the twentieth century Robert Frost was the best loved poet in America He was our nation s bard simple and sincere accompanying us on wooded roads and articulating our hopes and fears After Frost s death these cliches gave way to equally broad though opposed portraits sketched by his biographers chief among them Lawrance Thompson When the critic Helen Vendler reviewed Thompson s biography she asked whether anyone could avoid the conclusion that Frost was a monster In Love and Need The Life of Robert Frost s Poetry Adam Plunkett blends biography and criticism to find the truth of Frost s life one that lies between the two poles of perception Plunkett reveals a new Frost through a careful look at the poems and people he knew best showing how the stories of his most important relationships heretofore partly told mirror dominant themes of Frost s enduring poetry withholding and disclosure privacy and intimacy Not least of these relationships is the fraught intense friendship between Frost and Thompson the major biographer whose record of Frost Plunkett seeks to set straight Moving through Frost s most important work and closest relationships with the attention to detail necessary to see familiar things anew Plunkett offers an original interpretation of Frost s poetry tracing Frost s distinctive achievement to an engagement with poetic tradition far deeper and more extensive than he ever let on Frost invited his readers into a conversation like the one he sustained with his literary forebears intimate and profound yet Frost kept his private self at a remove Here Plunkett brings the two together the poet and the poetry and draws us back into conversation with America s poet The South Carolina Review ,1990 **Texas Woman of Letters, Karle Wilson Baker** Sarah R. Jackson,2005 Karle Wilson Baker was the best known Texas poet of the early twentieth century Yet while many of her male contemporaries remain well known to Texas literature she is not Her energy and significant role in shaping the literature of Texas equaled those of Walter Prescott Webb or J Frank Dobie with whom she ranked as the first Fellows of the Texas Institute of Letters Her modern lifestyle as an independent new woman and her active career as a writer teacher and lecturer placed her among the avant garde of women in the nation although she lived in the small town of Nacogdoches She was a multi talented writer with a wide range of interests yet she championed Texas and the history and natural beauty of East Texas above all else Sarah R Jackson s thoroughly researched biography of Karle Wilson Baker introduces her to a new generation Baker s life also opens a window onto the literary times in which she lived and particularly the path of a woman making her way in the largely male dominated world of nationally acclaimed writers Beyond the literary insights this book offers Jackson spotlights developments in East Texas such as the discovery of oil and the founding of what would become Stephen F Austin State University in Baker s hometown Extensive work in a number of regional and state archives and interviews with many who remembered Baker allow Jackson to offer an account that is not only thorough but also lively and entertaining *The Collected Poems and Selected Prose* Stanley Burnshaw,2010-01-01 Stanley Burnshaw began to publish poems in the 1920s and founded his own verse journal in 1925 After serving as coeditor and drama critic of the New Masses weekly 1934 1936 he entered book publishing directing the Dryden Press until 1958 when he joined Henry Holt The first of his nineteen earlier

Take Arms Against a Sea of Troubles Harold Bloom, 2020-10-13. The great poems, plays, novels, stories teach us how to go on living. Your own mistakes, accidents, failures, at otherness beat you down. Rise up at dawn and read something that matters as soon as you can. So Harold Bloom, the most famous literary critic of his generation, exhorts readers of his last book, one that praises the sustaining power of poetry. Passionate. Perhaps Bloom's most personal work, this is a fitting last testament to one of America's leading twentieth-century literary minds. Publishers Weekly: An extraordinary testimony to a long life spent in the company of poetry and an affecting last declaration of Bloom's passionate and deeply unfashionable faith in the capacity of the imagination to make the world feel habitable. Seamus Perry, *Literary Review*: Reading this stirring collection testifies to helping in staying alive. Kirkus Reviews: starred review. This dazzling celebration of the power of poetry to sublimate death, completed weeks before Harold Bloom died, shows how literature renews life amid what Milton called a universe of death. Bloom reads as a way of taking arms against the sea of life's troubles, taking readers on a grand tour of the poetic voices that have haunted him through a lifetime of reading. High literature, he writes, is a saving lie against time, loss of individuality, premature death. In passages of breathtaking intimacy, we see him awake late at night reciting lines from Dante, Shakespeare, Milton, Montaigne, Blake, Wordsworth, Hart Crane, Jay Wright and many others. He feels himself edged by nothingness, uncomprehending but still sustained by reading. Generous and clear-eyed, this is among Harold Bloom's most ambitious and most moving books.

Library Journal, 1963. *Robert Frost* Lesley Lee Francis, 2017-09-29. In this volume Lesley Lee Francis granddaughter

of Robert Frost brings to life the Frost family's idyllic early years. Through their own words we enter the daily lives of Robert, known as RF to his family and friends, his wife Elinor, and their four children: Lesley, Carol, Irma, and Marjorie. The result is a meticulously researched and beautifully written evocation of a fleeting chapter in the life of a literary family. Taught at home by their father and mother, the Frost children received a remarkable education. Reared on poetry and nurtured on the world of the imagination and instructed in the art of direct observation, the children produced an exceptional body of writing and artwork in the years between 1905 and 1915. Drawing upon previously unexamined journals, notebooks, letters, and the little magazine entitled *The Bouquet*, produced by the Frost children and their friends, Francis shows how the genius of Frost was enriched by his interactions with his children. Francis depicts her grandfather as a generous, devoted, and playful man with a striking ability to communicate with his children and grandchildren. She traces the family's adventures from their farm years in New Hampshire through their nearly three years in England. This enchanting evocation of the Frost family's life together makes more poignant the unforeseen personal tragedies that would befall its members in later years.
