

Eloisa To Abelard

In these deep solitudes and awful cells,
Where heav'nly-pensive contemplation dwells,
And ever-musing melancholy reigns;
What means this tumult in a vestal's veins?
Why rove my thoughts beyond this last retreat?
Why feels my heart its long-forgotten heat?
Yet, yet I love!--From Abelard it came,
And Eloisa yet must kiss the name.

Dear fatal name! rest ever unreveal'd,
Nor pass these lips in holy silence seal'd.
Hide it, my heart, within that close disguise,
Where mix'd with God's, his lov'd idea lies:
O write it not, my hand--the name appears
Already written--wash it out, my tears!
In vain lost Eloisa weeps and prays,
Her heart still dictates, and her hand obeys.

Relentless walls! whose darksome round contains
Repentant sighs, and voluntary pains:
Ye rugged rocks! which holy knees have worn;
Ye grotts and caverns shagg'd with horrid thorn!
Shrines! where their vigils pale-ey'd virgins keep,
And pitying saints, whose statues learn to weep!
Though cold like you, unmov'd, and silent grown,
I have not yet forgot myself to stone.
All is not Heav'n's while Abelard has part,
Still rebel nature holds out half my heart;
Nor pray'rs nor fasts its stubborn pulse restrain,

Nor tears, for ages, taught to flow in vain.

Soon as thy letters trembling I unclose,
That well-known name awakens all my woes.
Oh name for ever sad! for ever dear!
Still breath'd in sighs, still usher'd with a tear.
I tremble too, where'er my own I find,
Some dire misfortune follows close behind.
Line after line my gushing eyes o'erflow,
Led through a sad variety of woe:
Now warm in love, now with'ring in thy bloom,
Lost in a convent's solitary gloom!
There stern religion quench'd th' unwilling flame,

There died the best of passions, love and fame.

Yet write, oh write me all, that I may join
Griefs to thy griefs, and echo sighs to thine.

Eloisa To Abelard:

Eloisa to Abelard Alexander Pope, 2015-09-25 *Eloisa to Abelard* was a verse epistle by Alexander Pope that was based on a well known Mediaeval story and published in 1717 Its immediate fame resulted in a large number of imitations throughout the rest of the century and other poems more loosely based on its themes thereafter *Eloisa to Abelard* is an Ovidian heroic epistle inspired by the 12th century story of Heloise d'Argenteuil's illicit love for and secret marriage to her teacher Peter Abelard a famous Parisian philosopher some twenty years her senior After their affair and marriage her family took brutal vengeance on Abelard and castrated him following which he entered a monastery and compelled Heloise to become a nun Both then led comparatively successful monastic careers Years later Abelard completed the *Historia Calamitatum* History of misfortunes cast as a letter of consolation to a friend When it fell into Heloise's hands her passion for him was reawakened and there was an exchange of four letters between them written in an ornate Latin style In an effort to make sense of their personal tragedy these explored the nature of human and divine love *Eloisa to Abelard* Alexander Pope, 1751 ***Eloisa to Abelard*** Alexander Pope, John Hughes, 1965 *Eloisa and Abelard* Alexander Pope, 1803 ***Eloisa to Abelard*** James E. total contents Romantic Irony sets the broader experimental parameters of comparison by concentrating on the myriad expressions of irony as one of the major impulses in the Romantic philosophical and artistic revolution and by combining cross cultural and interdisciplinary studies with special attention also to literatures in less widely diffused language streams Romantic Drama traces creative innovations that deeply altered the understanding of genre at large fed popular imagination through vehicles like the opera and laid the foundations for a modernist theater of the absurd Romantic Poetry demonstrates deep patterns and a sharing of crucial themes of the revolutionary age which underlie the lyrical expression that flourished in so many languages and environments Nonfictional Romantic Prose assists us in coping with the vast array of writings from the personal and intimate sphere to modes of public discourse including Romanticism's own self commentary in theoretical statements on the arts society life the sciences and more Nor are the discursive dimensions of imaginative literature neglected in the closing volume Romantic Prose Fiction where the basic Romantic themes and story types the romance novel novella short story and other narrative forms are considered throughout Europe and the New World This enormous realm is seen not just in terms of Romantic theorizing but in the light of the impact of Romantic ideas and narration on later generations As an aid to readers the introduction to Romantic Prose Fiction explains the relationships among the volumes in the series and carries a listing of their tables of contents in an appendix No other series exists comparable to these volumes which treat the entirety of Romanticism as a cultural happening across the whole breadth of the Old and New Worlds and thus render a complex picture of European spiritual strivings in the late eighteenth and the nineteenth centuries a heritage still very close to our age
