**30 Entrepreneurial Ideas for Asia** Georgina Tan, 2008

30 Entrepreneurial Ideas for Asia is a book that encapsulates the changing trends and faces of the Asia Pacific region enabling the budding entrepreneur to have options in his or her road ahead. The book works at capturing the sounds and sights of the region translating the opportunities into high potential small businesses with preferably good exit strategies. Ideas are kept nifty and business operations are tailored towards being profitable and self-sustaining in the shortest time possible. Other business growth concepts include constantly sanitizing the business value proposition, staying honest and taking extremely good care of the brand. These ideas are either inspired or an improvised version of existing businesses tailored for both developed and developing cities across Asia depending on the type of business. Though structured towards Asia, anyone can ride on this brainstorming and develop a love for entrepreneurship and think about your own life possibilities right here, right now. Readers will also get to read about entrepreneurial ideas such as the 10 eligible bachelors to 100 paying bachelorettes dating agency, concept, an emerging markets specialist art gallery, branded Asian inspired fashion line, and so forth.

**Language and Woman's Place** Robin Tolmach Lakoff, 2004-07-22

The 1975 publication of Robin Tolmach Lakoff's *Language and Woman's Place* is widely recognized as having inaugurated feminist research on the relationship between language and gender, touching off a remarkable response among language scholars, feminists, and general readers. For the past thirty years, scholars of language and gender have been debating and developing Lakoff's initial observations. Arguing that language is fundamental to gender inequality, Lakoff pointed to two areas in which inequalities can be found: language used about women, such as the asymmetries between seemingly parallel terms like master and mistress, and language used by women, which places women in a double bind between being appropriately feminine and being fully human. Lakoff's central argument that women's language expresses powerlessness triggered a controversy that continues to this day. The revised and expanded edition presents the full text of the original first edition along with an introduction and annotations by Lakoff in which she reflects on the text a quarter century later and expands on some of the most widely discussed issues it raises. The volume also brings together commentaries from twenty-six leading scholars of language, gender, and sexuality within linguistics, anthropology, modern languages, education, information sciences, and other disciplines. The commentaries discuss the book's contribution to feminist research on language and explore its ongoing relevance for scholarship in the field. This new edition of *Language and Woman's Place* not only makes available once again the pioneering text of feminist linguistics, just as important, it places the text in the context of contemporary feminist and gender theory for a new generation of readers.
