Theodor Storm's Craft of Fiction Clifford A. Bernd, 2020-05-01 Bernd s study shows how Storm s Novellen are made purposeful by the operations of a fictional intelligence haunted by the fear of passing time The author challenges the traditional belief that Storm s narratives are products of a sentimental mind No other discussion of Storm s tales be it analysis of an individual narrative or collective treatment of several or all of them seeks to interpret them with such specific emphasis upon their fictional omniscient narrator This concentration on the fictional narrator also leads into a study of Storm

s subjective narrative form
