Elgar's Third Symphony Anthony Payne,2013-06-20 Elgar s Third Symphony has long been one of the great unknowns of twentieth century music Commissioned in 1932 by the BBC it appeared fragmentary and disorganized when Elgar died in 1934 A few months before his death he asked for his sketches to be destroyed saying that No one must tinker with it Yet he continued to talk about the Symphony even writing out passages that seem almost to be instructions for its completion In 1935 his great friend W H Reed published many of the sketches in facsimile allowing a tantalizing glimpse of the composer s final thoughts After much deliberation Elgar s heirs decided to commission the composer Anthony Payne to make a full length realization of the work first performed to great acclaim in February 1998 Payne s account of his long involvement with the Symphony s sketches is totally absorbing He explains the difficult decisions involved in filling the gaps that Elgar left and the responsibility that he felt in completing the last work of England s greatest composer Daniels' Orchestral Music David Daniels,David W.
