Bring a cultural studies toolkit to bear on the world's most interpreted text. The study of the Bible has adapted to the full range of analytical tools available to theologians, scholars and researchers of every stripe. The marriage between cultural studies and Biblical studies has been especially fruitful, increasingly producing rich and provocative engagements with Biblical texts and contexts. Students of the Bible stand to profit significantly from a volume which illustrates the value of cultural studies approaches by putting these theories into practice. *American Standard* meets the needs of these students with a series of lively essays working through cultural studies readings of specific Biblical texts. Drawing connections between the Bible and its modern settings, American popular culture and more, it balances theory with direct close reading to provide an accessible introduction to the vast and varied landscape of cultural studies. *American Standard* readers will also find an invaluable literature review of core cultural studies texts. Detailed analyses incorporating fantasy gaming, the films of Joel and Ethan Coen, American diet culture and more. An author with an extensive teaching and publishing history in cultural and Biblical studies, *American Standard* is ideal for advanced undergraduate or seminary students taking courses in biblical interpretation, American religion, critical theory or any related subjects.

Chapters: High Elves, Lizardmen, Vampire Counts, Skaven, Ogre Kingdoms, Dark Elves, Bretonnia, Chaos Dwarfs, Undead, Wood Elves, Hordes of Chaos, Orcs and Goblins, Tomb Kings, Armies of Warhammer, Kislev. Excerpt: In the fictional Warhammer Fantasy setting by Games Workshop, there are a number of different races and nations. The most important of these feature as individual armies in the Warhammer Fantasy Battle table top game. All of the featured human nations are based in the Old World, a throwback feudal nation that relies on its haughty knights, heraldry and their mysterious patron for military strength. It is similar to the French armies before the Hundred Years War, combined with a heavy dose of Arthurian Myth. Bretonnian armies rely on powerful charges from their many heavily armed and armoured knights in order to achieve victory. Bretonnian knights are arguably the best heavy cavalry in the game, along with being the most varied. Bretonnian armies can also contain cheap and expendable units of unskilled peasants to serve as fodder. The Elves were the third civilised race to walk the world, brought from creation by the Old Ones. The Elves showed an adeptness at magic. Torn asunder many thousands of years ago by a great civil war, there are three major nations of Elves. In the first edition of the game, there were two other Elven armies noted: the Sea Elves and the Night Elves. Sea Elves were essentially the Elves of the more practical and worldly Outer Kingdoms of Ulthuan, and the Night Elves are now considered
