Elizabeth, Grand Duchess of Russia Hugo Mager,1998 An account of the life of the wife of the Grand Duke Serge of Russia and her role in the politics and personal intrigue of her day *Grand Duchess Elizabeth* Lioubov' Miller,2009-08

Grand Duchess Elizabeth of Russia, New Martyr of the Communist Yoke Lubov Millar,1995-12-01 The Court of the Last Tsar Greg King,2008-04-21 It was the most magnificent court in Europe a world of fairy tale opulence ornate architecture sophisticated fashion extravagant luxury and immense power In the last Russian imperial court a potent underlying mythology drove its participants to enact the pageantry of medieval Orthodox Russia infused with the sensibilities of Versailles against a backdrop of fading Edwardian splendor providing a spectacle of archaic ceremonies carefully orchestrated as a lavish stage upon which Nicholas II played out his tumultuous reign While a massive body of literature has been devoted to the last of the Romanovs The Court of the Last Tsar is the first book to examine the people mysteries traditions scandals rivalries rituals and riches that were part of everyday life in the last two decades of the Romanov dynasty It is as difficult for the twenty first century mind to imagine the pomp and splendor that accompanied the tsar and his family everywhere they went as it was for the simple Russian peasant toiling a thousand miles from St Petersburg This stunningly illustrated volume removes the mystery with more than a hundred black and white photos floor plans of the tsar's Winter Palace the Alexander Palace and the Grand Kremlin Palace a map of St Petersburg and plans of the imperial parks at Tsarskoye Selo and Peterhof This eye popping tour of hedonistic imperial Russia on the edge of oblivion draws on hundreds of previously unpublished primary sources including memoirs personal letters diary entries and official documents collected during author Greg King's fifteen years of research in Russia and elsewhere in Europe It invites you to experience dozens of extravagant ceremonies and entertainments attended only by members of the court exposes the numerous sexual intrigues of the imperial family including rape incest and brazen affairs and introduces many of the more than fifteen thousand individuals who made the imperial court a society unto itself Chief among these of course was Tsar Nicholas II He ruled an empire that stretched over one sixth of the earth's land surface but lacked according to one courtier both his father's inspiring presence and his mother's vibrant charm His wife Alexandra was a strong and passionate woman who never developed the social skills necessary to her rank Their wedding and the tsar's coronation are two of the most spectacular ceremonies described in this lavish volume Vetted with care by the last remaining members of the Russian imperial court The Court of the Last Tsar brings the people places and events of this doomed but unforgettable wonderland to vivid and sparkling life *Royal Maladies* Alan R. Rushton,2008 An intensive historical study of the hereditary diseases hemophilia and porphyria in the personal and political lives of the European royal families Part I Nineteenth century medical knowledge of hemophilia as a hereditary bleeding disorder will be considered Hemophilia appeared in a son born to Queen Victoria in 1853 Hemophilia was transmitted through Victoria's unaffected daughters to the ruling houses in Germany Russia and Spain

The political consequences of a chronically ill male heir to the throne fostered the demise of the royal families in these countries. The royal physicians were well aware of the hereditary nature of hemophilia and failed to advise the British royal family on this matter that had significant political consequences for the modern world. Part II: The Madness of King George III resulted from variegated porphyria, an inherited disorder of heme metabolism. The disorder was evident in the immediate family of George III. Ancestors from at least the 13th century descended into the 20th century. The malady was inherited by other ruling houses in continental Europe and affected political life there for over six centuries. Genetic analysis will consider how such an anomaly could have been inherited through so many successive generations. Preliminary DNA evidence will be considered to document variegated porphyria in living relatives of the British royal family. Alternate history if these disorders had not plagued the royal families will be considered in conclusion.

The Race to Save the Romanovs Helen Rappaport, 2018-06-26. In this international bestseller investigating the murder of the Russian Imperial Family, Helen Rappaport embarks on a quest to uncover the various plots and plans to save them, why they failed, and who was responsible. The murder of the Romanov family in July 1918 horrified the world, and its aftershocks still reverberate today. In Putin's autocratic Russia, the Revolution itself is considered a crime, and its anniversary was largely ignored. In stark contrast, the centenary of the massacre of the Imperial Family was commemorated in 2018 by a huge ceremony attended by the Patriarch of the Russian Orthodox Church. While the murders themselves have received major attention, what has never been investigated in detail are the various plots and plans behind the scenes to save the family on the part of their royal relatives, other governments, and Russian monarchists loyal to the Tsar. Rappaport refutes the claim that the fault lies entirely with King George V, as has been the traditional view for the last century. The responsibility for failing the Romanovs must be equally shared. The question of asylum for the Tsar and his family was an extremely complicated issue that presented enormous political, logistical, and geographical challenges at a time when Europe was still at war. Like a modern-day detective, Helen Rappaport draws on new and never-before-seen sources from archives in the US, Russia, Spain, and the UK, creating a powerful account of near misses and close calls with a heartbreaking conclusion. With its up-to-the-minute research, The Race to Save the Romanovs is sure to replace outdated classics as the final word on the fate of the Romanovs. **Debrett's**

This book presents the lives and accomplishments of 39 women rulers, not in name only but wielders of real power. Celebrated queens like Elizabeth I share equal space here with lesser-known monarchs like Giovanna I of Naples and Maria da Gloria of Portugal. The flamboyant, such as Christina of Sweden, contrast with the moralistic, like Maria Theresa of Austria. Each is the heroine of an often dramatic story involving dynastic interplay and court politics. The complex forces that have impeded or sparked the royal performances are detailed. **The**
