illuminating is seeing so many examples juxtaposed together This enables the reader to hear the essays and the cultures talking to and alongside each other The collection repeatedly breaks fresh ground and the editors deserve enormous credit for gathering and effectively curating so many reports from the front line Steve Nicholson Emeritus Professor University of Sheffield UK Anne Etienne and Graham Saunders s book is a wide ranging incisive and compelling collection of reflections and case studies on the theatre industry s relationship to censorship and self censorship from a historical and contemporaneous perspective An impressive array of authors have been assembled for this volume representing among them views on the subject from Spain Denmark Norway Zimbabwe South Africa Germany Italy Indonesia Iran Portugal Turkey Brazil Japan Ireland Australia Russia England and more The book is by turns surprising in its curatorial and narrative design and wonderfully effective at delineating the complex and thorny paths that create socio political cultures where the censorship and self censorship of theatre artists thrives and or is efficaciously contested and rebelled against Of note is a through line of argument in the book around less overt modes of surveillance that police artists imaginations and thereby the

work they create and produce At a time in the world where many governments are increasingly seeking to limit artistic expression this book is a necessary reminder of the many freedoms that have been fought for in theatres around the globe and how the power of being unsilenced must never be taken for granted Caridad Svich Playwright Translator This is a truly excellent collection of incisive studies It is wide ranging impressively global in scope with an illuminating balance of the historical and the contemporary In its impressive and well realised ambition demonstrated by the well focused intelligence and academic flair of its many contributors this collection is both magisterial and vital It is an essential contribution to censorship studies fascinating and inspiring a must read for anyone interested in the subject Aleks Sierz Theatre critic and author of *Rewriting the Nation* British Theatre Today 2011 *Good Nights Out* A History of British Theatre Since the Second World War 2021

CRISANIUM Jorge Espinoza Reyes, 2014-07-30 Esta novela de ciencia ficción muestra un mundo supuestamente utópico que es dirigido por un grupo de personas que se hacen llamar a sí mismos magistrados la historia narra lo ocurrido después de la tercera guerra mundial un joven de 18 años llamado Jonathan Derxteim que junto a su amiga Natalie Winsly descubren lo que verdaderamente ocurrió en ello ven que la prosperidad que ellos creían no es más que una ilusión ya que durante la transición que ocurrió hay ciertas irregularidades como conspiración experimentos ilegales entre otros Mostrando así no solo un mundo tecnológico sino también los abusos de la ciencia y como esta puede ser usada para esclavizar a la gente además de salvarlos La historia en sí muestra como un pequeño grupo de marines se enfrasca en varias batallas contra los magistrados para liberar a la humanidad de su control y evitar que ellos obtengan el poder absoluto sobre el universo

Aión. Dani Català, 2019-07-28 Aión consciencia es el fundamento sobre el cual se da a conocer este nuevo universo en la escena de la Sci-Fi Un mundo donde todo está a tu alcance Descubrelo de la mano de Khaled en su camino a cumplir un cometido que nunca creyó posible Aión consciencia comienza narrando el desdicha vivida por Khaled un niño migrante empujado a la aventura de atravesar en patera junto a su padre y su tía las pocas millas que separan la orilla turca de alguna de las costas griegas en medio del mar Egeo Esta vivencia marcará el resto de su vida hasta su muerte e incluso después de esta Lo que comienza como un drama se convierte en un viaje hacia el interior de su persona con tal de comprender y cumplir el papel que se espera de él en el mundo al que ha despertado Una obra de ciencia ficción donde el protagonista tendrá que aprender a dominar los saltos en el espacio y los viajes en el tiempo con tal de salvarse a sí mismo y recuperar a la única persona que le queda Un viaje de descubrimiento personal donde hasta los sentimientos más oscuros son el motor para seguir adelante Reseña de la autora y bloguera Laura Mars Autora Es ciencia ficción accesible pero de las que hace pensar con un trasfondo de cuestionamiento moral muy adecuado La línea argumental es sólida y con sentido un básico de este género te lleva a explorar los límites de la realidad de una forma lo suficientemente cercana e intrigante
