Bravo! Guy Graybill,2008 The Italians were so busy creating and performing superb music that they neglected to tell the great epic story of their wondrous achievement With BRAVO we hope to tell that story The 1 000 year old story begins basically with the work of a humble monk from the city of Arezzo And this story has no ending If on one hand we will never know the music of the Egyptians of the Greeks and of the Romans on the other we have come to know and to enjoy the music of every composer from the 12th Century to the Present day thanks to Guido s invention of the musical scale As the story unfolds we are rewarded with the many convincing superlatives forever tied to Italian musical endeavors The first ten chapters deal with the Italian musical geniuses who theorized made superb instruments composed performed orchestrated conducted and sang for the enjoyment of listeners worldwide and the closing chapter gives a comprehensive look at the beautiful things that have happened in the Italian and American world of music While each page of BRAVO is full of surprising and fascinating details the title reminds us that the term BRAVO is reserved only for topnotch performances Book jacket
