Emerald City Blues:

Emerald City Blues H. Lee Barnes, 2025-10-14 In the summer of 1942 Eve Halverson assumes her dead sister's identity and leaves behind her small town life in Washington for the promise of something new in San Pedro California Determined to support the war effort she takes a job at a boot factory stepping into an unfamiliar world of sweat steel and camaraderie Among the women on the factory floor she finds resilience laughter and unexpected friendships that begin to reshape her understanding of the world and herself But it's the quiet captivating dockworker and blues singer Hard Times H T who truly upends her life As Eve grows closer to H T she finds herself drawn into his world one filled with music longing and the ever present shadows of prejudice Their connection forces Eve to confront realities she'd never imagined challenging the boundaries of her own perceptions and the risks of crossing societal lines When Eve becomes a witness to a violent crime at a blues club her life takes a dangerous turn As she navigates the escalating threats she leans on the strength of her newfound friends and the fragile complex bond she shares with H T Set against the vibrant yet turbulent backdrop of World War II era California *Emerald City Blues* is a heartfelt coming of age story It explores the complexities of love the power of friendship and the courage it takes to forge your own path in an uncertain world Eve's journey is one of discovery not just of the world beyond her hometown but of the resilience and strength she never knew she possessed *Emerald City Blues* Jean Stewart, 1996 *Emerald City Blues* Cathryn Hankla, 2002 *Emerald City Blues* H. Lee Barnes, 2025-10-14 Set against the vibrant yet turbulent backdrop of World War II era California *Emerald City Blues* is a heartfelt coming of age story It explores the complexities of love the power of friendship and the courage it takes to forge your own path in an uncertain world *Romance Fiction* Kristin Ramsdell, 2012-03-02 A comprehensive guide that defines the literature and the outlines the best selling genre of all time romance fiction More than 2 000 romances are published annually making it difficult for fans and the librarians who advise them to keep pace with new titles emerging authors and constant evolution of this dynamic genre Fortunately romance expert and librarian Kristin Ramsdell provides a definitive guide to this fiction genre that serves as an indispensable resource for those interested in it including fans searching for reading material as well as for library staff scholars and romance writers themselves This title updates the last edition of *Romance Fiction A Guide to the Genre* published in 1999 While the emphasis is on newer titles many of the important older classics are retained keeping the focus of the book on the entire genre instead of only those titles published during the last decade Specific changes include new chapters on linked and continuing romances a new section on Chick Lit in the Contemporary Romance chapter an expansion of coverage on the alternative reality subset This is THE romance genre guide to have **Last Exposures** Cathryn Hankla, 2004 In this powerful poetic sequence wrought of deft tercets Cathryn Hankla navigates the slippery ever changing territory between art and life The death of the poet's father by car accident is the focal event for the collection and all the poems reflect the collision of the physical and transcendent Whether describing the abandoned nest of a Carolina

wren or the excavation of the Kennewick Man Hankla sounds a muted grief in these lines But with wit channeled through language and rhythm the poet keeps traveling forward by car and by camel from San Francisco to Spain with many stops between As she takes us with her finally off the map into regions of the interior we discover what is at once weighty and wondrous like ghostly snapshots left behind in a camera Everything and everyone who have carried Us to this place Only Thyme I pull you out by the roots fierce love But you still smell of thyme and lemon What were you thinking to die Instead of wintering after so many seasons Of spring shoots and new greening Surely your gnarled woody fibers Are more alive than they look Yet after patient weeks of rain nothing Grows except the cutting I potted A woolly patch dwarfed by purple basil Making space for new plants I pull up Withered stems baring your roots and The scent runs through me like music Pouring through a sieve Of consciousness leaving only this Only Thyme published in Last Exposures A Sequence of Poems by Cathryn Hankla Copyright 2004 by Cathryn Hankla All rights reserved

Power Moves Kyle Shelton, 2017-12-15 Since World War II Houston has become a burgeoning internationally connected metropolis and a sprawling car dependent city In 1950 it possessed only one highway the Gulf Freeway which ran between Houston and Galveston Today Houston and Harris County have more than 1 200 miles of highways and a third major loop is under construction nearly thirty miles out from the historic core Highways have driven every aspect of Houston's postwar development from the physical layout of the city to the political process that has transformed both the transportation network and the balance of power between governing elites

and ordinary citizens *Power Moves* examines debates around the planning construction and use of highway and public transportation systems in Houston Kyle Shelton shows how Houstonians helped shape the city's growth by attending city council meetings writing letters to the highway commission and protesting the destruction of homes to make way for freeways which happened in both affluent and low income neighborhoods He demonstrates that these assertions of what he terms infrastructural citizenship opened up the transportation decision making process to meaningful input from the public and gave many previously marginalized citizens a more powerful voice in civic affairs *Power Moves* also reveals the long lasting results of choosing highway and auto based infrastructure over other transit options and the resulting challenges that Houstonians currently face as they grapple with how best to move forward from the consequences and opportunities created by past choices

Media Ethics, an Aboriginal Film and the Australian Film Commission Thomas Donovan, Brody T. Lorraine, 2002 This is a very strong and persuasive even compelling narrative Donovan's argument is clearly presented well documented and convincing to the reader Moreover the writer is able to demonstrate that this is a very important and significant issue far greater than the question of a single film being scuttled The relative merit of the film is not the central issue of the case but rather the question of whether the merit was fairly and openly determined by Australian Film Commission personnel and procedures Emeritus Professor Donald Shea College of Letters and Science Department of Political Science University of Wisconsin Milwaukee December 1998

A Checklist of Some New Science Fiction Writers C. P. Stephens, 1994 **The Ellington Century** David Schiff, 2012-01-07 The Ellington Century is a wonderful journey through the world of music and art If you are already an aficionado of Ellington's music you will enjoy the author's informative and detailed analysis of the composer's work and musical influences If you are less familiar this book puts Ellington's music in perspective with the great classical composers of the twentieth century David Schiff's remarkable insight

into the historical and musical parallels between these composers is a delight to read and his references are vast from Schoenberg's *Pierrot Lunaire* and Stravinsky's *Agon* to television's *Sesame Street* Schiff writes with a sense of humor and an enthusiasm for Ellington's music that comes out on every page George Manahan Music Director American Composers Orchestra David Schiff points us forward observing that Ellington's music asks us to see with our ears and hear with our eyes Writing as a composer and scholar he has a gift for making complex ideas strikingly clear His insights move across a huge terrain of twentieth century culture as he builds bridges in his musical and cultural analysis where many have not seen a connection Yet each musical work each artist is given his or her equal due In this sense he has met the spiritual and cultural challenge of Ellington's life work Marty Ehrlich Composer Instrumentalist Associate Professor of Improvisation and Contemporary Music Hampshire College Feminist Bookstore News ,1996
