Elura Art And Culture:

Elūra, Art and Culture T. V. Pathy, 1980 On the Buddhist Hindu and Jaina cave temples at Ellora Maharashtra

Unfolding A Maṇḍala Geri Hockfield Malandra, 1993-01-01 Ellora is one of the great cave temple sites of India with thirty four major Buddhist Hindu and Jain monuments of the late sixth to tenth centuries A D This book describes the Buddhist caves at Ellora and places them in the context of Buddhist art and iconography Ellora s twelve Buddhist cave temples dating from the early seventh to the early eighth centuries preserve an unparalleled one hundred year sequence of architectural and iconographical development They reveal the evolution of a Buddhist mandala at sites in other regions often considered peripheral to the heartland of Buddhism in eastern India At Ellora the mandala ordinarily conceived as a two dimensional diagram used to focus meditation is unfolded into the three dimensional program of the cave temples themselves enabling devotees to walk through the mandala during worship The mandala s development at Ellora is explained and its significance is considered for the evolution of Buddhist art and iconography elsewhere in India Ellora, Concept and Style Carmel Berkson, 1992 Water and Historic Settlements Yaaminey Mubayi, 2022-09-13 This book explores the manner in which human societies understood and managed scarce water resources Focusing on the arid rain shadow region of Marathwada it documents the panoramic history of this region s most important resource water It shows how water delineates the establishment of political authority marks the intersection of networks of trade and pilgrimage and is the bearer of identity through community memories The book foregrounds how as a material as well as a ritual and symbolic element water flows across the boundaries of caste sect and religion bringing communities together and linking the past with the present It not only analyses textual and archaeological sources but also focuses on oral narratives and their potential to provide consensual as well as alternative narratives of the historical and cultural landscape of Ellora Khuldabad Daulatabad It also shows how water has been framed in myriad forms in human history as a ritual allegorical element present in the myths and cosmology that order the sacred geography of pilgrimage centres as a physical tangible presence manipulated through human technology to sustain the population and finally as a subliminal driver for historic agency its often hidden underground presence underwriting the region s vitality over the past millennium A nuanced history of water over millennia this book will be of great interest to scholars and researchers of environmental history historical geography South Asian studies heritage studies and environmental studies *Narrative Art of South Indian Temples* G. Devotion in the Jain Caves at Ellora Lisa Owen, 2012-04-03 Drawing on art historical epigraphical and textual evidence this book is the first full scale reconstruction of medieval Jain artistic and devotional practices at the rock cut site of Ellora in Maharashtra India Created during the ninth and tenth centuries Ellora's Jain caves are among the best preserved examples of medieval Jain art in India While this book briefly addresses traditional art historical issues of date and iconography it primarily considers the articulation of sacred space within the caves and the role of imagery in shaping devotional practices Building upon scholarship that examines Jainism within its larger South Asian context this book also explores connections between the Jain monuments and their Hindu and Buddhist counterparts to reveal a lived religious world at Ellora *The Art of Ancient India* Susan L. Huntington, John C. Huntington, 2014-01-01 To scholars in the field the need for an up to date overview of the art of South Asia has been apparent for decades Although many regional and dynastic genres of Indic art are fairly well understood the broad overall representation of India's centuries of splendor has been lacking The Art of Ancient India is the result of the author's aim to provide such a synthesis Noted expert Sherman E Lee has commented Not since Coomaraswamy's History of Indian and Indonesian Art 1927 has there been a survey of such completeness Indeed this work restudies and reevaluates every frontier of ancient Indic art _ from its prehistoric roots up to the period of Muslim rule from the Himalayan north to the tropical south and from the earliest extant writing through the most modern scholarship on the subject This dynamic survey generously complemented with 775 illustrations including 48 in full color and numerous architectural ground plans and detailed maps and fine drawings and further enhanced by its guide to Sanskrit copious notes extensive bibliography and glossary of South Asian art terms is the most comprehensive and most fully illustrated study of South Asian art available The works and monuments included in this volume have been selected not only for their artistic merit but also in order to both provide general coverage and include transitional works that furnish the key to an all encompassing view of the art An outstanding portrayal of ancient India's highest intellectual and technical achievements this volume is written for many audiences scholars for whom it provides an up to date background against which to examine their own areas of study teachers and students of college level for whom it supplies a complete summary of and a resource for their own deeper investigations into Indic art and curious readers for whom it gives a broad based introduction to this fascinating area of world art Indian Book Industry, 1982-10 *Perspectives on History and Culture* Arvind Sharma, 1992 Material Culture Depicted in Vijayanagara Temples K. Reddeppa, 2000 The present book Material Culture Depicted in Vijayanagara Temples tries to cover the entire sculptural material and also paintings of the contemporary period Therefore the present book may justifiably claim completeness as far as material culture reflected in the sculptures and paintings is concerned This study of the life of the people under the Vijayanagara empire as depicted in the sculptures and paintings tries to bring out the elements of contemporary rich material culture and locate the contemporary plastic parallels and finally tries to corroborate the sculptural data with the accounts of contemporary travellers and literary one It is to be hoped that a

renewed interest in the Unique culture of the Vijayanagara period will develop and that this book will stimulate further scholarly interest on Vijayanagara art **Cultural Horizons of India** Lokesh Chandra,1990 **Iconography of the Hindu Temples in Marathwada** Bhagwan Shamrao Deshmukh,1987 **Perceptions of South Asia's Visual Past** Catherine Blanshard Asher,Thomas R.
