worked in a variety of states from Washington to North Carolina and from Texas to Massachusetts filling in those spans with time in Oklahoma Colorado Idaho Iowa Illinois and Virginia He brings this range of experience to this series of short stories and sketches of various old men their lives their problems and how they have met those problems These are fiction but they draw on actual experience Old age is a challenging time for old men and old women alike As more and more of us reach this challenging time we can profit from learning how others have met those challenges or failed to do so By the same token perhaps those who have not yet reached old age will find here some increased understanding for those who have Other books by Bryant H L Davis 1978 Confessions of an Habitual Administrator 2005 Book Review An eclectic collection of short fiction and poetry explores the challenges faced by men as they age The author now in his 80s begins with a prologue reminding readers that old age is neither a crime nor a sin but merely another stage of life with challenges and potential triumphs Reflecting on the fact that more and more people are living to advanced ages Bryant offers his work as a report on the road conditions from one who has traveled it to those coming up behind him Although his book has an explicitly didactic purpose this does not mean that the authors stories and poems are in any way moralizing nor do they offer easy solutions to the problems of old age such as aimlessness solitude pain or the possibility of an afterlife However its true that Bryants intention are not purely literary Although told with unusual stylistic concision and vigor only rarely marred by clichéd expressions such as references to wind sighing through the pine needles on a mountain slope or a spirited game of touch football these fictions do not aspire to aesthetic independence but rather aim at maximum clarity in representing common experiences In the process they reveal the authors deeply humane insight into a wide variety of human types ranging from retired businessmen to minor poets and academics to American Indians before the arrival of European settlers Although incidental to his main aims Bryants use of the variety of American geography and history also showcases his deep knowledge of these subjects thus providing another opportunity for readers to learn from this book What one storys narrator says about an old farmhand could equally be applied to the author of this collection We should treasure people like Stuart Wellborn people who know and love the land and who can tell its story Crisp quietly learned storytelling offers subtle insights into the experience of aging Kirkus Discoveries

Barcat Skipper Larry S. Chowning, 2008-08-19. Tangier Island lies in the Chesapeake Bay about midway between Tidewater Virginia and Virginia's Eastern Shore, about ten miles below the Maryland state line and about forty miles above Cape Charles. Since Tangier was settled nearly three hundred years ago, most of the men who have lived there have worked the water, and to a large extent that is still the case. Until recent years, the islanders lived in remote isolation. They were an independent lot, self-reliant and not infrequently rather eccentric. The tales in this collection are true. For the most part, they recount events in the life of Elmer Crockett, born on Tangier in 1903, who has shared with Mr. Chowning the reminiscences of his lifelong occupation as a waterman. A few of the stories involve earlier generations of Crocketts, and the accounts handed down have become part of the island lore. Sometimes two or more events have been woven together; sometimes names have been changed; a little poetic license has been taken, but all in all, the tales are a true mirror of life on Tangier Island. This is the real stuff, told by a natural-born storyteller, recorded by a sensitive reporter with an ear for the turn of phrase and the rhythm of the island speech. The *barcat* of the book's title refers to a workboat characteristic of the Tangier area: a small skipjack, usually 26 to 28 feet long with a catboat rig.
