Living in the Text Jeff Voth, Jesse Muller, 2025-02-04 What does it mean to be People of the Book Our faith in Jesus is founded on the written word of God but do we approach it as such Western Christian culture offers many so called spiritual helps words of wisdom one liners from catchy sermons videos and innumerable podcasts Although these can be helpful far too many Christians equate these sources to spending time with God Amid the prattle and movement of a fast paced distraction filled world this book is a call to return to the Bible slowly prayerfully with Jesus in the Spirit alongside other believers Sit walk and live with God in a vibrant way through his word Let s become a people of the book again By his Spirit the authors invite readers to live in the text with them

The Need for Words Patsy Rodenburg, 2023-07-13 As one of the world s leading voice coaches Patsy Rodenburg describes practical ways to approach language using Shakespeare Romantic poetry modern prose and a range of other texts to help each of us discover our own unique need for words In Part One Rodenburg attacks the myth that there is only one correct way to speak by clearing away the blocks that can make language inaccessible Part Two a series of language and text exercises connects the voice to the shape and quality of individual words and phrases Drawing on Rodenburg s time spent coaching in the worlds of business and politics this edition reflects on how the way we use words has changed since the book was first published It brings a renewed focus on the language of power spoken in the worlds of politicians and company directors This gives readers an insight into the potency of clear direct communication Language and text exercises provide readers with unmediated access to this new research allowing them to practice and master the language and words that drive the modern world Foreword by Antony Sher

Neuroscience and Religion Volney P. Gay, 2009-08-16 For religious persons the notion of human being is tied inextricably to the notion of God or the gods and turns on this question what is human being How did we with our almost infinite capacities for thought change and domination come to be Imbued with powers far beyond any other animal humans are too faulty to be considered gods themselves Yet the idea of God or the gods appears in all distinctive human cultures it names the other pole of human it designates a being who realizes perfectly our imperfectly realized nature With the rise of new sciences come ancient anxieties about how we should define human being In the nineteenth century electricity and magnetism fascinated experts and captivated the lay public In the twenty first century advances in neuroscience open up vast new possibilities of mimicking and perhaps emulating human being In this book twelve scholars and scientists ask what if anything distinguishes Brain from Mind and Mind from Self and Soul

Abingdon Theological Companion to the Lectionary Paul Scott Wilson, 2014-05-20 The Abingdon Theological Companion to the Lectionary begins with the conviction that Scripture speaks first and foremost to Christians now Its message engages

Christian belief and action in the present day While informed by the best in current biblical studies its commentary on the Scripture passages of the Revised Common Lectionary focuses on the questions of Christian life in the world that church members bring with them to worship Each entry seeks to answer the essential questions what does this passage say about the Gospel How does it speak to my encounter with God in Christ and my calling as a Christian in the world This volume is conceived as a companion to biblical and lectionary resources that preachers regularly employ It showcases theological matters that arise out of both the biblical texts in the lectionary and the church seasons and special days

Trinitarian Ontology and Israel in Robert W. Jenson's Theology Sang Hoon Lee, 2016-11-02 Can Christian theology overcome its long standing supersessionism without diluting its Trinitarian faith Can Christian faith remain genuinely Christian when it fails to recognize the covenantal significance of the Jews In his later career leading Trinitarian theologian Robert Jenson's theology moves in a post supersessionistic direction That said the conceptual nexus between his Trinitarian theology and his post supersessionism is not always patent on the surface of his texts In this book Lee traces the post supersessionistic development of Jenson's Trinitarian theology and uncovers the reasons why Jenson's Trinitarian theology sets out to embrace the existence of the Jews This book seeks to show that Jenson's revisionary historicized carnalized hermeneutical and eschatological Trinitarian ontology allows for genuine confession of the eternal triune God as the God of Israel and that it thereby lays a firm basis for a properly Christian post supersessionism

Embody Karoline M. Lewis, 2020-08-04 Pastors and other leaders feel trapped in systems and institutions where actions and decisions often seem to have little to do with the scripture they read or the theology they profess They are swept into leadership norms that resemble business models more than mission They see in others and sometimes recognize in themselves the disconnect between their own theology and their leadership They feel unable to fully integrate their beliefs with their behavior Many leaders younger ones especially are frustrated and disillusioned by this disconnect They see hypocrisy all around them and in themselves They see that our culture is at a critical juncture which gives ministry a greater sense of urgency But they want to do things differently to be what they believe They want to embody their Christian beliefs in every decision every act of ministry leadership The functional authority of scripture must be evident in the way church leaders lead both within the congregation and in the public square lead our churches The way we church leaders lead proves the bible does or does not matter In *Embody* Karoline Lewis shows how to frame leadership in the church and public square theologically and from the perspective of incarnation She shows how leadership can be a direct line between what you believe and what you do She incorporates examples of Jesus leadership and the Paraclete in the Gospel of John showing how leadership was achieved by walking beside *Embody* offers practical things for the reader to consider and do instruction and guidance for how to make the integration steps necessary in order to become an embodied leader and exploration of core components of embodied leadership
