The Railroad Telegrapher, 1915

The Prison Called Hohenasperg Arthur D. Jacobs, 1999 Unknown to most Americans more than 10,000 Germans and German Americans were interned in the United States during WWII. This story is about the internment of a young American and his family. He was born in the U.S.A. and the story tells of his perilous path from his home in Brooklyn to internment at Ellis Island, N.Y. and Crystal City, Texas, and imprisonment after the war at a place in Germany called Hohenasperg. When he arrived in Germany in the dead of winter, he was transported to Hohenasperg in a frigid, stench-filled, locked, and heavily guarded boxcar. Once in Hohenasperg, he was separated from his family and put in a prison cell. He was only twelve years old. He was treated like a Nazi by the U.S. Army guards and was told that if he didn't behave, he would be killed. He tried to tell them he was an American, but they just told him to shut up. His fellow inmates included high-ranking officers of the Third Reich who were being held for interrogation and denazification. The book tells how the author survived this ordeal and many others and how he fought his way back to his beloved America.

Geographic Literacy Through Children's Literature Linda K. Rogers, 1997-09-15 Combining practical, student-centered activities with an annotated bibliography of more than 160 children's books, this guide models ways for classroom teachers to teach geography through children's literature. Chapters based on the five themes of the Geographic Standards present a variety of activities that teach students important geographic concepts. The extensive bibliography provides summaries of books, suggested teaching activities, and cross-references to other books. A list of teacher resources is also included. Attractive line drawings accompany the conversational text. Anyone looking for an effective way to teach geography at the elementary level will want this book, and middle and high school educators will find useful extensions for older students. The work offers a great way to integrate geography into the curriculum.

[The Twelve Days of Christmas in New York City](#), 2009 Emily writes a letter home each of the twelve days she spends exploring the five boroughs of New York City at Christmastime as her cousin Daniel shows her everything from a pigeon in a Central Park tree to twelve streamers twirling on New Year's Eve. Includes facts about New York City.

Recreating the Past Lynda G. Adamson, 1994-06-30 Spanning grades 1-10, this annotated bibliography of 970 recommended American and world titles published through early 1994 includes adult titles suitable for young readers. At least 200 of the titles are award winners. In support of interdisciplinary English and social studies curricula, librarians and teachers can easily assemble a basic list of books on a geographical place and time period. Geographical sections are divided into historical time periods within which entries are organized alphabetically by author. Each entry contains both reading and interest grade levels, a short incisive annotation about the historical event, setting, plot, protagonist, and theme, current publication availability, and awards won. Seven reference appendices allow for easy searching. These

helpful appendices and an authors a titles and an illustrators index help to make this volume a critical professional tool
