Powell [Review]* Duncan Lunan,2018 *The Information Animal* Alicia Wanless,2025-05-22 Depending on the news you read new tools like AI will either save or destroy us But our response to emerging technology s unprecedented threats actually follows a pattern as old as civilisation From ancient Athens to COVID 19 social media to spam Alicia Wanless shows how humans have always consumed information whether accurate or not First a new technology changes how information is shared broadening its availability and accelerating how fast it travels Then as more people engage with this new content fresh ideas arise often challenging prevailing beliefs Some use the new tools to promote their views win power or simply profit adding to the mounting information pollution Competition and conflict follow We scramble in vain to control information flows and use of the new technology With democracies worldwide lurching from crisis to crisis knee jerk reactions to information conflict won t suffice What s needed is an understanding of our nature as information animals in a millennia long relationship with technology and of how a content saturated world impacts the political battle for hearts and minds **Diplomats at War** Charles Trueheart,2024-02-13 For two Americans in Saigon in 1963 the personal and the political combine to spark the drama of a lifetime Before it spread into a tragic war that defined a generation the conflict in Vietnam smoldered as a guerrilla insurgency and a diplomatic nightmare Into this volatile country stepped Frederick Fritz Nolting the US ambassador and his second in command William Bill Trueheart immortalized in David Halberstam s landmark work The Best

and the Brightest and accidental players in a pivotal juncture in modern US history Diplomats at War is a personal memoir by former Washington Post reporter Charles Trueheart Bill's son and Nolting's godson who grew up amid the events that traumatized two families and an entire nation The book embeds the reader at the US embassy and dissects the fateful rift between Nolting and Trueheart over their divergent assessments of the South Vietnamese regime under Ngo Dinh Diem who would ultimately be assassinated in a coup backed by the United States Charles Trueheart retells the story of the United States headlong plunge into war from an entirely new vantage point that of a son piecing together how his father and godfather participated in and were deeply damaged by this historic flashpoint Their critical rupture which also destroyed their close friendship served as a dramatic preface to the United States disastrous involvement in the Vietnam conflict Winner of the American Academy of Diplomacy Douglas Dillon Award      **Debunking Howard Zinn** Mary

Grabar, 2019-08-20 Howard Zinn's A People's History of the United States has sold more than 2.5 million copies It is pushed by Hollywood celebrities defended by university professors who know better and assigned in high school and college classrooms to teach students that American history is nothing more than a litany of oppression slavery and exploitation Zinn's history is popular but it is also massively wrong Scholar Mary Grabar exposes just how wrong in her stunning new book Debunking Howard Zinn which demolishes Zinn's Marxist talking points that now dominate American education In Debunking Howard Zinn you'll learn contra Zinn How Columbus was not a genocidal maniac and was in fact a defender of Indians Why the American Indians were not feminist communist sexual revolutionaries ahead of their time How the United States was founded to protect liberty not white males' ill-gotten wealth Why Americans of the Greatest Generation were not the equivalent of Nazi war criminals How the Viet Cong were not well-meaning community leaders advocating for local self-rule Why the Black Panthers were not civil rights leaders Grabar also reveals Zinn's bag of dishonest rhetorical tricks his slavish reliance on partisan history explicit rejection of historical balance and selective quotation of sources to make them say the exact opposite of what their authors intended If you care about America's past and our future you need this book

**Secrets and Lies in Vietnam** Panagiotis Dimitrakis, 2016-05-20 The Vietnam War lasted twenty years and was the USA's greatest military failure An attempt to stem the spread of Soviet and Chinese influence the conflict in practice created a chaotic state torn apart by espionage terrorism and guerilla warfare American troops quickly became embroiled in jungle warfare and knowledge of the other side's troop movements communication lines fighting techniques and strategy became crucial Panagiotis Dimitrakis uncovers this battle for intelligence and tells the story of the Vietnam War through the newly available British American and French sources including declassified material In doing so he dissects the limitations of the CIA the NSA the MI6 and the French intelligence the SDECE in gathering actionable intelligence Dimitrakis also shows how the Vietminh under Ho Chi Minh established their own secret services how their high-grade moles infiltrated the US and French military echelons and the government of South Vietnam and how Hanoi's intelligence apparatus eventually suffered

seriously from spies amongst us paranoia In doing so he enhances our understanding of the war that came to define its era
