
AN ELIZABETHAN LAWYER'S
POSSESSION BY THE DEVIL

The Story of Robert Briggs

KATHLEEN R. SANDS

Elizabethan Lawyers Possession By The Devil

Richard Bagwell

Elizabethan Lawyers Possession By The Devil:

An Elizabethan Lawyer's Possession by the Devil Kathleen R. Sands, 2002-09-30 During April 1574 an aspiring London barrister named Robert Brigges was possessed by Satan For three weeks Brigges shouted raged and sobbed suffered from sensory deprivations and engaged in impassioned disputes with his invisible adversary Although Brigges s case was considered significant in its time it is virtually unknown today with modern scholars rarely mentioning and never analyzing it The case however is very unusual perhaps unique among English cases in its first person spontaneous highly detailed documentation of the afflicted person s experience and in its sociocultural details Sands challenges the prevailing notion that cases of early modern English demon possession occurred only among the socially impotent The manuscript sources of this episode published here for the first time bombard the reader with an accretion of detail that is never connected to any broad assertion of what really happened never connected to any larger historical significance It is this connection that Sands s study aims to establish through an analysis of the cultural context of Brigges s experience The case affords us a rare glimpse into the dark private unedited side of an intelligent articulate educated early modern mind A serious attempt to understand the workings of that mind requires us to understand and accept for the purposes of analysis the concepts that furnish it Only through this approach can we hope to bridge the cultural gap between that mind and ours thus experiencing even if only momentarily the common humanity of present and past *Demon Possession in Elizabethan England* Kathleen R. Sands, 2004-10-30 In October of 1563 18 year old Anne Mylner was herding cows near her home when she was suddenly enveloped by a white cloud that precipitated a months long illness characterized by sleeplessness loss of appetite convulsions and bodily swelling Mylner s was the first of several cases during the reign of Elizabeth I of England that were interpreted as demon possession a highly emotional experience in which an afflicted person displays behavior indicating a state of religious distress To most Elizabethans belief in Satan was as natural as belief in God and Satan s affliction of mankind was clearly demonstrated in the physical and spiritual distress displayed by virtually every person at some point in his or her life This book recounts 11 cases of Elizabethan demon possession documenting the details of each case and providing the cultural context to explain why the diagnosis made sense at the time Victims included children and adults servants and masters Catholics and Protestants frauds and the genuinely ill Edmund Kingesfielde s wife possessed by a demon who caused her to hate her children and to contemplate suicide was cured when her husband changed his irreverent tavern sign depicting a devil for a more seemly design Alexander Nyndge possessed by a Catholic demon that spoke with an Irish accent was cured by his own brother through physical bondage and violence Agnes Brigges and Rachel Pindar whose afflictions included vomiting pins feathers and other trash were revealed as frauds and forced to confess publicly their parents being imprisoned for complicity in the fraud All these cases attest to a powerful need to ascribe some moral significance to human suffering Allowing the sufferer to externalize and ultimately evict the demon as the cause of his or her affliction bestowed some

measure of hope no mean feat in a world with such widespread human distress **The Elizabethan Mind** Helen Hackett, 2022-07-12 The first comprehensive guide to Elizabethan ideas about the mind What is the mind How does it relate to the body and soul These questions were as perplexing for the Elizabethans as they are for us today although their answers were often startlingly different Shakespeare and his contemporaries believed the mind was governed by the humours and passions and was susceptible to the Devil's interference In this insightful and wide ranging account Helen Hackett explores the intricacies of Elizabethan ideas about the mind This was a period of turbulence and transition as persistent medieval theories competed with revived classical ideas and emerging scientific developments Drawing on a wealth of sources Hackett sheds new light on works by Shakespeare Marlowe Sidney and Spenser demonstrating how ideas about the mind shaped new literary and theatrical forms Looking at their conflicted attitudes to imagination dreams and melancholy Hackett examines how Elizabethans perceived the mind soul and self and how their ideas compare with our own Witchcraft and Masculinities in Early Modern Europe A. Rowlands, 2009-10-22 Men as accused witches witch hunters werewolves and the demonically possessed are the focus of analysis in this collection of essays by leading scholars of early modern European witchcraft The gendering of witch persecution and witchcraft belief is explored through original case studies from England Scotland Italy Germany and France **The Devil Within** Brian Levack, 2020-08-11 A fascinating wide ranging survey of the history of demon possession and exorcism through the ages In the sixteenth and seventeenth centuries the era of the Reformation thousands of Europeans were thought to be possessed by demons In response to their horrifying symptoms violent convulsions displays of preternatural strength vomiting of foreign objects displaying contempt for sacred objects and others exorcists were summoned to expel the evil spirits from victims bodies This compelling book focuses on possession and exorcism in the Reformation period but also reaches back to the fifteenth century and forward to our own times Entire convents of nuns in French Italian and Spanish towns thirty boys in an Amsterdam orphanage a small group of young girls in Salem Massachusetts these are among the instances of demon possession in the United States and throughout Europe that Brian Levack closely examines taking into account the diverse interpretations of generations of theologians biblical scholars pastors physicians anthropologists psychiatrists and historians Challenging the commonly held belief that possession signals physical or mental illness the author argues that demoniacs and exorcists consciously or not are following their various religious cultures and their performances can only be understood in those contexts Riveting and readable must reading for students of history psychology and religion Publishers Weekly Levack a distinguished historian of early modern witchcraft now sets exorcism in a long historical perspective providing the most comprehensive and scholarly overview of the theme yet published Peter Marshall Times Literary Supplement The English Exorcist Brendan C. Walsh, 2020-07-30 In 1598 the English clergyman John Darrell was brought before the High Commission at Lambeth Palace to face charges of fraud and counterfeiting The ecclesiastical authorities alleged that he had taught 4 to counterfeit demonic possession over a ten year

period fashioning himself into a miracle worker Coming to the attention of the public through his dramatic and successful role as an exorcist in the late sixteenth century Darrell became a symbol of Puritan spirituality and the subject of fierce ecclesiastical persecution The High Commission of John Darrell became a flashpoint for theological and demonological debate functioning as a catalyst for spiritual reform in the early seventeenth century English Church John Darrell has long been maligned by scholars a historiographical perception that this book challenges The English Exorcist is the first study to provide an in depth scholarly treatment of Darrell s exorcism ministry and his demonology It shines new light on the corpus of theological treatises that emerged from the Darrell Controversy thereby illustrating the profound impact of Darrell s exorcism ministry on early modern Reformed English Protestant demonology The book establishes an intellectual biography of this figure and sketches out the full compelling story of the Darrell Controversy Unfamiliar Selves in the Hebrew Bible Reed Carlson,2022-01-19 Spirit possession is more commonly associated with late Second Temple Jewish literature and the New Testament than it is with the Hebrew Bible In Unfamiliar Selves in the Hebrew Bible however Reed Carlson argues that possession is also depicted in this earlier literature though rarely according to the typical western paradigm This new approach utilizes theoretical models developed by cultural anthropologists and ethnographers of contemporary possession practicing communities in the global south and its diasporas Carlson demonstrates how possession in the Bible is a corporate and cultivated practice that can function as social commentary and as a means to model the moral self The author treats a variety of spirit phenomena in the Hebrew Bible including spirit language in the Psalms and Job spirit empowerment in Judges and Samuel and communal possession in the prophets Carlson also surveys apotropaic texts and spirit myths in early Jewish literature including the Dead Sea Scrolls In this volume two recent scholarly trends in biblical studies converge investigations into notions of evil and of the self The result is a synthesizing project useful to biblical scholars and those of early Judaism and Christianity alike **Bewitched and Bedeviled** K. Uszkalo,2016-01-18 Narratives of possession have survived in early English medical and philosophical treatises Using ideas derived from cognitive science this study moves through the stages of possession and exorcism to describe how the social religious and medical were internalized to create the varied manifestations of demon possession in early modern England Gothic Animals Ruth Heholt,Melissa Edmundson,2019-12-10 This book begins with the assumption that the presence of non human creatures causes an always already uncanny rift in human assumptions about reality Exploring the dark side of animal nature and the otherness of animals as viewed by humans and employing cutting edge theory on non human animals eco criticism literary and cultural theory this book takes the Gothic genre into new territory After the dissemination of Darwin s theories of evolution nineteenth century fiction quickly picked up on the idea of the animal within Here the fear explored was of an unruly defiant degenerate and entirely amoral animality lying mostly dormant within all of us However non humans and humans have other sorts of encounters too and even before Darwin humans have often had an uneasy relationship with animals which as Donna

Haraway puts it have a way of looking back at us In this book the focus is not on the animal within but rather on the animal with out other and entirely incomprehensible **Witchcraft and Hysteria in Elizabethan London** Michael MacDonald,1991 Reassesses and sets in its historical context Jorden s famous pamphlet In his introduction Michael MacDonald provides an analysis of the politics of credulity and scepticism in early modern England and Jorden s part in them *Mixed Motions* Aaron S. McCollough,2007 **Possession, Puritanism and Print** Marion Gibson,2015-10-06 Tells a story of injustice and passionate resistance to religious persecution in the last years of Queen Elizabeth s reign Through an analysis of a sensational series of demonic possessions and exorcisms this book highlights the existence of controversies in print in the late Elizabethan period of the kind that would one day lead to civil war **Elizabethan England** William Harrison,2022-08-01 In Elizabethan England William Harrison provides a comprehensive and enlightening account of the intricate tapestry of life during one of history s most fascinating epochs The book employs a vivid and engaging prose style that is both accessible to a general audience and rich with scholarly detail Harrison explores a wide range of topics including social customs politics economy and the arts grounding his narrative in the historical context of the late 16th century His observations on the cultural landscape reveal the profound ways in which the era of Queen Elizabeth shaped the national identity and laid the foundations for modern England William Harrison an esteemed chronicler of his time drew upon extensive personal experience and observation in producing this seminal work As a contemporary of Elizabeth I his firsthand insights and connections enable him to paint a remarkably accurate picture of the period Harrison s background as a historian and his keen interest in the dynamics of social change provide a narrative depth that enhances the reader s understanding of the complexities of Elizabethan society and governance Elizabethan England is an essential read for anyone interested in the intricate interplay of history and culture during a pivotal period Scholars students and history enthusiasts alike will appreciate Harrison s meticulous research and engaging style which bring to life the vibrant tableau of Elizabethan society The book not only enriches our understanding of historical events but also invites readers to reflect on their lasting influence on contemporary England **Choice** ,2005 Witchcraft and Magic in Europe, Volume 5 Marijke Gijswijt-Hofstra,1999-01-01 The end of the eighteenth century saw the end of the witch trials everywhere This volume charts the processes and reasons for the decriminalisation of witchcraft but also challenges the widespread assumption that Europe has been disenchanted For the first time surveys are given of the social role of witchcraft in European communities down to the end of the nineteenth century and of the continued importance of witchcraft and magic as topics of debate among intellectuals and other writers **American Book Publishing Record** ,2003 Books In Print 2004-2005 Ed Bowker Staff,Staff Bowker, Ed,2004 *Thomas Middleton: The Collected Works* Thomas Middleton,2010-03-25 Thomas Middleton is one of the few playwrights in English whose range and brilliance comes close to Shakespeare s This handsome edition makes all Middleton s work accessible in a single volume for the first time It will generate excitement and controversy among all

readers of Shakespeare and the English classics *The School World* ,1902 **Ireland under the Tudors** Richard
Bagwell,2020-08-04 Reproduction of the original Ireland under the Tudors by Richard Bagwell
